* to the extent quantifiable

Note: The amount mentioned above may be subject to additional interest, rates or Penalties being levied by the concerned authorities for delay in making payment or otherwise.

For further details, please refer chapter “**Outstanding Litigation and Material Development**” beginning from page no. 214 of this Draft Red Herring Prospectus. Further, in addition to that, there could be other litigations & claims filed against the Company, Directors & Promoters which the Company may not be aware of as on the date of this Draft Red Herring Prospectus.

There can be no assurance that these litigations will be decided in favour of our Company, Directors, Promoters and Group Companies, respectively, and consequently it may divert the attention of our management and Promoter and waste our corporate resources and we may incur significant expenses in such proceedings and may have to make provisions in our financial statements, which could increase our expenses and liabilities. If such claims are determined against us, there could be a material adverse effect on our reputation, business, financial condition and results of operations. For the details of the cases please refer the chapter titled “**Outstanding Litigations and Material Developments**” on page 214 of this Draft Red Herring Prospectus.

2. *Dependence on Rented/Leased Premises for Business Operations*

Our company currently operates both its registered office and factory from rent and leased premises. Specifically, our registered office and factory is located at No. 229/3, Oil Mill Compound, Oil Mill Road Saitpalya, Lingarajapuram, Bangalore, Karnataka, India, 560084. As these facilities are not owned but taken on lease/rent, they present a potential risk to our business and, in turn, to our investors. For details related to premises taken on lease basis please refer the “Details of immovable property” in the section “Our Business” appearing on page no. 141 of this Draft Red Herring Prospectus.

The rent/leases on these premises may be terminated for reasons beyond our control, which could necessitate relocation or potentially even result in a temporary halt to our operations. Such relocation could lead to disruptions in business, additional expenditures, and challenges in securing new, suitable facilities on reasonable commercial terms within an acceptable timeframe, if at all. In some cases, new locations may come with higher rent or significant additional costs related to setup. Additionally, any unfavourable changes affecting the property rights, ownership, or development rights of the property owners, or any breach of lease terms, could disrupt our operations.

Any of these occurrences could have a material and adverse impact on our business continuity, financial condition, and operational results.

3. *There are certain discrepancies noticed in some of our corporate records relating to forms filed with the Registrar of Companies.*

We wish to draw attention to certain historical non-compliances by our Company in relation to the filing of e-Form PAS-3 for allotments of equity shares made on September 27, 2014, March 30, 2015 and May 7, 2021. In these cases, due to inadvertent errors, the nature of allotment was incorrectly reported in the respective PAS-3 filings, and incorrect documents were attached, resulting in non-compliances under Section 39 of the Companies Act, 2013. Although the Company has subsequently rectified the errors by filing revised PAS-3 forms on April 16, 2025, such rectification was made after a significant lapse of time. Further, an application for adjudication of the said non-compliances has been filed with the Registrar of Companies and the matter is currently pending. Any adverse order or penalty imposed in this regard may impact our Company's financials and/or reputation.

It is pertinent to note here that all the forms are approved by ROC. Further, if any such action is initiated by the regulatory authority, then the Company will have to abide by the order of such regulatory authority or pay any penalty that may be imposed by any regulatory authorities in future for non-compliance with provisions of corporate and other law which could impact the financial position of the Company to that extent. To streamline our compliance processes and prevent delays, our company has taken several corrective measures i.e. enhancement of internal monitoring systems, dedicated compliance personnel and engagement of compliance professionals. The Company has implemented a robust compliance framework, established periodic reviews of governing documents, plans to form a dedicated compliance committee, conduct training sessions for key personnel, comply with mandatory post-listing secretarial audits, and has appointed a company secretary to ensure future legal compliance and prevent noncompliance or delays.

4. *There have been some instances of delayed filing of returns and depositing of statutory dues with regulatory authorities.*

However, it cannot be assured, that there will not be such instances in the future or our Company will not commit any further delays or defaults in relation to its reporting requirements, or any penalty or fine will not be imposed by any regulatory authority in respect to the same. The occurrence of such event may cause a material effect on our results of operations and financial position. The nature of such delays does not necessitate compounding. As of date, the Company has not received any show cause notice or intimation from any of the statutory authorities in respect of the delayed filings. Accordingly, no compounding application is required to be made. However, the Company remains vigilant and is fully prepared to address any compliance-related matters should they arise. To streamline our compliance processes and prevent delays, our company has taken several corrective measures i.e. enhancement of internal monitoring systems, dedicated compliance personnel and engagement of compliance professionals

5. ***Our company's clientele comes from various Industrial Segments, such as, Power, Furnace, Water, Pump Manufacturing, Oil and Gas, Pharma, Steel, Renewable, Software, Transportation etc. and therefore any downturn in these industries may adversely affect the revenue and operating profit of our company.***

Our Company caters to a diverse range of industrial sectors, including Power, Furnace, Water, Pump Manufacturing, Oil and Gas, Pharmaceuticals, Steel, Renewable Energy, Software, and Transportation, among others. While this diversity provides a broad customer base, it also exposes us to risks associated with downturns in any of these industries. Economic slowdowns, regulatory changes, fluctuations in commodity prices, or geopolitical developments affecting these sectors may have a cascading impact on our operations. A downturn in key industries could lead to delayed or reduced project orders, cancellations, or lower capital expenditure, which would directly affect our revenues and profitability. Certain sectors such as Oil and Gas or Power are particularly sensitive to global demand shifts, environmental regulations, or technological changes, which may adversely impact the volume or profitability of our contracts. Additionally, the cyclical nature of several industries we serve may cause significant fluctuations in our revenues and margins. For instance, reduced demand for commodities in the Minerals sector or a slowdown in infrastructure development within the Transportation sector could result in fewer business opportunities. Similarly, industry-specific regulatory changes, such as stricter compliance requirements in Food Processing or Pharmaceuticals, could increase costs or delay projects. Consequently, any adverse developments in the industries we cater to may create operational challenges and adversely impact our financial performance. Our ability to diversify projects and effectively manage risks across multiple industries is therefore critical to sustaining stable and long-term growth.

6. Our business is substantially dependent on certain key customers, from whom we derive a significant portion of our revenues. The loss of any significant customer may have a material and adverse effect on our business and results of operations.

Our business is substantially dependent on a limited number of customers, and the loss of, or a significant reduction in orders from, any of these customers could materially and adversely affect our business, financial condition, and results of operations. Revenues from particular customers may fluctuate significantly from period to period depending on the nature, size, and implementation schedule of ongoing orders. For the financial years ended March 31, 2025, March 31, 2024, and March 31, 2023, our top ten customers accounted for approximately 64.99%, 46.41%, and 53.74% of our revenue from operations, respectively. Such dependence on a few customers increases our exposure to individual contract risks, pricing pressures, and potential volatility in financial performance.

Our success is closely linked to the strength of our relationships with these customers, built on timely execution, quality delivery, and sustained engagement. However, there can be no assurance that our key customers will continue to place similar or repeated orders with us in the future, or that they will make timely and complete payments. Adverse market conditions, customer-specific circumstances, or failure to achieve expected margins in respect of one or more contracts may adversely impact our business.

While we are focused on diversifying our customer base by attracting new clients and encouraging existing customers to increase their engagement with us, the ability of our sales and marketing network to achieve this remains critical to our growth. We have developed a dedicated marketing and research team to expand our reach, and our long-standing customer relationships demonstrate our commitment to quality and strong designing and tooling capabilities. Nonetheless, continued reliance on a few customers for a substantial portion of our revenue remains a key risk for our Company.

7. Our Company had negative cash flow in recent fiscals, details of which are given below. Sustained negative cash flow could adversely impact our business, financial condition and results of operations.

The detailed break up of cash flows is summarized in below mentioned table and our Company has reported negative cash flow in certain financial years:

Particulars	31-03-2025	31-03-2024	31-03-2023
Net cash generated/(used) from operating activities	80.69	302.38	615.21
Net Cash generated/(used) from investing activities	(42.87)	7.44	(575.64)
Net Cash generated/(used) from financing activities	81.56	(247.68)	(37.88)
Net increase/(decrease) in cash and cash equivalents	119.38	62.14	1.69

There can be no assurance that our net cash flows shall be positive in the future. Any negative cash flows in the future over extended periods, or significant negative cash flows in the short term, could materially impact our ability to operate our business and implement our growth plans. As a result, our cash flows, business, future financial performance and results of operations could be materially and adversely affected. For further details, see “**Financial Statements as Restated**” beginning on page 164 of this Draft Red Herring Prospectus.

8. The company’s business is dependent on certain suppliers and the loss of one or more of them would have a material adverse effect on the business.

A substantial portion of our purchases is dependent on a limited number of suppliers. For the financial years ended March 31, 2025, March 31, 2024 and March 31, 2023, our top ten suppliers accounted for approximately 43.49%, 50.38% and 51.41% of our total purchases, respectively. We have not entered into long-term contracts with these suppliers, and raw material prices are generally based on quotations received from time to time. Any inability to obtain raw materials of the required quality, in adequate quantities, and in a timely manner could materially and adversely affect our operations, financial condition, and profitability.

Further, discontinuation of supply, failure to adhere to delivery schedules, or any capacity constraints or shortages faced by our suppliers could disrupt our implementation timelines and impact our business. Since our suppliers are not contractually bound to deal with us exclusively, there can be no assurance that they will continue to supply us on reasonable terms, or that they will not extend more favorable terms to our competitors. In the event we are unable to secure sufficient quantities of raw materials at acceptable quality, prices, and timelines, our business, results of operations, and cash flows may be adversely affected.

- 9. *Disruptions or failures in our information technology systems could adversely impact our operations. Further, changes in technology may render our existing systems, plant, or machinery obsolete or require us to make significant capital investments for upgradation.***

Timely modernization and technology upgradation are essential to maintain efficiency, reduce costs, and remain competitive. Any delay in adopting new technology or upgrading our machinery may hamper our operations, financial condition, and competitiveness. Although we believe that the likelihood of rapid technological innovation in our sector is limited, we remain exposed to the risk of having to adopt new technologies or upgrade existing equipment in the event of significant advancements in industrial equipment manufacturing. Such modernization or upgradation may involve substantial costs, which could materially affect our financial performance and results of operations. For further details, please refer to the section titled “Our Business” beginning on page 106 of this Draft Red Herring Prospectus.

- 10. *Our insurance coverage may not be adequate to protect us against certain risks, which could adversely affect our business, results of operations and financial condition.***

We maintain insurance policies to cover certain assets and operations, including vehicles, buildings, and employee-related liabilities, with the objective of safeguarding our business from potential losses. However, no insurance coverage can provide complete protection. Certain risks such as natural disasters, unforeseen operational disruptions, or extraordinary events may not be covered under our policies, or may exceed the applicable coverage limits. In addition, there can be no assurance that claims under our policies will be honored, processed promptly, or paid in full by insurers.

In the event of a significant uninsured loss, or a claim exceeding the limits of our insurance coverage, our liquidity, financial stability, and business operations could be adversely impacted. Any such event may also impair asset values and adversely affect investor confidence. Accordingly, inadequate insurance coverage or delays in claim recovery may materially and adversely affect our business, financial condition, and results of operations. For further details, please refer to the section titled “Insurance” under the chapter “Our Business” beginning on page 106 of this Draft Red Herring Prospectus.

- 11. *Our inability to manage our inventory and foresee accurate demand for our products for a future period may adversely affect our reputation, business, results of operation and our financial performance.***

The estimations on demands of our products are typically based on our projections, inventory levels, our understanding of the anticipation of consumption and spending by our consumers. If we overestimate demand for our products, we may face difficulty on storage of such products due to lower shelf life and complications with respect to storage of perishable products. Further, if we are unable to provide our products to our consumers due to any disruptions of our manufacturing facilities or shortage of raw materials, we may incur the risk of customers choosing other products over our products. While we closely monitor our inventory requirements for our product, we may be exposed to various risks including the aforementioned risks. All of these factors could adversely affect our reputation, business, results of operation and our financial performance.

- 12. *Our operations are dependent on high working capital requirements, and any inability to secure sufficient working capital may adversely affect our business, results of operations, and financial condition.***

Our business requires significant working capital, a major portion of which is deployed towards trade receivables and inventories. As of March 31, 2025, March 31, 2024, and March 31, 2023, our trade receivables were ₹1,592.56 lakhs, ₹1,077.50 lakhs, and ₹1,133.65 lakhs, respectively, while our inventories stood at ₹464.12 lakhs, ₹657.74 lakhs, and ₹794.65 lakhs, respectively. The results of our operations are highly dependent on our ability to effectively manage these receivables and inventories.

To manage trade receivables efficiently, we must accurately assess the creditworthiness of our customers and structure appropriate payment terms. Failure to do so may lead to delays in collections, write-offs, or bad debts, resulting in a liquidity crunch. Such liquidity pressures may, in turn, increase our reliance on working capital borrowings and lead to higher finance costs, thereby adversely impacting profitability. Further, our inability to realize receivables in a timely manner or to liquidate inventory efficiently may restrict our ability to maintain sales levels, which could negatively affect our overall financial performance.

If we are unable to generate sufficient cash flows or secure adequate funding through credit facilities or other sources to meet our working capital requirements and debt obligations, our business, financial condition, and results of operations may be materially and adversely affected. For further details regarding our working capital requirements, please refer to the section titled “Objects of the Issue” on page 74 of this Draft Red Herring Prospectus.

13. We are subject to government regulation, and failure to obtain, maintain, or renew statutory and regulatory approvals may adversely affect our business and results of operations.

Our business operations are subject to various central, state, and local government regulations, and we are required to obtain, maintain, and periodically renew several statutory and regulatory licenses, permits, and approvals. For further details, please refer to the section “**Government and Other Approvals**” on page 219 of this Draft Red Herring Prospectus. Some of these approvals are valid only for a limited period and require renewal upon expiry, while others are subject to conditions and ongoing compliance requirements. Although we have applied for certain amendments, there can be no assurance that the requisite approvals will be granted to us in a timely manner, or at all.

Any delay, failure, or inability to obtain, maintain, or renew such approvals may result in regulatory action, penalties, suspension, or revocation of licenses, and could disrupt our operations. Furthermore, any changes in applicable laws, regulations, or conditions governing our business could require additional approvals, increase compliance costs, or subject us to new liabilities. Any such events may materially and adversely affect our business, financial condition, and results of operations.

14. The average cost of acquisition of Equity Shares by our Promoters is lower than the Issue Price.

Our Promoters average cost of acquisition of Equity Shares in our Company is lower than the Issue Price of the shares proposed to be offered through this Draft Red Herring prospectus. For Details regarding average cost of acquisition of Equity Shares by our Promoters in our Company, please refer the table below:

Name of the Promoter	No. of Equity Shares Held	Avg. Cost of Acquisition (In ₹ per Equity Share)
Paramashivam Deiveekan	41,24,945	0.91
Suma Deiveekan	27,50,000	0.91

15. We are dependent on Promoters, directors and key managerial personnel of our Company for success whose loss could seriously impair the ability to continue to manage and expand business efficiently.

Our Promoters, Directors, and Key Managerial Personnel collectively possess significant industry experience and are integral to the growth and success of our Company. Their expertise enables us to take informed business decisions and pursue future opportunities effectively. Accordingly, our performance is substantially dependent on the continued services and guidance of our Promoters, senior management, and other key personnel. The loss of any such individual, or the inability to retain or replace them in a timely manner, could adversely affect our operations, financial condition, and business prospects. Efficient retention and management of human resources remain critical to our business expansion. While we strive to maintain a supportive work environment and focus on attracting and retaining skilled professionals at senior and mid-management levels, there can be no assurance that we will be able to retain such talent, and any failure in this regard may have a material adverse effect on our business, operations, and profitability.

16. We operate in a highly competitive industry, and our inability to compete effectively with existing or new competitors may adversely affect our business, financial condition, and results of operations.

We operate in an industry characterized by intense competition and face significant competitive pressures from both domestic and international players in the markets where we operate. Some of our existing and potential competitors may enjoy stronger brand recognition, longer operating histories, larger product portfolios, lower cost structures, or greater financial, technological, research, distribution, and marketing resources compared to us. They may also benefit from better access to capital or more experienced management teams.

Our competitors may adopt aggressive pricing strategies, expand their product offerings, or enter into strategic alliances, joint ventures, or acquisitions to strengthen their market presence. In such cases, we may be required to lower our prices or increase spending on product development, sales, and marketing in order to remain competitive, which could adversely impact our margins and profitability. Additionally, our competitors’ ability to devote greater resources to marketing, advertising, endorsements, and promotional activities may enable them to influence customer preferences more effectively and capture a larger share of the market.

Moreover, new competitors may enter the industry at any time, intensifying competitive pressures. As a result, we may experience slower growth, reduced demand for our products and services, pricing pressure, erosion of market share, and declines in revenue and profitability, any of which could materially and adversely affect our business and operations.

17. *We majorly sell our products in Karnataka, Tamil Nadu and Delhi and any adverse developments affecting our operations in these regions could have an adverse impact on our revenue and results of operations.*

We majorly sell our products in the state of Karnataka. For the financial year March 31, 2025, March 31, 2024 and March 31, 2023, our sales in Karnataka were 63.13%, 58.34% and 66.56% respectively. Such geographical concentration of our business in these regions heightens our exposure to adverse developments related to competition, as well as economic and demographic changes in these regions which may adversely affect our business prospects, financial conditions and results of operations. Factors such as competition, culture, regulatory regimes, business practices and customs, industry needs, transportation, in other markets where we may expand our operations may differ from those in which we are currently offering. In addition, as we enter new markets and geographical areas, we are likely to compete not only with national players, but also local players who might have an established local presence, are more familiar with local regulations, business practices and industry needs, have stronger relationships with local distributors, dealers, relevant government authorities, and are in a stronger financial position than us, all of which may give them a competitive advantage over us. Our inability to expand into areas outside Karnataka, Tamil Nadu and Delhi market may adversely affect our business prospects, financial conditions and results of operations.

18. *Our revenues are highly dependent on clients located in India. Any decline in the economic health of India could adversely affect our business, financial condition and results of operations.*

We majorly sell our products and services to clients located in India. For the financial year ended March 31, 2025, March 31, 2024 and March 31, 2023, our total sales in India were 99.39%, 99.82% and 97.20% respectively of our total revenue from operations. If the economic conditions of India become volatile or uncertain or the conditions in the financial market were to deteriorate, especially in recent times due to the COVID19 pandemic, or if there are any changes in laws applicable to our services and operations or if any restrictive conditions are imposed on us or our business, the pricing of our services may become less favourable for us. Further, our clients located in these geographies may reduce or postpone their spending significantly which would adversely affect our operations and financial conditions. Any reduction in spending on third party logistic services may lower the demand for our services and negatively affect our revenues and profitability.

19. *We have only one factory.*

Our Factory is located at No. 229/3, Oil Mill Compound, Oil Mill Road Saitpalya, Lingarajapuram, Bangalore, Karnataka, India, 560084. As a result, any local social unrest, natural disaster, or breakdown of services and utilities in that area could have a material adverse effect on the business, financial position, and results of our operations. Our factory is subject to operating risks, such as the breakdown or failure of equipment, power supply or processes, performance below expected levels of output, efficiency, obsolescence, labour disputes, strikes, lock-outs etc. In the event that we are forced to shut down our manufacturing facility for a significant period of time, it would have a material adverse effect on our earnings, our other results of operations, and our financial condition as a whole.

20. *We cannot assure that our projects will be free from defects, which may adversely affect our business, financial condition, results of operations, and prospects.*

In the course of our operations, our projects may encounter faults or deficiencies arising from factors including design-related issues. Such defects often require revisions or modifications to our designs and engineering, which may result in increased interest costs due to delays, higher operational costs for additional work, and further expenditure on external consultants for design assistance. These issues may also lead to delays in the estimated project completion schedule, which is dependent on clients granting extensions of time.

We cannot assure that our projects will be free from all defects. If the work undertaken is not satisfactory to the client, it may need to be redone as per the client's instructions without additional cost. There can be no assurance that any cost escalation or additional liabilities will be fully offset by amounts recoverable under guarantees, indemnities, or insurance policies maintained by us. Further, we cannot guarantee that clients will permit revised completion schedules as necessary, and failure to meet contract timelines may result in breach of contract.

In the event of discovery of defects or faults in our work, or damages due to factors beyond our control, we may incur significant contractual liabilities and losses under our project agreements. Such issues may materially and adversely affect our financial performance and results of operations, and may also result in loss of goodwill and reputation, impacting our business prospects.

21. *The success of our business strategy depends on our ability to strengthen our reputation and expand our product portfolio. Failure to maintain or enhance our reputation and consumer trust may materially and adversely affect our business.*

Our reputation and market perception are among our most valuable assets, as they influence consumer preference for our products over those of competitors. Strengthening our reputation through various initiatives, including promotional schemes and direct marketing, forms a key part of our business strategy. In existing and new markets, consumers may be unfamiliar with our company and our offerings, requiring us to invest more heavily in advertising and promotional activities than originally anticipated.

We face, and will continue to face, competition from players who are already well-recognized in certain markets. Our ability to successfully market our products will also depend on how effectively we adapt to rapidly evolving consumer preferences and competitive dynamics. If we are unable to maintain, enhance, or expand our reputation, consumer confidence in our company and our offerings could decline, which may adversely impact product sales, financial condition, cash flows, and results of operations.

22. *Our actual results could differ from the estimates and projections used to prepare our financial statements.*

The estimates and projections are based on and reflect our current expectations, assumptions and/or projections as well as our perception of historical trends and current conditions, as well as other factors that we believe are appropriate and reasonable under the circumstances. There can be no assurance that our expectations, estimates, assumptions and/or projections, including with respect to the future earnings and performance will prove to be correct or that any of our expectations, estimates or projections will be achieved.

23. *Our business is dependent on authorizations from third-party companies, and any modification, suspension, or termination of these arrangements could adversely affect our operations and financial performance.*

We operate as an authorized channel partner, distributor, system integrator, or solution provider for various companies. These authorizations enable us to distribute, market, promote, and provide support for their products within specified regions. However, these arrangements are generally subject to the discretion of the respective principals and may be modified, suspended, or terminated at any time. The continuation of these authorizations depends on factors such as compliance with the principals' policies, performance standards, and market strategies, many of which are beyond our control. In the event that any of these authorizations are not renewed, or are revoked, suspended, or otherwise altered, we may lose the rights to sell or service certain products, which could materially and adversely affect our business, financial condition, results of operations, and growth prospects.

24. *Our operations are labour-intensive, and our business is dependent on skilled engineers; any shortage, strike, or disruption in the workforce could adversely affect our operations and financial performance.*

Our operations are labour-intensive and rely heavily on a skilled engineering workforce, which is critical for project execution in the automation industry. Any shortage of qualified engineers, strikes, work stoppages, or increased wage demands—whether within our company or among our suppliers—could disrupt project timelines, increase operational costs, or affect the quality of our deliverables.

While we have historically managed our workforce effectively and maintain arrangements to access labor from multiple locations on a contractual basis, there can be no assurance that we will be able to avoid labour-related disruptions in the future. Any such disruption or inability to recruit and retain skilled engineers may materially and adversely affect our business, results of operations, and financial performance.

25. *Our operations are exposed to risks of accidents or mishaps, which could result in damage, loss of life, or disruption to our business.*

Our business activities involve operational risks, including accidents, equipment failure, power supply interruptions, labour disputes, natural disasters, and other force majeure events beyond our control. The occurrence of any such events could adversely affect our operations, financial condition, and results of operations. Extended disruptions

may also lead to a loss of customers or delays in project execution. While we implement measures to minimize operational risks at our sites, there can be no assurance that such disruptions will not occur in the future.

During project execution and maintenance, we may encounter unforeseen risks or events that may not be fully covered by our insurance. Inadequate insurance coverage may result in losses or damages to life and property, and consequential financial impacts on our business. Furthermore, even in cases where we are fully insured or not held liable, any accident or mishap causing damage or loss of life could adversely affect our reputation, making it more challenging to carry out operations effectively, potentially impacting our order book, future insurance availability, and financial performance.

26. *Our business could be adversely affected by employee misconduct or errors, which may impact our financial condition, results of operations, and reputation.*

Employee misconduct or errors may expose us to operational risks, regulatory sanctions, legal claims, or other liabilities, and could cause significant harm to our reputation and goodwill. There can be no assurance that such misconduct or errors will be detected or prevented in a timely manner. Furthermore, the measures we implement to monitor, prevent, or mitigate such risks may not be effective in all cases. Any such incidents, including negligence or errors by our employees or agents, could materially and adversely affect our business, financial performance, results of operations, and standing in the market.

27. *Our management will have broad discretion in how we apply the Net Proceeds of the Issue and there is no assurance that the Objects of the Offer will be achieved within the time frame expected, or at all, or that the deployment of Net Proceeds in the manner intended by us will result in an increase in the value of your investment.*

We intend to use the Net Proceeds for the purposes described under the “Objects of the Issue” on page 74 of the Draft Red Herring Prospectus. The Objects of the Issue comprise (a) funding incremental working capital requirements of our Company, (b) for issue related expenses, and (c) for general corporate purposes (the amount utilised for general corporate purposes shall not exceed 25% of the Gross Proceeds). Further, our Objects of the Issue have not been appraised by any bank, financial institution or other independent agency. Our management will have broad discretion to revise our business plans, estimates and budgets from time to time. Consequently, our funding requirements and deployment of funds may change, which may result in the rescheduling of the proposed utilization of Net Proceeds and increasing or decreasing expenditure for a particular activity, subject to compliance with applicable law and the investment policies approved by our management. Further, pursuant to Section 27 of the Companies Act, 2013, any variation in the Objects of the Issue would require a special resolution of the shareholders, and the promoter or controlling shareholders will be required to provide an exit opportunity to the shareholders who do not agree to such proposal to vary the Objects of the Issue, in accordance with applicable law. In case of an increase in actual expenses or shortfall in requisite funds, additional funds for a particular activity will be met by any means available to us, including internal accruals and additional equity and/or debt arrangements. If actual utilization towards the Objects of the Issue is lower than the proposed deployment, such balance will be used for future growth opportunities, including funding other existing objects, if required. If the estimated utilization of the Net Proceeds is not completely met in a fiscal year, it shall be carried forward.

28. *Our funding requirements and the proposed deployment of the Net Proceeds are based on management estimates and have not been independently appraised.*

Our funding requirements and the proposed deployment of the Net Proceeds are based on management estimates and is subject to change in light of changes in external circumstances, costs, other financial condition or business strategies, and have not been appraised by an independent entity. In the absence of such independent appraisal, or the requirement for us to appoint a monitoring agency in terms of the SEBI Regulations, the deployment of the net proceeds is at our discretion. We cannot assure you that we will be able to monitor and report the deployment of the Net Proceeds in a manner similar to that of a monitoring agency. Further, we may have to revise our expenditure and funding requirements as a result of variations in costs, estimates, quotations or other external factors, which may not be within the control of our management. This may entail rescheduling, revising or cancelling planned expenditure and funding requirements at the discretion of our Board. Additionally, various risks and uncertainties, including those set out in this “Risk Factors” section, may limit or delay our Company’s efforts to use the Net Proceeds and to achieve profitable growth in our business.

- 29. *In addition to our existing indebtedness for our operations, we may be required to obtain further loan during the course of business. There can be no assurance that we would be able to service our existing and/or additional indebtedness.***

In addition to our existing indebtedness for our existing operations we may be required to raise further debt in the form of term loans and working capital loans in the course of business. Increased borrowings, if any, would adversely affect our debt-equity ratio and our ability to further borrow at competitive rates. Any failure to service our indebtedness or otherwise perform our obligations under our financing agreements could lead to a termination of one or more of our credit facilities, trigger cross default provisions, penalties and acceleration of amounts due under such facilities which may adversely affect our business, financial condition and results of operations. For further details of our indebtedness, please refer to the chapter titled “Financial Indebtedness” on page 180 of this Draft Red Herring Prospectus.

- 30. *Our lenders have charged over our movable, immovable properties and book debts in respect of finance availed by us.***

We have provided security in respect of loans / facilities availed by us from banks and financial institutions by creating a charge over our plant and machineries, stock, fixed deposits, Book Debts and Moveable Assets. The total amount outstanding and payable by us as secured loans were ₹ 785.32 lakhs as on 31st March, 2025. In the event of default in repayment of the loans / facilities availed by company and any interest thereof, the properties may be subject to forfeiture by lenders, which in turn could have significant adverse effect on business, financial condition or results of operations. For further details of secured loans of our Company, please refer the chapter titled Financial Statements on page 160 of this Draft Red Herring Prospectus.

- 31. *Certain key performance indicators for certain listed industry peers included in this Draft Red Herring Prospectus have been sourced from public sources and there is no assurance that such financial and other industry information is complete.***

Pursuant to the requirements of the SEBI ICDR Regulations dated November 21, 2022, we have included certain key performance indicators, comprising financial and operational information, for certain listed industry peers, in the “*Basis for Issue Price*” beginning on page 82 of the Draft Red Herring Prospectus. While our business comprises of the automation projects, these listed industry peers are related to associate industry. Although this information is sourced from and relied upon on the standalone/consolidated audited financial statements of the relevant listed industry peers for Fiscals 2025 as available on the websites of the Stock Exchanges, including the annual reports of the respective companies for the years ended March 31, 2025 submitted to Stock Exchanges, there is no assurance that this information with respect to industry peers is either complete or adequate. There are different methodologies and formulas used to compute the various ratios.

- 32. *We are subject to risks arising from interest rate fluctuations, which could adversely affect our business, financial condition and results of operations.***

Interest rates for borrowings have been volatile in India in recent periods. Our operations are funded to a significant extent by working capital debt facilities and increases in interest rate (and consequent increase in the cost of servicing such debt) may have an adverse effect on our results of operations and financial condition. Our current debt facilities carry interest at variable rates as well as fixed rates. Although we may in the future engage in interest rate hedging transactions from time to time, there can be no assurance that these agreements will protect us adequately against interest rate risks.

- 33. *We face competition in our business from organized and unorganized players, which may adversely affect our business operation and financial condition.***

The market in which our company is doing business is highly competitive on account of both the organized and unorganized players. Players in this industry generally compete with each other on key attributes. Some of our competitors may have longer industry experience and greater financial, technical and other resources, which may enable them to react faster in changing market scenario and remain competitive. Moreover, the unorganized sector offers their products at highly competitive prices which may not be matched by us and consequently affect our volume of sales and growth prospects. Growing competition may result in a decline in our market share and may affect our margins which may adversely affect our business operations and our financial condition.

34. *We may not be successful in implementing our business strategies.*

The success of our business depends substantially on our ability to implement our business strategies effectively. Even though we have successfully executed our business strategies in the past, there is no guarantee that we can implement the same on time and within the estimated budget going forward, or that we will be able to meet the expectations of our targeted clients. Changes in regulations applicable to us may also make it difficult to implement our business strategies. Failure to implement our business strategies would have a material adverse effect on our business and results of operations.

35. *The Logo used by our Company is currently not registered under Trade Marks Act, 1999. Failure to protect our intellectual property rights may adversely affect our competitive business position, financial condition and profitability.*

Presently, our Company is using logo “ **SKYTECH**
Imagination @ Solutions” which is not registered under the Trade Marks Act, 1999.. This lack of intellectual property ownership and brand identity could pose significant risks to our company’s reputation and market position in the future. In today’s competitive business environment, intellectual property rights are critical assets that safeguard a company’s unique identity, product offerings, and innovations. Without registered trademarks or copyrights, we lack the legal protection necessary to prevent competitors from using similar names, logos, or content, which could lead to brand dilution and potential consumer confusion. Furthermore, the absence of a distinctive brand identity can impair our ability to build a loyal customer base and differentiate ourselves from competitors. Brands are vital for establishing customer trust, recognition, and perceived value, which are integral to sustained growth and profitability. Without a well-defined brand, our company may struggle to create a strong market presence, especially if competitors have established recognizable brands and trademarks. This could result in lost business opportunities and diminished market share, as customers may prefer more established brands that signify quality and reliability. Consequently, our inability to protect intellectual property or develop our brand identity may have a long-term adverse effect on our business growth, reputation, and competitive standing in the industry.

36. *Industry information included in this Draft Red Herring Prospectus has been derived from www.ibef.org and other publicly available sources There can be no assurance that such third-party statistical, financial and other industry information is either complete or accurate.*

We have relied on the industry information derived from www.ibef.org and other publicly available sources for purposes of inclusion of such information in this Draft Red Herring Prospectus. These reports are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports and other sources. Although we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Draft Red Herring Prospectus.

37. *An inability to renew quality accreditations in a timely manner or at all, or any deficiencies in the quality of our products may adversely affect our business prospects and financial performance.*

We obtain and maintain quality certifications and accreditations from independent certification entities and also comply with prescribed specifications and standards of quality approved by the Government in connection with the products we manufacture. Such specifications and standards of quality is an important factor in the success and wide acceptability of our products. If we fail to comply with applicable quality standards or if the relevant accreditation institute or agency declines to certify our products, or if we are otherwise unable to obtain such quality accreditations in the future, in a timely manner or at all, our business prospects and financial performance will be materially and adversely affected

38. Major fraud, lapses of internal control or system failures could adversely impact the company's business.

Our Company is vulnerable to risk arising from the failure of employees to adhere to approved procedures, system controls, fraud, system failures etc. Failure to protect fraud or breach in security may adversely affect our Company's operations and financial performance. Our reputation could also be adversely affected by significant fraud committed by our employees, agents, customers or third parties.

39. We have not made any alternate arrangements for meeting our regular working capital requirements. If our operations do not generate the necessary cash flow, our working capital requirements may negatively affect our operations and financial performance.

As on date, we have not made any alternate arrangements for meeting our working capital requirements, other than the existing sanctioned limits. Our business requires a significant amount of working capital to finance the purchase of raw materials before payments are received from customers. We cannot assure you that the budgeting of our working capital requirements for a particular year will be accurate. There may be situations where we may under budget for our working capital requirements, in which case there may be delays in arranging the additional working capital requirements, which may delay the execution of projects leading to loss of reputation, levy of liquidated damages, and an adverse effect on the cash flows. If we experience insufficient cash flows or are unable to borrow funds on a timely basis or at all to meet the working capital requirements, there may be an adverse effect on our results of operations. We may also be subject to fluctuations of interest rates for our financing. If we are unable to secure financing at favourable rates for this purpose, our ability to secure larger-scale projects will be impeded and our growth and expansion plans will be materially and adversely affected which in turn will materially and adversely affect our future financial performance. Our indebtedness is secured by charges over Immovable Property, Stocks, Book Debts etc. If we are unable to repay or refinance our outstanding indebtedness, or if we are unable to obtain additional financing on terms acceptable to us, we may be unable to implement our growth strategy, and our business, prospects, financial condition, and results of operations may be adversely affected.

B. Issue Related Risks

40. Upon completion of the Issue, our Promoters may continue to retain significant control, which will allow them to influence the outcome of matters submitted to the shareholders for approval.

After completion of the Issue, our Promoters will collectively own [●]% of the total post issue Equity Shares. As a result, our Promoter will be able to exercise a significant degree of influence over us and will be able to control the outcome of any proposal that can be approved by a majority shareholder vote, including, the election of members to our Board, in accordance with the Companies Act and our Articles of Association. Such a concentration of ownership may also have the effect of delaying, preventing or deterring any strategic decision favourable to the Company or effecting a change in control of our Company for the betterment of the stakeholders. In addition, our Promoter will continue to have the ability to cause us to take actions that are not in, or may conflict with, our interests or the interests of some or all of our creditors or minority shareholders, and we cannot assure you that such actions will not have an adverse effect on our future financial performance or the price of our Equity Shares.

41. In the event there is any delay in the completion of the Issue, there would be a corresponding delay in the completion of the objects of this Issue which would in turn affect our revenues and results of operations.

The funds that we receive would be utilized for the Objects of the Issue as has been stated in the Chapter "Objects of the Issue" on page 86 of this Draft Red Herring Prospectus. The proposed schedule of implementation of the objects of the Issue is based on our management's estimates. If the schedule of implementation is delayed for any other reason whatsoever, including any delay in the completion of the Issue, we may have to revise our business, development and working capital plans resulting in unprecedented financial mismatch and this may adversely affect our revenues and results of operations.

42. There is no guarantee that our Equity Shares will be listed on the EMERGE Platform of National stock Exchange of India Limited in a timely manner or at all.

In accordance with Indian law and practice, permission for listing and trading of our Equity Shares will not be granted until after certain actions have been completed in relation to this Issue and until Allotment of Equity Shares pursuant to this Issue. In accordance with current regulations and circulars issued of SEBI, our Equity Shares are required to be listed on the EMERGE Platform of National stock Exchange of India Limited within such time as mandated under UPI Circulars, subject to any change in the prescribed timeline in this regard. However, we cannot

assure you that the trading in our Equity Shares will commence in a timely manner or at all. Any failure or delay in obtaining final listing and trading approvals may restrict your ability to dispose of your Equity Shares.

43. The requirements of being a public listed company may strain our resources and impose additional requirements.

We have no experience as a public listed company or with the increased scrutiny of its affairs by shareholders, regulators and the public at large that is associated with being a public listed company. As a public listed company, we will incur significant legal, accounting, corporate governance, and other expenses that we did not incur as an unlisted company. We will also be subject to the provisions of the listing agreements signed with the Stock Exchange which require us to file unaudited financial results on a half-yearly basis. In order to meet our financial control and disclosure obligations, significant resources and management supervision will be required. As a result, our management's attention may be diverted from other business concerns, which could have an adverse effect on our business and operations. There can be no assurance that we will be able to satisfy our reporting obligations and/or readily determine and report any changes to our results of operations in a timely manner as other listed companies. In addition, we will need to increase the strength of our management team and hire additional legal and accounting staff with appropriate public company experience and accounting knowledge and we cannot assure that we will be able to do so in a timely manner.

44. The Issue Price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue.

The Issue price is based on numerous factors and may not be indicative of the market price for our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. There can be no assurance that you will be able to resell your Shares at or above the Issue Price. Among the factors that could affect our Share price are: variations in the rate of growth of our financial indicators, such as earnings per share, net profit and income; changes in income or earnings estimates or publication of research reports by analysts; speculation in the press or investment community; general market conditions; and domestic and international economic, legal and regulatory factors unrelated to our performance.

45. After this Issue, the price of our Equity Shares may be volatile, or an active trading market for our Equity Shares may not be sustained.

Prior to this Issue, there has been no public market for our Equity Shares, and an active trading market may not develop or be sustained upon the completion of this Issue. The initial public offering price of the Equity Shares offered hereby was determined through our negotiations with the BRLM and may not be indicative of the market price of the Equity Shares after this Issue. The market price of our Equity Shares after this Issue will be subject to significant fluctuations in response to, among other factors:

- variations in our operating results and the performance of our business;
- regulatory developments in our target markets affecting us, our customers, or our competitors;
- changes in financial estimates by securities research analysts;
- addition or loss of executive officers or key employees;
- loss of one or more significant customers;
- the performance of the Indian and global economy;
- significant developments in India's economic liberalization and deregulation policies, and the fiscal regime;
- volatility in the Indian and global securities markets;
- performance of our competitors and perception in the Indian market about investment in our industry; and
- adverse media reports, if any, on our Company, or the industry.

Many of these factors are beyond our control. There has been recent volatility in the Indian stock markets and our share price could fluctuate significantly as a result of such volatility in the future. There can be no assurance that an active trading market for our Equity Shares will develop or be sustained after this Issue, or that the price at which our Equity Shares are initially offered will correspond to the prices at which they will trade in the market subsequent to this Issue.

46. *The investors will not be able to sell immediately on an Indian stock exchange any of the Equity Shares they purchase in the Issue.*

We have applied to National Stock Exchange of India Limited to use its name as the Stock Exchange in this offer document for listing our shares on the EMERGE Platform of National Stock Exchange of India Limited. In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the Offer will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorizing the issuing of Equity Shares to be submitted. There could be a delay in listing the Equity Shares on the EMERGE Platform of National Stock Exchange of India Limited. Any delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

47. *There are restrictions on daily movements in the price of the Equity Shares, which may adversely affect a shareholder's ability to sell, or the price at which it can sell, Equity Shares at a particular point in time.*

Once listed, we would be subject to circuit breakers imposed by stock exchange, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on circuit breakers is set by the stock exchanges based on the historical volatility in the price and trading volume of the Equity Shares. This circuit breaker limits the upward and downward movements in the price of the Equity Shares. As a result of this circuit breaker, no assurance may be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

48. *Any future issuance of Equity Shares may dilute the investors' shareholdings or sales of our Equity Shares by our Promoters or Promoter Group may adversely affect the trading price of our Equity Shares.*

Any future equity issuances by us or sales of our Equity Shares by our Promoters or Promoter Group may adversely affect the trading price of our Equity Shares and our Company's ability to raise capital through an issue of securities. In addition, any perception by potential investors that such issuances or sales might occur could also affect the trading price of our Equity Shares. Additionally, the disposal, pledge or encumbrance of our Equity Shares by any of our Company's major shareholders, or the perception that such transactions may occur may affect the trading price of our Equity Shares. No assurance may be given that our Company will not issue Equity Shares or that such shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

49. *Our Company has not paid any dividends till now and there can be no assurance that we will pay dividends in future.*

Our ability to pay dividends in the future will depend upon a variety of factors such as future earnings, financial condition, cash flows, working capital requirements, and restrictive covenants in our financing arrangements. Our Company has not paid any dividends till now and there can be no assurance that we will pay dividends in future. Our ability to pay dividends in the future will depend on our earnings, financial condition and capital requirements. Dividends distributed by us will attract dividend distribution tax at rates applicable from time to time. There can be no assurance that we will generate sufficient income to cover our operating expenses and pay dividends to our shareholders, or at all. Our ability to pay dividends could also be restricted under the existing or certain financing arrangements that we may enter into.

50. *Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our dividend history, see "Dividend Policy" on page 163 of this Draft Red Herring Prospectus.

51. *The investors may be restricted in their ability to exercise pre-emptive rights under Indian law and may be adversely affected by future dilution of their ownership position.*

Under the Companies Act, 2013, a Company incorporated in India must offer its holders of shares pre-emptive rights to subscribe and pay for a proportionate number of shares to maintain their existing ownership percentages before the issuance of any new shares, unless the pre-emptive rights have been waived by the adoption of a special resolution by holders of three-fourths of the shares which are voted on the resolution. However, if the law of the jurisdiction the investors are in does not permit them to exercise their pre-emptive rights without us filing an offering document or registration statement with the applicable authority in the jurisdiction they are in, they will not be able to exercise their pre-emptive rights unless we make such a filing. If we elect not to make such a filing, the new securities may be issued to a custodian, who may sell the securities for the investors' benefit. The value such custodian would receive upon the sale of such securities if any, and the related transaction costs cannot be predicted. To the extent that the investors' are unable to exercise pre-emptive rights granted in respect of the Equity Shares, their proportional interest in us would be reduced.

52. *You may be subject to Indian taxes arising out of capital gains on sale of Equity Shares.*

Under the current Indian Income Tax provisions, all transactions of purchase and sales of securities on Indian stock exchanges are subject to levy of securities transaction tax (STT) which will be collected by respective stock exchange on which the securities are transacted. Accordingly, the Indian Income Tax Act has special capital gains tax provisions for all transactions of purchase and sale of equity shares carried out on the Indian Stock Exchanges. Under the current Indian Income Tax provisions, unless specifically exempted, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India.

53. *Applicants to this Issue are not allowed to withdraw their Applications after the Issue Closing Date.*

In terms of the SEBI (ICDR) Regulations, Applicants in this Issue are not allowed to withdraw their Applications after the Issue Closing Date. The Allotment in this Issue and the credit of such Equity Shares to the Applicant's demat account with its depository participant shall be completed within such period as prescribed under the applicable laws. There is no assurance, however, that material adverse changes in the international or national monetary, financial, political or economic conditions or other events in the nature of force majeure, material adverse changes in our business, results of operation or financial condition, or other events affecting the Applicant's decision to invest in the Equity Shares, would not arise between the Issue Closing Date and the date of Allotment in this Issue. Occurrence of any such events after the Issue Closing Date could also impact the market price of our Equity Shares. The Applicants shall not have the right to withdraw their applications in the event of any such occurrence. We cannot assure you that the market price of the Equity Shares will not decline below the Issue Price. To the extent the market price for the Equity Shares declines below the Issue Price after the Issue Closing Date, the shareholder will be required to purchase Equity Shares at a price that will be higher than the actual market price of the Equity Shares at that time. Should that occur, the shareholder will suffer an immediate unrealized loss as a result. We may complete the Allotment even if such events may limit the Applicants' ability to sell our Equity Shares after this Issue or cause the trading price of our Equity Shares to decline.

54. *Foreign investors may be restricted in their ability to purchase or sell Equity Shares.*

Under foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing and reporting requirements specified by the RBI or in the alternate, the pricing is in compliance with the extant provisions of SEBI ICDR Regulations. If the transfer of shares is not in compliance with such pricing or reporting requirements and does not fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection or a tax clearance certificate from the income tax authority. We cannot assure that any required approval from the RBI or any other government agency can be obtained on any particular terms or at all.

55. *Rights of shareholders under Indian law may be more limited than under the laws of other jurisdictions.*

The Companies Act and related regulations, the Articles of Association, and the Listing Agreements to be entered into with the Stock Exchange govern the corporate affairs of the Company. The Legal principles relating to these matters and the validity of corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights under Indian law

may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as a shareholder than as a shareholder of a corporation in another jurisdiction.

56. *Our Equity Shares are quoted in Indian Rupees in India, and therefore investors may be subject to potential losses arising out of exchange rate risk on the Indian Rupee and risks associated with the conversion of Indian Rupee proceeds into foreign currency.*

Investors are subject to currency fluctuation risk and convertibility risk since the Equity Shares are quoted in Indian Rupees on the Indian stock exchanges on which they are listed. Dividends on the Equity Shares will also be paid in Indian Rupees. The volatility of the Indian Rupee against the U.S. dollar and other currencies subjects' investors who convert funds into Indian Rupees to purchase our Equity Shares to currency fluctuation risks.

EXTERNAL RISK FACTORS

57. *The COVID-19 pandemic, or any future pandemic or widespread public health emergency, could materially and adversely impact our business, financial condition, cash flows and results of operations.*

In late 2019, COVID-19 emerged and by March 11, 2020 was declared a global pandemic by The World Health Organization. Governments and municipalities around the world instituted measures in an effort to control the spread of COVID-19, including quarantines, shelter-in-place orders, school closings, travel restrictions, lock down of cities and closure of non-essential businesses. By the end of March, the macroeconomic impacts became significant, exhibited by, among other things, a rise in unemployment and market volatility. The outbreak of COVID-19 in many countries, including India, the United Kingdom and the United States, has significantly and adversely impacted economic activity and has contributed to significant volatility and negative pressure in financial markets, and it is possible that the outbreak of COVID-19 will cause a prolonged global economic crisis, recession or depression, despite monetary and fiscal interventions by governments and central banks globally. On March 24, 2020, the Government of India ordered a national lockdown in response to the spread of COVID-19. Although some governments are beginning to ease or lift these restrictions, the impacts from the severe disruptions caused by the effective shutdown of large segments of the global economy remain unknown and no prediction can be made of when any of the restrictions currently in place will be relaxed or expire, or whether or when further restrictions will be announced.

The outbreak, or threatened outbreak, of any severe communicable disease (particularly COVID-19) could materially adversely affect overall business sentiment and environment, particularly if such outbreak is inadequately controlled. The spread of any severe communicable disease may also adversely affect the operations of our clients and service providers, which could adversely affect our business, financial condition and results of operations. The outbreak of COVID-19 has resulted in authorities implementing several measures such as travel bans and restrictions, quarantines, shelter in place orders, and shutdowns. These measures have impacted and may further impact our workforce and operations, the operations of our clients, and those of our respective service providers. There is currently substantial medical uncertainty regarding COVID-19. A rapid increase in severe cases and deaths where measures taken by governments fail or are lifted prematurely, may cause significant economic disruption in India and in the rest of the world. The scope, duration and frequency of such measures and the adverse effects of COVID-19 remain uncertain and could be severe. If any of our employees were suspected of contracting COVID-19 or any other epidemic disease, this could require us to quarantine some or all of these employees or disinfect the facilities used for our operations. In addition, our revenue and profitability could be impacted to the extent that a natural disaster, health epidemic or other outbreak harms the Indian and global economy in general.

The outbreak has significantly increased economic uncertainty. It is likely that the current outbreak or continued spread of COVID-19 will cause an economic slowdown and it is possible that it could cause a global recession. The spread of COVID-19 has caused us to modify our business practices (including employee travel, employee work locations, and cancellation of physical participation in meetings, events and conferences), and we may take further actions as may be required by government authorities or that we determine are in the best interests of our employees, customers, partners, and suppliers. There is no certainty that such measures will be sufficient to mitigate the risks posed by the outbreak, and our ability to perform critical functions could be harmed. The extent to which the COVID-19 further impacts our results will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions taken globally to contain the coronavirus or treat its impact, among others. Existing insurance coverage may not provide protection for all costs that may arise from all such possible events. The degree to which COVID-19 impacts our results will depend on future developments, which are highly uncertain and cannot be predicted, including, but not limited to, the duration and spread of the outbreak, its severity, the actions taken to contain the

outbreak or treat its impact, and how quickly and to what extent normal economic and operating conditions can resume. The above risks can threaten the safe operation of our facilities and cause disruption of operational activities, environmental harm, loss of life, injuries and impact the wellbeing of our people.

Further in case the lockdown is extended, it could result in muted economic growth or give rise to a recessionary economic scenario, in India and globally, which could adversely affect the business, prospects, results of operations and financial condition of our Company. The full extent to which the COVID-19 pandemic, or any future pandemic or widespread public health emergency impacts our business, operations and financial results will depend on numerous evolving factors that we may not be able to accurately predict, including: the scope, severity, and duration of the pandemic; actions taken by governments, business and individuals in response to the pandemic; the effect on customer demand for and ability to pay for our products; the impact on our capital expenditure; disruptions or restrictions on our employees' and suppliers' ability to work and travel; any extended period of remote work arrangements; and strain on our or our customers' business continuity plans, and resultant operational risk.

58. *A slowdown in economic growth in India could adversely affect our business, results of operations, financial condition and cash flows.*

We are dependent on domestic, regional and global economic and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent to a large extent on the health of the economy in which we operate. There have been periods of slowdown in the economic growth of India. Demand for our products may be adversely affected by an economic downturn in domestic, regional and global economies. Economic growth in the country in which we operate is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports of materials, global economic uncertainty and liquidity crisis, volatility in exchange currency rates, and annual rainfall which affects agricultural production. Consequently, any future slowdown in the Indian economy could harm our business, results of operations, financial condition and cash flows. Also, a change in the government or a change in the economic and deregulation policies could adversely affect economic conditions prevalent in the areas in which we operate in general and our business in particular and high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margin.

59. *Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, may adversely affect our business and financial performance.*

Our business and financial performance could be adversely affected by unfavourable changes in or interpretations of existing, or the promulgation of new laws, rules and regulations applicable to us and our business. Please refer to **"Key Industry Regulations and Policies"** on page 124 of this Draft Red Herring Prospectus for details of the laws currently applicable to us.

There can be no assurance that the Government of India may not implement new regulations and policies which will require us to obtain approvals and licenses from the Government of India and other regulatory bodies or impose onerous requirements and conditions on our operations. Our Company will comply with relevant regulations as and when applicable. However, any such changes and the related uncertainties with respect to the applicability, interpretation and implementation of any amendment to, or change to governing laws, regulation or policy in the jurisdictions in which we operate may have a material adverse effect on our business, financial condition and results of operations. In addition, we may have to incur expenditures to comply with the requirements of any new regulations, which may also materially harm our results of operations. Any unfavourable changes to the laws and regulations applicable to us could also subject us to additional liabilities.

GST has been implemented with effect from July 1, 2017 and has replaced the indirect taxes on goods and services such as central excise duty, service tax, central sales tax, state VAT and surcharge being collected by the central and state governments. The GST has led to increase tax incidence and administrative compliance. Any future amendments may affect our overall tax efficiency, and may result in significant additional taxes becoming payable.

Further, the general anti avoidance rules ("GAAR") provisions have been made effective from assessment year 2018-19 onwards, i.e.; financial Year 2017-18 onwards and the same may get triggered once transactions are undertaken to avoid tax. The consequences of the GAAR provisions being applied to an arrangement could result in denial of tax benefit amongst other consequences. In the absence of any precedents on the subject, the application of these provisions is uncertain.

The application of various Indian tax laws, rules and regulations to our business, currently or in the future, is subject to interpretation by the applicable taxation authorities. If such tax laws, rules and regulations are amended, new

adverse laws, rules or regulations are adopted or current laws are interpreted adversely to our interests, the results could increase our tax payments (prospectively or retrospectively) and/or subject us to penalties. Further, changes in capital gains tax or tax on capital market transactions or sale of shares could affect investor returns. As a result, any such changes or interpretations could have an adverse effect on our business and financial performance.

60. *Inflation in India could have an adverse effect on our profitability and if significant, on our financial condition.*

Inflation is typically impacted by factors such as governmental policies, regulations, commodity prices, liquidity and global economic environment. Any change in the government or a change in the economic and deregulation policies could adversely affect the inflation rates. Continued high rates of inflation may increase our costs such as salaries, travel costs and related allowances, which are typically linked to general price levels. There can be no assurance that we will be able to pass on any additional costs to our clients or that our revenue will increase proportionately corresponding to such inflation. Accordingly, high rates of inflation in India could have an adverse effect on our profitability and, if significant, on our financial condition.

61. *We have not prepared, and currently do not intend to prepare, our financial statements in accordance with the International Financial Reporting Standards ("IFRS"). Our transition to IFRS reporting could have a material adverse effect on our reported results of operations or financial condition.*

Public companies in India, including us, may be required to prepare annual and interim financial statements under IFRS in accordance with the roadmap for convergence with IFRS announced by the Ministry of Corporate Affairs, Government of India through a press note dated January 22, 2010 (the "IFRS Convergence Note"). The Ministry of Corporate Affairs by a press release dated February 25, 2011 has notified that 35 Indian Accounting Standards are to be converged with IFRS. The date of implementation of such converged Indian accounting standards has not yet been determined. Our financial condition, results of operations, cash flows or changes in shareholders' equity may appear materially different under IFRS than under Indian GAAP or our adoption of converged Indian Accounting Standards may adversely affect our reported results of operations or financial condition. This may have a material adverse effect on the amount of income recognized during that period and in the corresponding (restated) period in the comparative Fiscal/period.

62. *Financial difficulty and other problems in certain long-term lending institutions and investment institutions in India could have a negative impact on our business.*

We are exposed to the risks of the Indian financial system which may be affected by the financial difficulties faced by certain Indian financial institutions because the commercial soundness of many financial institutions may be closely related as a result of credit, trading, clearing or other relationships. This risk, which is referred to as "systemic risk," may adversely affect financial intermediaries, such as clearing agencies, banks, securities firms and exchanges with whom we interact on a daily basis. Our transactions with these financial institutions expose us to credit risk in the event of default by the counter party, which can be exacerbated during periods of market illiquidity. As the Indian financial system operates within an emerging market, we face risks of a nature and extent not typically faced in more developed economies, including the risk of deposit runs notwithstanding the existence of a national deposit insurance scheme. The problems faced by individual Indian financial institutions and any instability in or difficulties faced by the Indian financial system generally could create adverse market perception about Indian financial institutions and banks. This in turn could adversely affect our business, financial condition, results of operations and cash flows.

63. *Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.*

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

64. *Political instability or changes in the Government could adversely affect economic conditions in India generally and our business in particular.*

Our business, and the market price and liquidity of our Equity Shares, may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. Elimination or substantial change of policies or the introduction of policies that negatively affect the Company's business could cause its results of operations to suffer. Any significant change in India's economic policies could disrupt business and economic conditions in India generally and the Company's business in particular.

65. *Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.*

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the Mumbai terrorist attacks and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade as well the global equity markets generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

66. *Any downgrading of India's debt rating by an independent agency may harm our ability to raise financing.*

Any adverse revisions to India's credit ratings for domestic and international debt by domestic or international rating agencies may adversely affect our ability to raise additional financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our capital expenditure plans, business and financial performance and the price of our Equity Shares.

- (1) Subject to finalization of the Basis of Allotment. Number of shares may need to be adjusted for lot size upon determination.
- (2) The Issue is being made in terms of Chapter IX of the SEBI (ICDR) Regulations, 2018, as amended from time to time. The present Issue is being made by our Company in terms of Regulation 229(1) of the SEBI ICDR Regulations read with Rule 19(2)(b)(i) of SCRR wherein not less than twenty five percent (25%) of the post-Issue paid-up equity share capital of our Company are being offered to the public for subscription.
- (3) As per the Regulation 253 of the SEBI (ICDR) Regulations, 2018, as amended, as present issue is a Book Building issue the allocation is the net offer to the public category shall be made as follows:

- a) Not less than Thirty five percent (35%) to individual investor who applies for minimum application size;
- b) Not less than Fifteen percent (15%) to non-institutional investor
- c) Not more than fifty percent (50%) to qualified institutional buyers, five percent (5%) of which shall be allocated to mutual funds

Provided that the unsubscribed portion in either of the categories specified in clauses (a) or (b) may be allocated to Bidders in the other category.

Provided further that in addition to five percent allocation available in terms of clause c, mutual funds shall be eligible for allocation under the balance available for qualified institutional buyers.

The allocation in the non-institutional investors' category shall be as follows:

- (a) one third of the portion available to non-institutional investors shall be reserved for applicants with application size of more than two lots and up to such lots equivalent to not more than ₹10 lakhs;
- (b) two third of the portion available to non-institutional investors shall be reserved for applicants with application size of more than ₹10 lakhs:

Provided that the unsubscribed portion in either of the sub-categories specified in clauses (a) or (b), may be allocated to applicants in the other sub-category of non-institutional investors.

Our Company, in consultation with the BRLM, may allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations. The QIB Portion will accordingly be reduced for the Equity Shares allocated to Anchor Investors. One-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription in the Anchor Investor Portion, the remaining Equity Shares shall be added to the Net QIB Portion. Further, 5% of the Net QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the Net QIB Portions shall be available for allocation on a proportionate basis to all QIB Bidders (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Offer Price. In the event the aggregate demand from Mutual Funds is less than as specified above, the balance Equity Shares available for Allotment in the Mutual Fund Portion will be added to the Net QIB Portion and allocated proportionately to the QIB Bidders (other than Anchor Investors) in proportion to their Bids. For details, see **"Issue Procedure"** on page 247 of this Draft Red Herring Prospectus.

In the event of over-subscription, allotment shall be made on a proportionate basis, subject to valid Bids received at or above the Issue Price. Allocation to investors in all categories, except the Individual Investor Portion, shall be made on a proportionate basis subject to valid bids received at or above the Issue Price. The allocation to each Individual Investor shall not be less than the minimum Bid Lot, and subject to availability of Equity Shares in the Individual Investor Portion, the remaining available Equity Shares, if any, shall be allocated on a proportionate basis.

Subject to valid Bids being received at or above the Offer Price, under-subscription, if any, in any category except the QIB Portion, would be allowed to be met with spill-over from any other category or combination of categories, as applicable, at the discretion of our Company in consultation with the BRLM and the Designated Stock Exchange, subject to applicable laws.

- (4) Assuming full allotment.

Book Building Process

Book Building, with reference to the Issue, refers to the process of collection of Bids on the basis of the Red Herring Prospectus within the Price Band. The Price Band shall be determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process, and advertised in all editions of the English national newspaper [●], all editions of Hindi national newspaper [●] and in regional newspaper [●] where our registered office is situated at least two working days prior to the Bid/ Issue Opening date. The Issue Price shall be determined by our Company, in consultation with the Book Running Lead Manager in accordance with the Book Building Process after the Bid/ Issue Closing Date.

Principal parties involved in the Book Building Process are: -

- Our Company;
- The Book Running Lead Manager in this case being Finshore Management Services Limited,
- The Syndicate Member(s) who are intermediaries registered with SEBI / registered as brokers with NSE and eligible to act as Underwriters. The Syndicate Member(s) will be appointed by the Book Running Lead Manager;
- The Registrar to the Issue;
- The Escrow Collection Banks/ Bankers to the Issue and
- The Designated Intermediaries and Sponsor bank

The SEBI ICDR Regulations have permitted the Issue of securities to the public through the Book Building Process, wherein allocation to the public shall be made as per Regulation 253 of the SEBI ICDR Regulations. The Issue is being made through the Book Building Process wherein 50% of the Net Offer shall be available for allocation on a proportionate basis to QIBs, provided that our Company may in consultation with the BRLM allocate upto 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI (ICDR) Regulations (the “Anchor Investor Portion”), out of which one third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Offer Price. 5% of the QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Net Offer shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35% of the Net Issue shall be available for allocation to Individual Bidders who applies for minimum application size, in accordance with the SEBI Regulations, subject to valid Bids being received at or above the Issue Price. Also, (a) one third of the portion available to non-institutional investors shall be reserved for applicants with application size of more than two lots and up to such lots equivalent to not more than ₹10 lakhs and (b) two third of the portion available to non-institutional investors shall be reserved for applicants with application size of more than ₹10 lakhs. The unsubscribed portion in either of the sub-categories specified in clauses (a) or (b) of Regulation 253(2) of SEBI ICDR Regulations, may be allocated to applicants in the other sub-category of non-institutional investors.”

All potential Bidders may participate in the Issue through an ASBA process by providing details of their respective bank account which will be blocked by the SCSBs. Anchor Investors are not permitted to participate in the Issue through the ASBA process. Non-Institutional Investors with an application size of up to ₹ 500,000 shall use the UPI Mechanism and shall also provide their UPI ID in the Bid Form submitted with Syndicate Members, Registered Brokers, Collecting Depository Participants and Registrar and Share Transfer Agents. Anchor Investors are not permitted to participate in the Offer through the ASBA process. Pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual bidders in initial public offerings whose application sizes are up to ₹ 500,000 shall use the UPI Mechanism.

All Bidders, except Anchor Investors, are mandatorily required to use the ASBA process for participating in the Issue. In accordance with the SEBI ICDR Regulations, QIBs bidding in the QIB Portion and Non-Institutional Bidders bidding in the Non- Institutional Portion are not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Individual Bidders can revise their Bids during the Bid/ Issue Period and withdraw their Bids until the Bid/ Issue Closing Date. Further, Anchor Investors cannot withdraw their Bids after the Anchor Investor Bid/ Issue Period. Allocation to the Anchor Investors will be on a discretionary basis.

Subject to valid Bids being received at or above the Issue Price, allocation to all categories in the Net Issue, shall be made on a proportionate basis, except for Individual Investor Portion where allotment to each Individual Bidders shall not be less than the minimum bid lot, subject to availability of Equity Shares in Individual Investor Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under – subscription, if any, in any category, would be allowed to be met with spill – over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and the Stock Exchange. However, under – subscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

In terms of SEBI ICDR Master Circular and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors making application in this issue shall use ASBA facility for making payment i.e. mention their bank account number and authorise the bank to make payment in case of allotment by signing the application forms.

Further, pursuant to SEBI ICDR Master Circular, Individual Investors may either submit the Application-cum Bidding form with ASBA as the sole mechanism for making payment, physically at the branch of a SCSB, i.e. investor's bank, or online, if such facility is provided by the SCSB, or submit the Application-cum Bidding form online using the facility of linked online trading, demat and bank account (3-in-1 type accounts), provided by some of the brokers. A RII would also have the option to submit Application-cum Bidding form with any of the intermediary and use his/her UPI ID for the purpose of blocking of funds.

For details in this regards, specific attention are invited to the chapter titled ***“Issue Procedure”*** beginning on page 247 of the Draft Red Herring Prospectus.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Offer.

For further details on the method and procedure for Bidding, please see section entitled ***“Issue Procedure”*** on page 255 of this Draft Red Herring Prospectus.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Company in consultation with the BRLM, may finalise the Offer Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- Check eligibility for making a Bid (see section titled “**Issue Procedure**” on page 247 of this Draft Red Herring Prospectus);
- Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid Form;
- Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid Form. Based on these parameters, the Registrar to the Offer will obtain the Demographic Details of the Bidders from the Depositories.
- Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant’s verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.
- Ensure that the Bid Form is duly completed as per instructions given in this Draft Red Herring Prospectus and in the Bid Form;

* Our Company in consultation with the Book Running Lead Manager may consider participation by Anchor Investors in accordance with the SEBI ICDR Regulations. The Anchor Investor Bid/Issue Period shall be one Working Day prior to the Bid/Issue Opening Date in accordance with the SEBI ICDR Regulations.

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 3 (Three) Working Days of the Bid/Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/ Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Applications and any revisions to the same will be accepted only between 10:00 a.m. to 5:00 p.m. (Indian Standard Time) during the Issue Period at the Application Centres mentioned in the Application Form.

Standardization of cut-off time for uploading of application on the issue closing date:

- (i) A standard cut-off time of 3.00 PM for acceptance of applications.
- (ii) A standard cut-off time of 4.00 PM for uploading of applications received from other than individual applicants who applies for minimum application size.
- (iii) A standard cut-off time of 5.00 PM for uploading of applications received from only individual applicants who applies for minimum application size, which may be extended up to such time as deemed fit by NSE after taking into account the total number of applications received upto the closure of timings and reported by BRLM to NSE within half an hour of such closure.

Due to the limitation of time available for uploading the Bid Forms on the Bid/ Issue Closing Date Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 p.m. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST Bidders are cautioned that, in the event a large number of Bid Forms are received on the Bid/Issue Closing Date, as is typically experienced in public Issue, some Bid Forms may not get uploaded due to the lack of sufficient time. Such Bid Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays) Neither our Company nor the BRLM is liable for any failure in uploading the Bid Forms due to faults in any software/hardware system or otherwise.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Form, for a particular Bidder, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Form, for a particular ASBA Bidder, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

Details of Market Making Arrangement for This Issue

Our Company and the Book Running Lead Manager has entered into Market Making Agreement dated [●] with the following Market Maker to fulfil the obligations of Market Making for this Issue:

Name	[●]
Address	[●]
Contact Person	[●]
Telephone	[●]
E-mail	[●]
Website	[●]
SEBI Registration No	[●]
CIN	[●]

M/s. [●], registered with NSE, will act as the market maker and has agreed to receive or deliver the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified in SEBI (ICDR) Regulations as amended from time to time.

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, as amended from time to time and the circulars issued by the NSE and SEBI in this matter from time to time.

- *In terms of regulation 261(1) of SEBI ICDR Regulations 2018, the Market Making arrangement through the Market Maker will be in place for a period of three years from the date of listing of our Equity Shares and shall be carried out in accordance with SEBI ICDR Regulations and the circulars issued by the NSE and SEBI regarding this matter from time to time.*
- *In terms of regulation 261(2) of SEBI ICDR Regulations 2018, The market maker or issuer, in consultation with the book running lead manager(s) may enter into agreements with the nominated investors for receiving or delivering the specified securities in market making, subject to the prior approval of the NSE EMERGE.*
- *In terms of regulation 261(3) of SEBI ICDR Regulations 2018, Following is a summary of the key details pertaining to the Market Making arrangement*
 1. The Market Maker “[●]” shall be required to provide a two-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
 2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of NSE EMERGE and SEBI from time to time.
 3. The Market Maker is required to comply with SEBI Circular No. CIR/MRD/DSA/31/2012 dated November 27, 2012 and SEBI ICDR Regulations and relevant Exchange Circulars requirement for Market Makers on SME platform.
 4. The minimum depth of the quote shall be Rs.1.00 Lakh. However, the investors with holdings of value less than Rs. 1.00 Lakh shall be allowed to offer their holding to the Market Maker in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
 5. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, NSE may intimate the same to SEBI after due verification.
 6. The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on NSE EMERGE (in this case currently the minimum trading lot size is [●] equity shares; however, the same may be changed by the NSE EMERGE from time to time).
 7. The shares of the Company will be traded in Trade for Trade Segment for the first 10 days from commencement of trading (as per SEBI Circular no: CIR/MRD/DP/02/2012 dated January 20, 2012) on NSE EMERGE and market maker will remain present as per the guidelines mentioned under NSE and SEBI circulars.
 8. The Market Maker shall start providing quotes from the day of the listing / the day when designated as the Market Maker for the respective scrip and shall be subject to the guidelines laid down for market making by the NSE.
 9. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
 10. In terms of regulation 261(6) of SEBI ICDR Regulations 2018, Market Maker shall not buy the Equity Shares from the Promoters or Persons belonging to promoter group of **Skytech Infinite Platform Limited** or any person who has acquired shares from such promoter or person belonging to promoter group, during the compulsory market making period.
 11. In terms of regulation 261(7) of SEBI ICDR Regulations 2018, The Promoters’ holding of **Skytech Infinite Platform Limited** shall not be eligible for offering to the Market Maker during the Compulsory Market Making

Period. However, the promoters' holding of **Skytech Infinite Platform Limited** which is not locked-in as per the SEBI (ICDR) Regulations, 2018 as amended, can be traded with prior permission of the NSE EMERGE, in the manner specified by SEBI from time to time.

12. The Book Running Lead Manager may be represented on the Board of the Issuer Company in compliance with Regulation 261 (8) of SEBI (ICDR) Regulations, 2018.
13. The Market Maker shall not be responsible to maintain the price of the Equity Shares of the Issuer Company at any particular level and is purely supposed to facilitate liquidity on the counter of **Skytech Infinite platform Limited** via its 2-way quotes. The price of the Equity Shares shall be determined and be subject to market forces.
14. **Risk containment measures and monitoring for Market Maker:** EMERGE Platform of National Stock Exchange of India Limited will have all margins which are applicable on the NSE Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
15. **Punitive Action in case of default by Market Maker(s):** EMERGE Platform of National Stock Exchange of India Limited will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case they are not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.

The Market Maker(s) shall have the right to terminate said arrangement by giving 3 (three) months' notice or on mutually acceptable terms to the Book Running Lead Manager, who shall then be responsible to appoint a replacement Market Maker(s).

In case of termination of the above-mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Book Running Lead Manager to arrange for another Market Maker(s) in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations. Further the Company and the Book Running Lead Manager reserve the right to appoint other Market Maker(s) either as a replacement of the current Market Maker or as an additional Market Maker subject to the relevant laws and regulations applicable at that particular point of time.

16. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction
17. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the issue size)	Re-entry threshold for buy quote (including mandatory initial inventory of 5% of the issue size)
Up to Rs.20 Crore	25%	24%
Rs. 20 to Rs.50 Crore	20%	19%
Rs. 50 to Rs.80 Crore	15%	14%
Above Rs. 80 Crore	12%	11%

18. All the above-mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

19. **Price Band and Spreads:** SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for issue size up to ₹250 crores, the applicable price bands for the first day shall be:

- i. In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
 - ii. In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the issue price. Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.
- *In terms of regulation 261(4) of SEBI ICDR Regulations 2018, The specified securities being bought or sold in the process of market making may be transferred to or from the nominated investors with whom the book running lead manager(s) and the issuer have entered into an agreement for market making: Provided that the inventory of the market maker, as on the date of allotment of the specified securities, shall be at least five per cent. of the specified securities proposed to be listed on NSE EMERGE.*
- *In terms of regulation 261(5) of SEBI ICDR Regulations 2018, The market maker shall buy the entire shareholding of a shareholder of the issuer in one lot, where the value of such shareholding is less than the minimum contract size allowed for trading on the NSE EMERGE: Provided that market maker shall not sell in lots less than the minimum contract size allowed for trading on the NSE EMERGE.*

(m) Promoter's Contribution:

(i) Details of Promoter's Contribution Locked-in of Equity Shares for Three (3) Years

Pursuant to Regulation 236 of SEBI (ICDR) Regulations 2018, minimum promoters' contribution should be not less than 20% of the post Issue equity share capital of our Company.

Provided that Promoters' contribution shall be computed on the basis of the post-issue expanded capital:

- (a) assuming full proposed conversion of convertible securities into equity shares – Not Applicable
- (b) assuming exercise of all vested options, where any employee stock options or stock appreciation rights are outstanding at the time of initial public offer – Not Applicable

Further, in terms of Regulation 238(a) of SEBI ICDR Regulations, minimum promoter's contribution will be locked-in for a period of three years from the date of Allotment or date of commencement of commercial production, whichever is later and the Equity Shares held by Promoter of our Company in excess of minimum promoter's contribution will be locked-in in a phased manner i.e. (i) 50% of promoters' holding in excess of minimum promoters' contribution shall be locked in for a period of two years from the date of allotment and (ii) remaining 50% of promoters' holding in excess of minimum promoters' contribution shall be locked in for a period of one year from the date of allotment in the initial public offer.

As on the date of this DRHP, our Promoters collectively hold 68,74,945 Equity Shares constituting [●]% of the Post offer issued, subscribed and paid-up Equity Share capital of our Company, out of which [●] equity shares being 20.00% of the post Issue equity share capital of our Company are eligible for the Promoter's Contribution margin.

An aggregate of minimum 20.00% of the post-issue capital, held by our Promoters shall be considered as Promoter's Contribution ("Minimum Promoter's Contribution") and locked-in for a period of three years from the date of allotment. The lock-in of the Promoter's Contribution would be created as per applicable law and procedure and details of the same shall also be provided to the Stock Exchange before listing of the Equity Shares.

Our Promoters have granted their consents to include such number of Equity Shares held by them as may constitute minimum 20.00% of the post-issue Equity Share Capital of our Company as Promoter's Contribution and have agreed not to sell or transfer or pledge or otherwise dispose of in any manner, the Promoter's Contribution from the date of filing of this draft red herring prospectus until the completion of the lock-in period specified above.

*Assuming full subscription to the Issue

[●] Pre-IPO equity shares of our company held by Our Promoter will be locked-in for 3 (three) years as mentioned above prior to listing of shares.

In terms of Regulation 237 of SEBI ICDR Regulations, our Company confirms that none of the Equity Shares forming part of minimum promoter's contribution –

- Are acquired by our Promoter during preceding three financial years;
 - For consideration other than cash and where revaluation of assets or capitalization of intangible assets was involved; or
 - Through bonus issue of Equity Shares made by utilizing the revaluation reserves or unrealized gain or through bonus issue against equity shares which are ineligible for minimum promoter's contribution;
- Are pledged by our Promoter with any creditor;
- Consist of Equity Shares acquired by our Promoter during preceding one year at a price lower than the Issue Price.

Our Company was incorporated under the Companies Act, 2013 and was not incorporated with the object to takeover proprietorship firm.

The Promoters have severally confirmed that the Equity Shares are eligible in terms of Regulation 237 of SEBI (ICDR) Regulations and that they have not been prohibited from dealings in securities market and the Equity Shares are free from any lien, encumbrance or third-party rights. The Promoters have also severally confirmed that they are the legal and beneficial owners of the Equity.

All the Equity Shares held by our Promoters were fully paid up as on the respective dates of acquisition of such Equity Shares. Our Promoters have confirmed to our Company and the Book Running Lead Manager that the Equity Shares held by our Promoters have been financed from their personal funds, as the case may be, and no loans or financial assistance from any bank or financial institution has been availed of by them for such purpose.

(ii) Details of Equity Shares Locked-in for two (2) years and one (1) year

In excess of minimum 20% of the post-Issue shareholding of our Company held by the Promoter (locked in for three years as specified above), the balance pre-issue share capital of our Company held by promoters shall be locked in for a period as provided in clause 238(b) of SEBI (ICDR) Regulations 2018 which is as follows:-

- a. fifty percent. of promoters' holding in excess of minimum promoters' contribution shall be locked in for a period of two years from the date of allotment in the initial public offer; and
- b. remaining fifty percent of promoters' holding in excess of minimum promoters' contribution shall be locked in for a period of one year from the date of allotment in the initial public offer.

Further, in terms of Regulation 239 of SEBI ICDR Regulations, entire pre-Issue equity shares capital of our Company held by persons other than our Promoter will be locked-in for a period of one year from the date of Allotment in the Issue.

(iii) Other requirements in respect of lock-in

➤ **Inscription or recording of non-transferability:**

In terms of Regulation 241 of the SEBI (ICDR) Regulations, 2018, our Company confirms that certificates of Equity Shares which are subject to lock in shall contain the inscription "Non-Transferable" and specify the lock-in period and in case such equity shares are dematerialized, the Company shall ensure that the lock in is recorded by the Depository.

➤ **Pledge of Locked-in Equity Shares**

Pursuant to Regulation 242 of the SEBI ICDR Regulations, the locked-in Equity Shares held by the Promoter, as specified above, can be pledged with any scheduled commercial banks or public financial institutions or systemically important non-banking finance company or housing finance company as collateral security for loans granted by such scheduled commercial banks or public financial institutions or systemically important non-banking finance company or housing finance company, subject to fulfilment of following conditions:

- i. In respect of Equity Shares which are locked in for a period of one year, the pledge of the Equity Shares is one of the terms of the sanction of the loan;
- ii. In respect of Equity Shares which are locked in for a period of three years, the loan has been granted by such scheduled commercial bank or public financial institution or systemically important non-banking finance company or housing finance company to our Company or our Subsidiary (ies) for the purpose of financing one or more of the objects of the Issue and the pledge of the Equity Shares is one of the terms of the sanction of the loan.

➤ **Transfer of Locked-in Equity Shares**

In terms of Regulation 243 of the SEBI (ICDR) Regulations, 2018 and subject to provisions of Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 as applicable;

- a) The Equity Shares held by our Promoters and locked in as per Regulation 238 of the SEBI (ICDR) Regulations, 2018 may be transferred to another Promoters or any person of the Promoters' Group or to a new promoter(s) or persons in control of our Company, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock-in period stipulated has expired.
- b) The equity shares held by persons other than promoters and locked in as per Regulation 239 of the SEBI (ICDR) Regulations, 2018 may be transferred to any other person (including Promoter and Promoters' Group) holding the equity shares which are locked-in along with the equity shares proposed to be transferred,

subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock-in period stipulated has expired.

(iv) Sale/Purchase by Promoter Group and/or by directors of Company which is promoter of our company and/or by the director of our company and their immediate relatives during six months preceding the date of this draft red herring prospectus:

There is no other Sale/Purchase by Promoter Group and/or by directors of Company which is promoter of our company and/or by the director of our company and their immediate relatives during six months preceding the date of this draft red herring prospectus except as mentioned in this chapter and Draft Red Herring Prospectus.

- (n)** Our Company, its Directors, Promoters or the Book Running Lead Manager have not entered into any buy-back or standby arrangements for the purchase of the Equity Shares of our Company.
- (o)** The Equity Shares issued pursuant to this Issue shall be fully paid-up.
- (p)** Our Company is in compliance with the Companies Act, 2013 with respect to issuance of securities since inception till the date of filing of Draft Red Herring Prospectus except as otherwise mentioned in **“Risk Factors”** beginning on Page 24 of Draft Red Herring Prospectus, if any.
- (q)** The Book Running Lead Manager and its associates do not hold any Equity Shares in our Company as on the date of filing this Draft Red Herring Prospectus.
- (r)** There are no options granted or equity shares issued under any scheme of employee stock option or employee stock purchase of issuer, in the preceding three years (separately for each year) and on a cumulative basis for all options or equity shares issued prior to the date of the draft red herring prospectus.
- (s)** There are no outstanding warrants, options or rights to convert debentures, loans or other instruments into Equity Shares as on the date of this Draft Red Herring Prospectus.

Other miscellaneous disclosures:

1. None of the Equity Shares of our Company are subject to any pledge as on the date of this Draft Red Herring Prospectus.
2. None of the shareholding of the Promoters & Promoter Group is subject to lock-in as on date of this Draft Red Herring Prospectus.
3. Except as disclosed in the chapter titled **“Our Management”** beginning on page 139 of this draft red herring prospectus, none of our directors or Key Managerial Personnel or Senior Management holds any Equity Shares in our Company.
4. None of our Promoters, Promoter Group, our directors and their relatives has entered into any financing arrangements or financed the purchase of the Equity shares of our Company by any other person during the period of six (6) months immediately preceding the date of filing of the Draft Red Herring Prospectus.
5. We hereby confirm that there will be no further issue of capital whether by the way of issue of bonus shares, preferential allotment, right issue or in any other manner during the period commencing from the date of the Draft Red Herring Prospectus until the Equity shares offered have been listed or application money unblocked on account of failure of issue.
6. Our Company undertakes that there shall be only one (1) denomination for the Equity Shares of our Company, unless otherwise permitted by law. Our Company shall comply with such disclosure and accounting norms as specified by SEBI from time to time.
7. Our Company has not issued Equity Shares out of Revaluation Reserves.
8. Our Company shall comply with such disclosures and accounting norms as may be specified by NSE, SEBI and other regulatory authorities from time to time.

9. Our Company has not made any public issue of any kind or class of securities of our Company within the immediately preceding two (2) years prior to filing this draft red herring prospectus.
10. Our Company has not raised any bridge loan against the proceeds of this issue.
11. Our Company, Directors, Promoters or members of our Promoter Group shall not make any payments, direct or indirect, discounts, commissions, allowances or otherwise under this Issue except as disclosed in this Draft Red Herring Prospectus.
12. Our Company has not revalued its assets since incorporation.
13. An over-subscription to the extent of 10% of the Net Issue can be retained for the purpose of rounding off to the nearest integer during finalizing the allotment, subject to minimum allotment, which is the minimum application size in this Issue. Consequently, the actual allotment may go up by a maximum of 10% of the Net Issue, as a result of which, the post-issue paid up capital after the Issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoter and subject to three (3) years lock- in shall be suitably increased; so as to ensure that 20% of the post Issue paid-up capital is locked in.
14. Under subscription, if any, in any of the categories, would be allowed to be met with spill-over from any of the other categories or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and Designated Stock Exchange. Such inter-se spill over, if any, would be effected in accordance with applicable laws, rules, regulations and guidelines.

Nonetheless, the unsubscribed portion in either of the sub-categories specified in clauses (a) or (b) of Regulation 253 of SEBI ICDR Regulations, may be allocated to applicants in the other sub-category of non-institutional investors.

15. In case of over-subscription in all categories the allocation in the issue shall be as per the requirements of SEBI (ICDR) Regulations.
16. A Bidder cannot make an application for more than the number of Equity Shares being Issued/Offered through this Draft Red Herring Prospectus, subject to the maximum limit of investment prescribed under relevant laws applicable to each category of investors.
17. There are no Equity Shares against which depository receipts have been issued.
18. Other than the Equity Shares, there is no other class of securities issued by our Company.
19. There is no Buyback, stand by, or similar arrangement by our Company/Promoters/Directors/BRLM for purchase of Equity Shares issued / offered through this Draft Red Herring Prospectus.
20. This issue is being made through Book Building method.
21. Our Company shall ensure that transactions in the Equity Shares by the Promoters and the Promoter Group between the date of filing of the draft offer document or offer document, as the case may be, and the Offer Closing Date shall be reported to the Stock Exchange within twenty-four hours of such transactions.
22. BRLM to the Issue viz. Finshore Management Services Limited and its associates do not hold any Equity Shares of our Company
23. As per RBI regulations, OCBs are not allowed to participate in this Issue.
24. This Issue is being made in terms of Section IX of the SEBI (ICDR) Regulations 2018, as amended from time to time. The Issue is being made through the Book Building method and hence, as per Regulation 253 (1) of SEBI (ICDR) Regulations 2018, the allocation in the net issue to public category shall be made as follow:
 - (a) not less than thirty-five per cent (35%) to individual investors who applies for minimum application size;
 - (b) not less than fifteen per cent (15%) to non-institutional investors; and
 - (c) not less than fifty per cent (50%) to qualified institutional buyers, five per cent. (5%) of which shall be allocated to mutual funds.

Provided that the unsubscribed portion in either of the categories specified in clauses (a) or (b) may be allocated to Bidders in any other category.

Provided further that in addition to five per cent. allocation available in terms of clause (c), mutual funds shall be eligible for allocation under the balance available for qualified institutional buyers.

In terms of Regulation 253 (2) of SEBI (ICDR) Regulations 2018, the allocation in the non-institutional investors' category shall be as follows:

(a) one third of the portion available to non-institutional investors shall be reserved for applicants with application size of more than two lots and up to such lots equivalent to not more than ₹10 lakhs;

(b) two third of the portion available to non-institutional investors shall be reserved for applicants with application size of more than ₹10 lakhs.

Provided that the unsubscribed portion in either of the sub-categories specified in clauses (a) or (b), may be allocated to applicants in the other sub-category of non-institutional investors.

25. Our Promoters and members of our Promoter Group will not participate in the Issue.

SECTION VII: PARTICULARS OF THE ISSUE

OBJECTS OF THE ISSUE

The Issue includes a fresh Issue of up to **29,46,000** Equity Shares of our Company having face value of ₹ 10/- each at an Issue Price of ₹ [●]/- per Equity Share aggregating to ₹ [●] Lakhs. Our Company proposes to utilize the funds which are being raised through this Issue towards the below mentioned objects and gain benefits of listing on Stock Exchange.

The Objects of the Issue are:

- A. Working Capital Requirements
- B. General Corporate Purposes
- C. To meet the Issue Expenses

Our Company believes that listing will enhance our Company's corporate image, visibility of our brand name and create a public market for its Equity Shares in India. It will also make future financing easier and affordable in case of expansion or diversification of the business. Further, listing attracts interest of institutional investors as well as foreign institutional investors.

The main objects clause of our Memorandum enables our Company to undertake the activities for which funds are being raised in the Issue. The existing activities of our Company are within the objects clause of our Memorandum. The fund requirement and deployment are based on internal management estimates and has not been appraised by any bank or financial institution.

*To be determined upon finalisation of the Issue Price and updated in the Red Herring Prospectus / Prospectus prior to filing with the RoC. The amount utilised for general corporate purposes shall not exceed 15% of the Gross Proceeds or ₹10 crores, whichever is less.

The fund requirement and deployment are based on internal management estimates and have not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in light of changes in internal/external circumstances or costs or other financial conditions, business or strategy, as discussed further below. In case of variations in the actual utilization of funds allocated for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in this Issue. If surplus funds are unavailable, the required financing will be through our internal accruals and/or debt. If the actual utilization towards any of the Objects is lower than the proposed deployment such balance will be used for future growth opportunities including funding existing objects, subject to regulatory approval required under applicable law. In case of delays in raising funds from the Issue, our Company may deploy certain amounts towards any of the above-mentioned Objects through a combination of Internal Accruals or Unsecured Loans (Bridge Financing) and in such case the funds raised shall be utilized towards repayment of such Unsecured Loans or recouping of Internal Accruals. However, we confirm that no bridge financing has been availed as on date, which is subject to being repaid from the Issue Proceeds.

Our Company proposes to deploy the entire Net Proceeds towards the aforementioned Objects during Fiscal 2025-26. In the event that the estimated utilization of the Net Proceeds in scheduled fiscal year is not completely met, the same shall be utilized in the next fiscal year, as may be determined by the Board, in accordance with applicable laws.

We may have to revise our funding requirements and deployment on account of a variety of factors such as our financial conditions, business strategy, and external factors such as market condition, result of changes in commercial or other factors, which may not be within the control of our management. This may entail re-scheduling or revising or increasing or decreasing the fund requirements for a particular purpose from its fund requirements mentioned below, at the discretion of our management subject to compliance of applicable law. In case of any such re-scheduling, it shall be made by compliance of the relevant provisions of the Companies Act, 2013 and other applicable law.

Means of Finance:

The fund requirement for the objects is proposed to be met from the IPO Proceeds, Short Term borrowings and equity/internal accruals. As on date of this Draft Red Herring Prospectus, the aggregate amount sanctioned by the banks to our Company to meet working capital requirement is ₹716.16 lakhs consists of fund based working capital facilities.

Accordingly, we confirm that we are in compliance with the requirements under Regulation 230(1)(e) of the SEBI ICDR Regulations and Clause 9(C) of Part A of Schedule VI of the SEBI (ICDR) Regulations (which requires firm arrangements of finance through verifiable means for 75% of the stated means of finance, excluding the Issue Proceeds and existing identifiable internal accruals).

Details breakup of the Use of the Proceeds**A. Working Capital Requirement and basis of estimation:**

Our business is highly working capital intensive and the company funds a majority of the working capital requirement through internal accruals and short-term borrowings. As on March 31, 2025, the Company has total secured sanctioned limit of fund based working capital facilities of ₹ 716.16 lakhs out of which they have utilized ₹ 526.26 lakhs. The major working capital are required for procuring the raw materials and products we deal in, Work in Progress for Finished Goods, Advance to suppliers and Sundry Debtors etc. as the money gets blocked in them.

Based on our management estimations, and for other strategic, business and corporate purposes, we require additional fund for our future growth requirements. Our working capital requirement has been increased from ₹848.17 lakhs in FY 2022-23 to ₹1379.84 lakhs in FY 2024-25 due to increase in revenue from operations of ₹3513.23 lakhs in FY 2022-23 to ₹4514.01 lakhs in FY 2024-25. Our working capital requirement is expected to be ₹ 2908.20 lakhs for FY 2025-26 and ₹ 4413.76 for FY 2026-27 lakhs based on our management estimation as per the current market demand.

Our Company proposed to utilise up to ₹1495.98 lakhs of the Net Proceeds towards funding the working capital requirements of our Company in the ordinary course of business and the balance will be met from internal accruals and borrowings at an appropriate time as per the requirement.

Rationale for change in working capital requirements

Skytech Infinite Platform Limited specializes in providing comprehensive turnkey automation solutions, encompassing Design, Engineering, Supply, Installation & Commissioning (I&C), and Maintenance of various types of Control Panels—from conceptualization to completion.

Our company is engaged in the manufacturing of Automation Control Panels, with a focus on integrating Programmable Logic Controllers (PLCs), drive systems, switchgear, and sensors to streamline industrial automation processes and optimizing commissioning solutions for enhanced performance. These panels are meticulously designed and assembled to include components such as PLCs, drives, switchgears, sensors, and actuators. Each element is precisely wired to ensure seamless operation, efficient troubleshooting, and optimized commissioning of automated systems.

Our Revenue from operations has been increased from ₹3,513.23 Lakhs in FY 2022-23 to ₹4,514.01 Lakhs in FY 2024-25 i.e. revenue from operation increased by ₹ 1,000.78 Lakhs. Wherein, working capital gap for the same period has been increased from ₹848.17 lakhs to ₹1,379.84 lakhs i.e. working capital gap increased by ₹531.67 lakhs due to increase in operation and turnover.

The company foresees a promising trajectory in turnover. With the help of incremental working capital in hand via IPO. Our working capital requirement is further expected to be ₹2,908.20 lakhs for FY 2026-26 and ₹4,413.76 lakhs for FY 2026-27 based on our current business plan, prevailing market conditions internal management estimation,

expected holding periods of Sundry Debtors, Inventories, Sundry Creditors, and other commercial and technical factors etc in line with proportionally expected increase in business operation and increase in expected turnover. The major working capital are required for procuring the materials for the products we deal in, maintaining inventories, advance to suppliers and Sundry Debtors etc. as the money gets blocked in them.

Assumption on working capital requirement:

We have estimated our working capital requirement based on the following holding periods which are as per industry standard:

Particulars	31-03-2027	31-03-2026	31-03-2025	31-03-2024	31-03-2023
Sundry Debtors Holding period (In Days)	120	120	129	89	118
Inventory Holding Period (In Days)	60	60	38	54	83
Sundry Creditor Holding Period (In Days)	30	30	89	98	134

Justification for Holding Period:

Particulars	Details
Sundry Debtors Holding period	<p>The holding levels of trade receivables were at 118 days in Fiscal 2023, 89 days in Fiscal 2024, 129 days in Fiscal 2025. The sundry debtor holding periods depends on lots of factor like prevailing market condition, customers demand, trust to capture market etc. Sometimes, we have to also offer extra credit period to boost the topline and retained the clients or to get new clients.</p> <p>Going forward, we are estimating to maintain the Debtor holding period at levels of 120 days from FY 2025-26 onwards as per the affordability to increase the top line as well to retain present & future customers as per the demand and market practice and new products that will be added after the new capex to create a market for them with an added credit facility to customers.</p>
Inventory Level Holding Period	<p>The inventory mainly consists of Raw Materials, Work in progress, finished goods etc. Being the nature of our business, Inventory levels are maintained by our Company depending upon the demand. In Fiscal 2023, 2024 and 2025 our average Inventory holding period was 83, 54 and 38 days respectively. Going forward, we are estimating to maintain the Inventory holding period at levels of 60 days from FY 2025-26 onwards as per the prevailing market condition and estimated topline growth in future. By carrying inventory of our components, we will be able to acquire and service more customers which will have a positive impact on our topline and bottom line.</p>
Sundry Creditor Holding Period	<p>The Creditors holding periods depends upon the demand and prevailing market condition. In Fiscal 2023, 2024 and 2025 our Sundry Creditor holding period was 134, 98 and 89 days respectively. Our trade payables mainly comprise of suppliers of raw materials and going forward, we are estimating to maintain the Creditors holding period at levels of 30 days from FY 2025-26 as per the demand, our market practice and due to better expected cash flow and more bargaining power from our suppliers.</p>
Cash & cash Equivalent	<p>Cash equivalents primarily comprise of Cash Balance and Current Account Balances. Our Company is required to maintain fixed deposit with bank as security for non-funded limits. With the increase in topline the requirement for non funded limit is expected to rise. Accordingly, cash equivalents are projected to increase further in line with the growing business requirements.</p>
Short Term Loan & Other Current Assets	<p>The key items under this head are advance to suppliers/employees etc and balance with government authorities. Going forward, we are expecting to more advance payment to our suppliers for reservations and getting better margin from them and accordingly its expected to be increased in near future</p>
Other Current Liabilities	<p>Other current liabilities include advance from customers, provisions, statutory dues, expenses payable, advance from customers etc. However, going forward, we do not foresee any major change and expected to get proportionally increased due to increase in operations and turnover.</p>

Justification for change in working capital requirements*(Rs. In Lakhs, except otherwise mentioned)*

Particulars	31-03-2025	31-03-2024	31-03-2023
	As per Restated Financial		
Revenue from Operation	4,514.01	4,412.85	3,513.23
Total Current Assets	2,265.28	1,828.57	1,945.15
Working Capital Gap	1,379.84	817.87	848.17
Current Assets to Turnover Ratio	50.18%	41.44%	55.37%
Working capital gap to Turnover Ratio	30.52%	18.53%	24.13%
Working Capital Cycle	77	45	67

Due to increases in volume of operation and increased turnover, our working capital gap has been increased from ₹848.17 Lakhs to ₹ 1,379.84 Lakhs from FY 2022-23 to FY 2024-25. Our working capital cycle has also increased from 67 days in FY 2022-23 to 77 days in FY 2024-25 due to increase in Revenue. The working capital gap to turnover ratio and Current Assets to Turnover ratio has also increased from FY 2022-23 to FY 2024-25 as mentioned above. Based on the above trend, our management feels that the same will increase further in future due to estimated increased turnover.

From the fiscal year 2026 onwards, it is anticipated that the working capital will experience an increase as a result of the projected upsurge in total sales. The amplified sales volumes necessitate augmented working capital in order to effectively manage expanded inventories, trade receivables and provide the necessary support for the extended operations.

There was notable increase in working capital, primarily attributed to a substantial rise in transaction volume and revenue generation. This surge in business activity has positively impacted our overall working capital position. The significant increase in transaction volume has led to a discernible expansion in the working capital gap. These identified factors, in combination with other expenses collectively contribute to the heightened working capital requisite in 2026 onwards.

The company foresees a rise in working capital needs on account of continuous increase in the revenue from business operations of the company in F.Y. 2025-26. The Inventory levels will also increase to the levels of Rs. 1,001.74 lakhs in FY 2025-26 and Rs. 1,502.61 lakhs in FY 2026-27.

The trade receivables of the company are estimated at Rs. 2,003.48 Lakhs in FY 2025-26 and Rs. 3,005.22 lakhs in FY 2026-27 which is in commensurate with the revenue from operations of the company in respective years. The trade receivable holding period are estimated at 120 days for the F.Y. 2025-26 onwards as compared to 129 days in F.Y. 2024-25.

The estimated trade payables of the company is expecting to Rs. 340.24 Lakhs in F.Y. 2025-26 and Rs. 510.37 Lakhs in F.Y. 2026-27. The trade payables holding period are estimated at 30 days for the F.Y. 2025-26 onwards as compared to 89 days in F.Y. 2024-25 as company aims to improve its creditability in the market with timely payments to its creditors thereby reducing its overall trade payable days. All these combined has resulted in the increase in working capital requirement of the company.

Accordingly, while the net working capital has increased in absolute terms corresponding to the increase in the revenue from operations of our Company, the working capital as days such as inventory days, trade receivable days, fixed deposits towards bank guarantee in days, other current assets in days and trade payable in days is line with the historical trends.

The company is planning an ambitious expansion strategy aimed at capturing new markets and scaling its operations to meet the growing demand for its products through this incremental working capital in hand via IPO. As part of this plan, the company will enter new geographies while simultaneously increasing its footprint in existing markets, expanding product portfolio, and addressing the associated financial requirements to support this growth.

B. General Corporate Purpose:

The Net Proceeds will be first utilized towards the Objects as mentioned above. The balance is proposed to be utilized for general corporate purposes, subject to such utilization not exceeding 15% of the amount being raised by our Company through this issue or ₹ 10.00 crores whichever is lower, in compliance with the Chapter IX, Regulation 230 (2) of SEBI ICDR Regulations, 2018. Our Company intends to deploy the balance Net Proceeds i.e., ₹ [●] Lakhs, which is [●]% of the amount being raised by our company through this issue, towards general corporate purposes, subject to above mentioned limit, as may be approved by our management, including but not restricted to, the following:

The above KPIs of our Company have also been disclosed, along with other key financial and operating metrics, in **“Our Business”** and **“Management’s Discussion and Analysis of Financial Condition and Results of Operations”** beginning on page 106 and 205 respectively of Draft Red Herring Prospectus. All such KPIs have been defined consistently and precisely in **“Definitions and Abbreviations”** on page 2 of Draft Red Herring Prospectus.

Explanation for the Key Performance Indicators

1. Total Income means Revenue from Operations and Other Incomes as appeared in the Restated Financial Statements;
2. Total Income Growth (%) is calculated as a percentage of Total Income of the relevant period minus Total Income of the preceding period, divided by Total Income of the preceding period.
3. Revenue from operations means Revenue from Operations as appearing in the Restated Financial Statements;
4. EBITDA (operating profit) means Earnings before interest, taxes, depreciation and amortisation expense, which has been arrived at by obtaining the profit before tax/ (loss) for the year / period and adding back finance costs, depreciation and amortisation and impairment expense and reducing other income;
5. EBITDA Margin is calculated as EBITDA as a percentage of revenue from operations;
6. PAT represents total profit after tax for the year / period;
7. PAT Growth (%) is calculated as a percentage of PAT of the relevant period minus PAT of the preceding period, divided by PAT of the preceding period.
8. PAT Margin is calculated as PAT divided by total income;
9. Basic and Diluted EPS = PAT divided by weighted average no. of equity shares outstanding during the year / period, as adjusted for changes in capital due to sub-division of equity shares; For Diluted EPS, the weighted no. of shares shall include the impact of potential convertible securities;
10. Total Borrowings are calculated as total of current and non-current borrowings;
11. “Net worth” means the aggregate value of the paid-up share capital and all reserves created out of the profits and securities premium account and debit or credit balance of profit and loss account, after deducting the aggregate value of the accumulated losses, deferred expenditure and miscellaneous expenditure not written off, but does not include

reserves created out of revaluation of assets, capital reserve, write-back of depreciation and amalgamation as per SEBI ICDR Regulations;

12. "RONW" is calculated Profit after Tax for the period / Net Worth
13. "ROCE%": is calculated by dividing total Capital Employed from EBIT i.e. Earnings before Interest and Taxation. Capital Employed is total of Shareholders equity and total debt (if any).
14. Debt Equity Ratio: This is defined as total debt divided by total equity. Total debt is the sum of total current & noncurrent borrowings; total equity means sum of equity share capital and other equity;

Set forth the description of historic use of the KPIs by our Company to analyse, track or monitor the operational and/or financial performance of our Company.

For evaluation of our business, we consider that the KPIs, as presented above, as additional measures to review and assess our financial and operating performance. These KPIs have limitations as analytical tools and presentation of these KPIs should not be considered in isolation or as a substitute for the Restated Consolidated Financial Information. Further, these KPIs may differ from the similar information used by other companies, including peer companies, and hence their comparability may be limited. Although these KPIs are not a measure of performance calculated in accordance with applicable accounting standards, our Company's management believes that it provides an additional tool for investors to use our operating results and trends and in comparing our financial results with other companies in our industry as it provides consistency and comparability with past financial performance.

7. Weighted Average Cost of Acquisition:

- (a) The price per share of our Company (as adjusted for corporate actions e.g. split, bonus etc.) based on the primary/ new issue of shares (equity / convertible securities)

There have been no issuance of Equity Shares or convertible securities, excluding shares issued under ESOP/ESOS and issuance of bonus shares, during the 18 months preceding the date of the Draft Red Herring Prospectus, where such issuance is equal to or more than 5% of the fully diluted paid-up share capital of the Company (calculated based on the pre-issue capital before such transaction(s)), in a single transaction or multiple transactions combined together over a span of 30 days.

(b) The price per share of our Company (as adjusted for corporate actions e.g. split, bonus etc.) based on the secondary sale / acquisition of shares (equity / convertible securities)

There have been no secondary sale/ acquisitions of Equity Shares, where the Promoters, members of the promoter group or shareholder(s) having the right to nominate director(s) in the board of directors of the Company are a party to the transaction (excluding gifts of shares), during the 18 months preceding the date of this certificate, where either acquisition or sale is equal to or more than 5% of the fully diluted paid up share capital of the Company (calculated based on the pre-issue capital before such transaction/s and excluding employee stock options granted but not vested), in a single transaction or multiple transactions combined together over a span of rolling 30 days.

(c) The price per share of issuer Company based on the secondary sale / acquisition of shares (equity / convertible securities)

Since there are no such transactions to report to under (a) and (b) therefore, information based on last 5 primary or secondary transactions (secondary transactions where Promoters / Promoter Group members or shareholder(s) having the right to nominate director(s) in the Board of our Company, are a party to the transaction), not older than 3 years prior to irrespective of the size of transactions, is as below:

Primary Transaction:

Date of Allotment	No. of Equity Shares	Face Value (in ₹)	Issue Price (in ₹)	Nature/Reason of Allotment	Nature of Consideration	Total Consideration (in ₹)
Nil						

Secondary Transaction:

Date of Allotment/ Transfer	No. of Equity Shares	Face Value (in ₹)	Issue Price /Acquisition Price / Transfer price per Equity Share (in ₹)	Nature of acquisition (Allotment/ Acquired/ transfer)	Nature of Consideration	Total Consideration (in ₹)
29-01-2025	5	10.00	160.00	Transfer	Cash	800
Weighted Average Cost of Acquisition (WACA) per Equity Share						160.00
Weighted average cost of acquisition after Bonus Shares Adjustment #						14.55

(d) Weighted Average Cost of Acquisition and Offer Price

Type of Transactions	Weighted average cost of acquisition (₹ per Equity Shares)	Floor Price (i.e. ₹ [●]/-)	Cap Price (i.e. ₹ [●]/-)
Weighted average cost of acquisition of primary / new issue as per paragraph 7(a) above.	N.A.	N.A.	N.A.
Weighted average cost of acquisition for secondary sale / acquisition as per paragraph 7(b) above.	N.A.	N.A.	N.A.
Weighted average cost of acquisition of primary issuances /secondary transactions as per paragraph 7(c) above	14.55	[●]	[●]

- The face value of Equity Shares of issuer Company is ₹ 10/- per Equity Share and the Issue Price of ₹ [●]/- per Equity Share is [●] times the face value.
- Explanation for Issue Price / Cap Price being [●] times of weighted average cost of acquisition of primary issuance price / secondary transaction price of Equity Shares along with our Company's KPIs and financial ratios for the year ended on March 31, 2025, March 31, 2024, and March 31, 2023.
- The Issue Price of ₹ [●]/- is determined by our Company in consultation with the Book Running Lead Manager on the basis of the demand from investors for the Equity Shares through the Book Building Method and is justified in view of the above qualitative and quantitative parameters. Investors should read the abovementioned information along with "Risk Factors", "Our Business" and "Restated Financial Information" beginning on pages 24, 106 and 164, respectively of the Draft Red Herring Prospectus, to have a more informed view.

Annexure to the statement of Possible Tax Benefits**A. DIRECT TAXATION**

Outlined below are the possible Special tax benefits available to the Company **Skytech Infinite Platform Limited** (Formerly known as M/s. Skytech Infinite Platform Private Limited) and its shareholders under the Income Tax Act, 1961 (“The Act”) presently forced in India.

YOU SHOULD CONSULT YOUR OWN TAX ADVISORS CONCERNING THE INDIAN TAX IMPLICATIONS AND CONSEQUENCES OF PURCHASING, OWNING AND DISPOSING OF EQUITY SHARES IN YOUR PARTICULAR SITUATION.

1. Special Tax Benefits available to the Company under the Act:

Section 115BAB of the Act, as inserted vide the Taxation Laws (Amendment) Act, 2019, provides that domestic company has to opt for a corporate tax rate of 15% (plus applicable surcharge and education cess) for the financial year 2019-20 onwards, provided the total income of the company is computed without claiming certain specified incentives/deductions or set-off of losses, depreciation etc. and claiming depreciation determined in the prescribed manner. As company opts for section 115BAB, provisions of Minimum Alternate Tax (‘MAT’) would not be applicable and unutilized MAT credit will not be available for set-off. The option needs to be exercised on or before the due date of filing the tax return. Option once exercised, cannot be subsequently withdrawn for the same or any other tax year. The Company may claim such beneficial tax rate in future years’ subject to giving away any other income-tax benefits under the Act (other than the deduction available under section 80JJAA and 80M of the Act) and fulfilling the then prevailing provisions under the Act.

Subject to the fulfilment of prescribed conditions, the Company is entitled to claim deduction under section 80JJAA of the Act with respect to an amount equal to 30% of additional employee cost (relating to specified category of employees) incurred in the course of business, for three assessment years including the assessment year relevant in which such employment is provided. Further, where the Company wishes to claim such possible tax benefit, it shall obtain necessary certification from Chartered Accountant on fulfilment of the conditions under the extant provisions of the Act.

Section 115BAA was inserted in the Act by the Taxation Laws (Amendment) Act, 2019 (‘the Amendment Act, 2019’) w.e.f. April 1, 2020 (Assessment Year 2020-21). Section 115BAA grants an option to a domestic company to be governed by the section from a particular assessment year. If a company opts for section 115BAA of the Act, it can pay corporate tax at a reduced rate of 22% (plus applicable surcharge and education cess).

Section 115BAA of the Act further provides that domestic companies availing the option will not be required to pay Minimum Alternate Tax (‘MAT’) on their ‘book profit’ under section 115JB of the Act. However, such a company will no longer be eligible to avail certain specified exemptions / incentives under the Act and will also need to comply with certain other conditions specified in section 115BAA of the Act.

If a company opts for section 115BAA, the tax credit (under section 115JAA), if any, which it was entitled to on account of MAT paid in earlier years, will no longer be available. Further, it shall not be allowed to claim set-off of any brought forward loss arising to it on account of additional depreciation and other specified incentives.

The Company has represented to us that it has opted for section 115BAA.

2. Special Tax Benefits available to the shareholders of the Company:

The Shareholders of the Company are not entitled to any special tax benefits under the Act; However, such shareholders shall be liable to concessional tax rates on certain incomes under the extant provisions of the Act.

- i) **Dividend Income:** Dividend income earned by the shareholders would be taxable in their hands at the applicable rates. However, in case of shareholders who are individuals, Hindu Undivided Family, Association of Persons, Body of Individuals, whether incorporated or not and every artificial juridical person, maximum rate of surcharge would be restricted to 15%, irrespective of the amount of dividend. Further in case the shareholder is a domestic company, deduction under Section 80M of the Income tax act would be available on fulfilling certain conditions.
- ii) **Tax on Long-Term Capital Gain:** As per Section 112A of the Income Tax Act, Long-Term Capital Gains arising from transfer of equity shares, shall be taxed as mentioned below of such capital gains subject to payment of securities transaction tax on acquisition and transfer of equity shares. However, no tax under the said section shall be levied where such capital gains does not exceed INR 1,25,000 in a financial year.
 - (a) On long-term capital gains at the rate of 10% (Ten per cent) for any transfer which takes place before the 23rd day of July, 2024; and
 - (b) On long-term capital gains, at the rate of 12.50% (Twelve and one-half per cent) for any transfer which takes place on or after the 23rd day of July, 2024.
- iii) **Tax on Short-Term Capital Gain:** As per Section 111A of the Income Tax Act, Short-Term Capital Gains arising from transfer of equity shares, shall be taxed as mentioned below-
 - (a) At the rate of 15% (Fifteen per cent) for any transfer which takes place before the 23rd day of July, 2024; and
 - (b) At the rate of 20% (Twenty per cent) for any transfer which takes place on or after the 23rd day of July, 2024.
- iv) **Double Taxation Avoidance Agreement benefit:** In respect of non-resident shareholders, the tax rates and the consequent taxation shall be further subject to any benefits available under the applicable Double Taxation Avoidance Agreement, if any, between India and the country in which the non-resident has fiscal domicile and fulfilment of other conditions to avail the treaty benefit.

B. INDIRECT TAXATION

Outlined below are the special tax benefits available to the Company and its shareholders under the Central Goods and Services Tax Act, 2017/ Integrated Goods and Services Tax Act, 2017 read with Rules, Circulars, and Notifications ("GST law"), the Customs Act, 1962, Customs Tariff Act, 1975 ("Customs law") and Foreign Trade Policy 2015-2020 ("FTP") (collectively referred as "Indirect Tax").

1. Special tax benefits available to the Company:

1. Benefits under The Foreign Trade (Development and Regulation) Act, 1992 (read with Foreign Trade Policy 2015-20)

i. Remission of duties and taxes on Exported Products (RoDTEP)

Remission of duties and taxes on Exported Products (RoDTEP) scheme has replaced Merchandise Export from India Scheme (MEIS). Under the scheme, rebate of duty and taxes which is not refunded under any other Scheme will be given in the form of duty credit/electronic scrip. The scheme was notified from 1 January 2022 with the intention to boost exports. The rate of duty of remission for the products under RoDTEP scheme has been notified by the Government of India and it ranges from 0.5 percent to 4 percent.

ii. Export Promotion Capital Goods (EPCG)

The objective of the Export Promotion Capital Goods (EPCG) Scheme is to facilitate import of capital goods for producing quality goods and services and enhance manufacturing competitiveness. EPCG Scheme allows import of capital goods that are used in pre-production, production and post-production without the payment of customs duty. The benefit under the scheme is subject to an export value equivalent to 6 times of duty saved on the importation of such capital goods within 6 years from the date of issuance of the authorization. EPCG license holder is exempted from payment of whole of Basic Customs Duty, Additional Customs Duty and Special Additional Duty In lieu of Value Added Tax/local taxes (non-GST goods), Integrated Goods and Services Tax and Compensation Cess, wherever applicable, subject to certain conditions.

2. Benefits under the Central Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017, Integrated Goods and Services Tax Act, 2017 (read with relevant Rules prescribed thereunder)

Under the GST regime, all supplies of goods and services which qualify as export of goods or services are zero-rated supplies.

There are two mechanisms for claiming refund of accumulated ITC against export. Either person can export under Bond/ Letter of Undertaking (LUT) as zero-rated supply and claim refund of accumulated Input Tax Credit or person may export on payment of integrated Goods and Services Tax and claim refund thereof as per the provisions of Section 54 of Central Goods and Services Tax Act, 2017.

Thus, the GST law allows the flexibility to the exporter (which will include the supplier making supplies to SEZ) to claim refund upfront as integrated tax (by making supplies on payment of tax using ITC) or export without payment of tax by executing a Bond/LUT and claim refund of related ITC of taxes paid on inputs and input services used in making zero rated supplies.

The Company has represented to us that it's exports are performed under LUT under GST law.

2. Special tax benefits available to the shareholders of the Company

Shareholders of the Company are not eligible to special indirect tax benefits under the provisions of the Central Goods and Services Act, 2017 (read with Central Goods and Services Tax Rules, circulars, notifications), respective State Goods and Services Tax Act, 2017 (read with respective State Goods and Services Tax Rules, circulars, notifications), Integrated Goods and Services Tax Act, 2017 (read with Integrated Goods and Services Tax Rules, circulars, notifications), The Foreign Trade (Development and Regulation) Act, 1992 (read with Foreign Trade Policy 2015-20), Customs Act, 1962 (read with Custom Rules, circulars, notifications), Customs Tariff Act, 1975 (read with Custom Tariff Rules, circulars, notifications).

Notes:

- a) All the above benefits are as per the current tax laws and will be available only to the sole / first name holder where the shares are held by joint holders.
- b) The above statement of Direct/Indirect Tax Benefits sets out the special tax benefits available to the Company and its shareholders under the current tax laws presently in force in India.
- c) This statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences, the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the issue.
- d) This statement does not discuss any tax consequences in the country outside India of an investment in the Shares. The subscribers of the Shares in the country other than India are urged to consult their own professional advisers regarding possible income-tax consequences that apply to them.

- e) The views are based on the existing provisions of law and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes.

No assurance is given that the revenue authorities/courts will concur with the views expressed herein. Our views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. We do not assume responsibility to update the views consequent to such changes. We do not assume responsibility to update the views consequent to such changes. We shall not be liable to any claims, liabilities or expenses relating to this assignment except to the extent of fees relating to this assignment, as finally judicially determined to have resulted primarily from bad faith or intentional misconduct. We will not be liable to any other person in respect of this statement.

GLOBAL ECONOMY**Executive Summary**

Global growth is slowing due to a substantial rise in trade barriers and the pervasive effects of an uncertain global policy environment. Growth is expected to weaken to 2.3 percent in 2025, with deceleration in most economies relative to last year. This would mark the slowest rate of global growth since 2008, aside from outright global recessions. In 2026-27, a tepid recovery is expected, leaving global output materially below January projections. Progress by emerging market and developing economies (EMDEs) in closing per capita income gaps with advanced economies and reducing extreme poverty is anticipated to remain insufficient. The outlook largely hinges on the evolution of trade policy globally. Growth could turn out to be lower if trade restrictions escalate or if policy uncertainty persists, which could also result in a build-up of financial stress. Other downside risks include weaker-than-expected growth in major economies with adverse global spillovers, worsening conflicts, and extreme weather events. On the upside, uncertainty and trade barriers could diminish if major economies reach lasting agreements that address trade tensions. The ongoing global headwinds underscore the need for determined multilateral policy efforts to foster a more predictable and transparent environment for resolving trade tensions, some of which stem from macroeconomic imbalances. Global policy efforts are also needed to confront the deteriorating circumstances of vulnerable EMDEs amid prevalent conflict and debt distress, while addressing long-standing challenges, including the effects of climate change. National policy makers need to contain risks related to inflation as well as strengthen their fiscal positions by raising additional domestic revenues and re-prioritizing spending. To facilitate job creation and boost long-term growth prospects in EMDEs, reforms are essential to enhance institutional quality, stimulate private investment growth, develop human capital, and improve labor market functioning.

Summary After being buffeted by a series of adverse shocks over 2020-24, the global economy is facing another significant headwind this year, with increased trade barriers and heightened policy uncertainty leading to a notable deterioration of the outlook relative to January (figure 1.1.A). In particular, global output is expected to grow at its weakest pace since 2008, aside from outright global recessions (figure 1.1.B). The sharp increase in tariffs and the ensuing uncertainty are contributing to a broad-based growth slowdown and deteriorating prospects in most of the world's economies (figure 1.1.C). Subdued global growth prospects are unlikely to improve materially without policy actions to address increasing trade restrictions, geopolitical tensions, heightened uncertainty, and limited fiscal space.

The global outlook is predicated on tariff rates close to those of late May prevailing throughout the forecast horizon. Accordingly, pauses to previously announced tariff hikes between the United States and its trading partners are assumed to persist. This baseline nonetheless entails the highest U.S. average effective tariff rate in nearly a century. In addition, in view of recent rapid shifts in trade policies and the potential for a return to even higher tariffs, consumers and businesses continue to grapple with unusually elevated uncertainty (figure 1.1.D). In this context, a prospective recovery in global trade and investment—two important drivers of long-term development that have been relatively subdued in recent years—has been disrupted.

Commodity prices plunged in early April in response to deteriorating growth prospects. Oil prices posted an especially large decline, with the effects of a notable hike in oil production by OPEC+ nations compounded by a muted outlook for oil demand growth (figure 1.1.E). Base metal prices also dropped as markets priced in substantial headwinds to global manufacturing and industrial activity but have since partially recovered. Overall commodity prices are forecast to decline by 10 percent in 2025, softening further in 2026—mainly due to falling oil prices.

Global headline inflation generally remains elevated relative to central bank targets and prepandemic averages and has even risen in some advanced economies since late last year. Slower disinflation globally over the last six months has largely reflected continuing inflationary pressures from services prices. The recent rise in consumer inflation expectations has been influenced by the implementation of trade restrictions. In addition, core inflation in some economies is expected to remain high due to persistent services price increases. In all, GDP-weighted global inflation is projected to average 2.9 percent in 2025 and 2026—still a little above the average inflation target—but with notable heterogeneity across economies.

Global financial conditions have been tighter this year, on average, relative to late 2024, principally reflecting trade policy uncertainty. Volatility in financial markets spiked and equity markets plunged globally as trade tensions escalated in early April; however, asset prices largely recovered after an initial 90-day tariff pause was announced and following the rollback in U.S.-China tariffs in May (figure 1.1.F). Long-term government bond yields in major advanced economies have increased since late last year, albeit with pronounced volatility. EMDE financial conditions are also somewhat tighter, on average, relative to late last year. In early April, many EMDEs saw sharp declines in equity markets amid a surge in capital outflows. Sovereign spreads rose, albeit to differing degrees based on economies' exposure to announced trade barriers. Nevertheless, EMDE equity markets regained ground and spreads narrowed again following the partial de-escalation in trade tensions.

Against this backdrop, global growth is set to slow this year, to 2.3 percent—substantially weaker than previously projected amid the impact of higher trade barriers, elevated uncertainty, increased financial volatility, and weakened confidence. Thereafter, growth is forecast to firm to about 2.5 percent over 2026-27, as trade flows continue adjusting to higher tariffs such that global trade edges up, while policy uncertainty moderates from record-high levels. The downgrade to global growth this year is principally driven by advanced economies (figure 1.2.A). This slowdown is projected to be concentrated on investment, including foreign direct investment (FDI) and portfolio flows—which tend to respond more to demand shifts than aggregate output—and trade, with widespread adverse spillovers to other economies (figure 1.2.B).

Growth in EMDEs is expected to slow in 2025, to 3.8 percent, before edging up a touch over 2026-27, to 3.9 percent. China's economy is projected to decelerate across the forecast horizon, as a nearterm boost from fiscal policy fades amid slowing potential growth. Meanwhile, near-term growth in many other EMDEs is anticipated to decelerate amid weakening investment, which is likely to more than offset any possible benefits from trade diversion during the forecast period. Against the backdrop of a deteriorating external environment, progress by EMDEs in closing sizable per capita income gaps with advanced economies, spurring job creation, or reducing extreme poverty rates is anticipated to remain insufficient, leaving poverty rates above pre-pandemic levels in many poorer or fragile EMDEs. At the same time, many of these economies are set to face a looming jobs challenge in the coming decades, especially if employment growth continues to be outstripped by population growth.

Risks to the global outlook remain tilted decidedly to the downside (figure 1.2.C). High and persistent policy uncertainty—particularly related to trade—could lead to greater-than-expected weakening in investment, trade, and confidence. Renewed increases in trade restrictions could push inflation higher in key economies, magnifying real income losses and limiting the scope for major central banks to support flagging growth by lowering policy rates. This backdrop also implies several potential triggers for a souring of financial risk appetite, which could reverberate globally and amplify downside surprises to growth. Even with efforts to resolve some major conflicts, geopolitical tensions and regional conflict risks persist in many parts of the world and could contribute to further geopolitical fragmentation (figure 1.2.D). Moreover, worsening conflict could generate lasting, concentrated output losses, particularly in EMDEs (figure 1.2.E). Natural disasters, the frequency and intensity of which have increased over time, pose another ever-present threat in many economies.

Nonetheless, there are also some notable upside risks to growth. A cooling of trade tensions on the back of recent and ongoing negotiations—for instance, through further trade agreements between large economies that secure lower tariffs—would curb uncertainty, limit trade disruptions, and strengthen business and consumer confidence. A synchronous loosening of fiscal policy in several large economies could mitigate the downward pressures on demand, albeit while also exerting upward pressure on inflation, government debt levels, and interest rates. Efforts to widely employ recent advances in technology—notably artificial intelligence (AI)—could give rise to stronger-than-anticipated global investment growth and start to feed into broad productivity improvements.

To quantify downside risks concerning trade policy, a scenario is modeled in which U.S. weighted average tariffs increase by about 10 percentage points relative to the baseline, with proportional retaliation from trading partners. This sudden escalation in trade barriers results in global trade seizing up in the second half of this year and is accompanied by a widespread collapse in confidence, surging uncertainty, and turmoil in financial markets. The combination of these multiplying shocks reduces global growth, by 0.5 and 0.4 percentage point in 2025 and 2026, relative to the baseline, tipping the world economy into an extended period of anemic growth (figure 1.2.F). In contrast, an upside scenario features further trade agreements that halve tariffs relative to the baseline and reduce trade-related uncertainty. Under these conditions, global growth would be higher compared with the baseline by 0.1 and 0.3 percentage point in the next two years.

The challenging global context highlights the need for policy action at both global and national levels. To mitigate the adverse impact of elevated trade barriers and policy uncertainty on global growth, a key priority is to foster dialogue and cooperation to address global imbalances and restore a more predictable, transparent, and rules-based approach to resolving trade tensions and avoiding escalation. The global community also needs to confront the worsening circumstances of many vulnerable EMDEs amid debt distress, acute food insecurity, and prevalent conflict. Tackling these severe headwinds to growth and development has become more challenging considering declining aid flows from key donors. Meanwhile, reinvigorating global efforts toward climate change adaptation and mitigation is vital to limit the future economic and social costs of increasingly frequent natural disasters.

Policy action at the domestic level is critical. Some EMDE central banks will face a difficult balancing act between addressing continuing price pressures, on the one hand, and seeking to moderate the contractionary effects of trade restrictions and policy uncertainty, on the other. This will require careful calibration of monetary policy tailored to each economy's circumstances. At the current juncture, some EMDEs may be especially prone to financial volatility and capital outflows, underscoring the importance of central bank credibility. With respect to fiscal policy, many EMDEs are not well positioned for the expected slowdown in growth, with fiscal deficits remaining above pre-pandemic averages and debt levels rising in many economies. To build fiscal space, EMDEs need to raise additional domestic revenues, especially where other sources of financing are drying up, while reprioritizing spending toward growth-enhancing measures and protecting vulnerable populations.

In the long run, the most sustainable solution to the wide range of challenges facing EMDEs—including insufficient job creation, slow poverty reduction, debt-related challenges, and scarce fiscal resources—is to foster stronger environments for private investment and raise potential growth. Reinvigorating FDI deserves particular attention, given its historical role as a vector of technology diffusion and productivity gains. Doing so would require improving institutions and safeguarding political, regulatory, and socioeconomic stability.

To help EMDEs create productive employment for growing working-age populations, measures to strengthen foundational infrastructure, address structural bottlenecks, and enhance private sector dynamism are critical. Priorities could include policies that encourage upskilling workers, ease access to finance, and promote labor markets that better match workers and employers. Moreover, policy makers need to consider not only aggregate job creation but also the quality of jobs—for instance, by seeking to improve productivity, ensure good working conditions, and reduce barriers to firms expanding and formalizing. For EMDEs recently or currently embroiled in conflict, attaining durable peace and stability is paramount not only for limiting the human toll but also as a prerequisite for raising employment, human capital, and income levels.

FIGURE 1.1 Global economic prospects

The global outlook has deteriorated substantially relative to January, with global growth in 2025 expected to register its weakest pace since 2008, aside from outright global recessions. This deterioration is broad-based across the world's economies and follows sharp increases in trade tensions and policy uncertainty. The slowdown in global growth will erode demand for oil and various other commodities, weighing on the outlook for many EMDE commodity exporters. Following U.S. tariff announcements, financial markets experienced substantial turbulence, with a spike in equity market volatility and a rise in EMDE sovereign bond spreads, although these subsequently subsided.

FIGURE 1.2 Global economic prospects (continued)

The deterioration in the global outlook has largely emanated from trade shocks, with forecasts for advanced economies downgraded markedly. These shocks are set to weigh on EMDEs via trade, financial, and investment flows with major economies. Risks are tilted to the downside. Global growth could be even lower if an escalation of trade tensions and uncertainty further weakens investment, trade, and confidence. Geopolitical fragmentation could accelerate if trade or geopolitical tensions worsen. In EMDEs, a higher incidence of conflict could lead to lasting output losses. A downside scenario of renewed trade tensions could push the world economy into an extended period of anemic growth.

INDIAN ECONOMY OVERVIEW

Introduction

India's economic journey over the past few years has been marked by remarkable growth and a steady rise in its position on the global stage. After overtaking the United Kingdom (UK) to become the fifth largest economy in Q1 FY23, India has continued this upward trajectory to surpass Japan in June 2025 to become the fourth largest economy in the world. With a nominal Gross Domestic Product (GDP) of Rs. 3,31,03,000 crore (US\$ 3.78 trillion), India's growth reflects a combination of strong domestic demand and policy reforms positioning the country as a key destination for global capital.

Further, India is projected to reach a GDP of Rs. 4,26,45,000 crore (US\$ 5 trillion) by 2027 and is on course to surpass Germany by 2028. Rising employment and increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

MARKET SIZE

India's economy shows robust expansion, with real GDP for FY25 estimated at Rs. 1,87,97,000 crore (US\$ 2.20 trillion), from Rs. 1,76,51,000 crore (US\$ 2.06 trillion) in FY24 with a growth rate of 6.5%. This growth is driven by rising employment and stronger private consumption, supported by improving consumer sentiment, which is expected to keep the momentum going in the near future.

Trade remains a critical pillar of India's growth story with exports reaching Rs. 37,31,000 crore (US\$ 436.6 billion) in FY25, led by Engineering Goods (26.88%), Petroleum Products (13.86%) and Electronic Goods (8.89%). These exports helped the economy stay resilient during the pandemic when other sectors slowed. Union Minister of Commerce and Industry, Mr. Piyush Goyal projects exports to reach Rs. 85,44,000 crore (US\$ 1 trillion) by 2030.

India's ability to attract Foreign Direct Investment (FDI) has also strengthened. The country received record FDI inflows amounting to Rs. 4,21,929 crore (US\$ 49.3 billion) in FY25 a 15% increase over FY24, supported by a stable policy environment, a large domestic market and steady economic growth positioning the country as a key destination for global capital. This capital inflow also complements government plans for increased investment in infrastructure and asset-building projects to further boost economic growth.

India's external economic position is improving. The current account deficit narrowed to Rs. 1,98,726 crore (US\$ 23.30 billion), or 0.6% of GDP, in FY25 from Rs. 2,21,754 crore (US\$ 26.00 billion), or 0.7% of GDP, in FY24. This improvement was due to higher net receipts from services and secondary income, according to the Reserve Bank of India (RBI).

RECENT DEVELOPMENTS

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With India's economy showing resilient growth, supported by strong domestic demand, policy reforms, and a healthy investment pipeline, several new projects and developments are underway across key sectors. This positive development across key sectors is evident from following key economic data points.

- According to the Department for Promotion of Industry and Internal Trade (DPIIT), India's cumulative FDI inflow stood at Rs. 91,45,988 crore (US\$ 1.07 trillion) between April 2000-March 2025 with major share coming from Mauritius at Rs. 15,36,849 crore (US\$ 180.19 billion) with a total share of 25%, followed by Singapore at 24% with Rs. 14,91,603 crore (US\$ 174.88 billion), the United States (US) at 10% with Rs. 6,02,574 crore (US\$ 70.65 billion), the Netherlands at 7% with Rs. 4,54,613 crore (US\$ 53.3 billion), and Japan at 6% with Rs. 3,78,653 crore (US\$ 44.39 billion).
- As of July 4, 2025, India's foreign exchange reserves stood at Rs. 59,68,048 crore (US\$ 699.74 billion).

- In May 2025, private equity (PE) and venture capital (VC) investments reached Rs. 20,470 crore (US\$ 2.4 billion) across 97 deals.
- Foreign Institutional Investors (FII) outflows in FY25 were close to Rs. 1,27,000 crore (US\$ 14.89 billion), while Domestic Institutional Investors (DII) bought in Rs. 6,00,000 crore (US\$ 70.34 billion) in the same period.
- The HSBC India Manufacturing Purchasing Managers' Index (PMI) rose to a 14-month high of 58.4 in June 2025 from 57.6 in May, indicating a strong improvement in manufacturing conditions. Robust domestic and international demand drove sharp increases in output and new orders, while employment saw a record rise as firms expanded their workforce to meet rising workloads. New export orders surged, marking the third-fastest growth since the survey began in 2005. Although input cost inflation eased, producer prices increased as companies passed on higher freight and labour costs to customers.
- India saw a robust 10.35% growth in passengers carried by domestic airlines at 431.98 lakh in FY25, from 391.46 lakh in FY24, according to the Directorate General of Civil Aviation (DGCA).
- India secured 39th position out of 133 economies in the Global Innovation Index 2024. India rose from 81st position in 2015 to 39th position in 2024. India ranks third position in the global number of scientific publications.
- In FY25, the Goods and Services Tax (GST) recorded its highest-ever gross collection at Rs. 22,08,000 crore (US\$ 258 billion), registering a YoY growth of 9.4%. The average monthly collection stood at Rs. 1,84,000 crore (US\$ 21.57 billion).
- In May 2025, the overall Index of Industrial Production (IIP) stood at 156.6 (base 2011–12 = 100), reflecting a YoY growth of 1.2%. The mining, manufacturing and electricity sectors stood at 136.6, 154.3 and 216, respectively.
- According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) - Combined inflation was 3.34% in March 2025 against 4.85% in March 2024.
- India's wheat procurement for FY26 has reached 29.7 million tonnes as of May 22, 2025, the highest in four years and up 13.5% YoY. Strong production of 115.43 million tonnes, favourable weather, and bonuses above the Minimum Support Price (MSP) in key states have driven this growth. The Food Corporation of India expects procurement to hit 32.5 million tonnes by season end, raising stocks to 44 million tonnes, well above the 18.4 million tonnes needed for the Public Distribution System.

GOVERNMENT INITIATIVES

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, several of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, is aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- On July 5, 2025, the Union Cabinet approved the Rs. 1,00,000 crore (US\$ 11.72 billion) Research, Development and Innovation (RDI) Scheme, launching long term, low or zero interest funding via a special purpose fund under the ANRF to jump start India's R&D ecosystem and support deep tech and startup innovation.
- On March 27, 2025, the Reserve Bank of India proposed doubling the investment cap for individual foreign investors in listed firms from 5% to 10%, with a combined foreign individual limit increasing to 24%, to counter Foreign Portfolio Investment (FPI) outflows.
- According to a report by Wood Mackenzie in January 2025, India, the US, and West Asia are expected to collectively add 100 Gigawatts (GW) of solar capacity by 2025, while China is anticipated to continue its leadership in the solar industry.
- In July 2024, the Ministry of Finance held the Union Budget and announced that for 2024-25, the total receipts other than borrowings and the total expenditure are estimated at Rs. 32,07,000 crore (US\$ 375 billion) and Rs. 48,21,000 crore (US\$ 564 billion), respectively.

- In February 2024, the Finance Ministry announced the total expenditure in Interim 2024-25 estimated at Rs. 47,65,768 crore (US\$ 571.64 billion) of which total capital expenditure is Rs. 11,11,111 crore (US\$ 133.27 billion).
- On January 22, 2024, Prime Minister Mr. Narendra Modi announced the 'Pradhan Mantri Suryodaya Yojana'. Under this scheme, one crore households will receive rooftop solar installations.
- On September 17, 2023, Prime Minister Mr. Narendra Modi launched the Central Sector Scheme PM-VISHWAKARMA in New Delhi. The new scheme aims to provide recognition and comprehensive support to traditional artisans & craftsmen who work with their hands and basic tools. This initiative is designed to enhance the quality, scale, and reach of their products, as well as to integrate them with Micro, Small and Medium Enterprises (MSME) value chains.
- On August 6, 2023, Amrit Bharat Station Scheme was launched to transform and revitalize 1,309 railway stations across the nation. This scheme envisages development of stations on a continuous basis with a long-term vision.
- On June 28, 2023, the Ministry of Environment, Forests, and Climate Change introduced the 'Draft Carbon Credit Trading Scheme, 2023'.
- From April 1, 2023, Foreign Trade Policy 2023 was unveiled to create an enabling ecosystem to support the philosophy of 'Aatmanirbhar Bharat' and 'Local goes Global'.
- To enhance India's manufacturing capabilities by increasing investment and production in the sector, the government of India has introduced the Production Linked Incentive Scheme (PLI) for Pharmaceuticals.
- Prime Minister's Development Initiative for North-East Region (PM-DevINE) was announced in the Union Budget 2022-23 with a financial outlay of Rs. 1,500 crore (US\$ 182.35 million).
- Prime Minister Mr Narendra Modi has inaugurated a new food security scheme for providing free food grains to Antyodaya Ann Yojna (AAY) & Primary Household (PHH) beneficiaries, called Pradhan Mantri Garib Kalyan Ann Yojana (PMGKAY) from January 1, 2023.

ROAD AHEAD

India's economy grew by 6.5% in FY25. With a 7.4% growth rate in Q4 FY25, with RBI projecting a growth rate of 6.5% in FY26 as well. India's comparatively strong position in the external sector reflects the country's positive outlook for economic growth and rising employment rates. In 2024, India rose to 15th place globally in FDI rankings and retained its position as South Asia's top recipient.

In H1 FY25, India's growth-focused approach was underscored by the government's capital expenditure outlay of Rs. 15,02,000 crore (US\$ 176 billion), reinforcing its commitment to infrastructure-led development.

In the Union Budget of FY26, capital expenditure took lead by steeply increasing the capital expenditure outlay by 10% to Rs. 11,21,000 crore (US\$ 131 billion) over Rs. 10,18,000 crore (US\$ 119 billion) in FY25. Stronger revenue generation because of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels.

India's total goods and service exports surged by 76% over the past decade, touching Rs. 70,36,425 crore (US\$ 825 billion) in FY25, driven by strong performance in engineering goods, electronics, and pharmaceuticals. With a reduction in port congestion, supply networks are being restored.

With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

ELECTRONICS SYSTEM DESIGN & MANUFACTURING (ESDM) INDUSTRY IN INDIA

INTRODUCTION

The Indian electronics system design and manufacturing (ESDM) sector is one of the fastest growing sectors in the economy and is witnessing a strong expansion in the country. The ESDM market in India is well known internationally for its potential for consumption and has experienced constant growth.

Indian manufacturers are attracting the attention of multinational corporations due to shifting global landscapes in electronics design and manufacturing capabilities, as well as cost structures. Companies from all over the world are striving to develop local capacities in India not only to serve the domestic market but also to cater to international markets.

The Electronics System Design & Manufacturing (ESDM) industry includes electronic hardware products and components relating to information technology (IT), office automation, telecom, consumer electronics, aviation, aerospace, defence, solar photovoltaic, nano electronics and medical electronics. The industry also includes design-related activities such as product designing, chip designing, Very Large-Scale Integration (VLSI), board designing and embedded systems.

India witnessed a substantial spike in demand for electronic products in the last few years; this is mainly attributed to India's position as second-largest mobile phone manufacturer worldwide and surge in internet penetration rate. The Government of India attributes high priority to electronics hardware manufacturing, as it is one of the crucial pillars of Make in India, Digital India, and Start-up India programs.

The Electronics System Design & Manufacturing (ESDM) sector plays a vital role in the government's goal of generating US\$ 1 trillion of economic value from the digital economy by 2025. With various government initiatives aiming to boost domestic manufacturing, India has already started witnessing initial movement with increased production and assembly activities across products such as mobile phones and other consumer electronics.

Market Size

Electronics system market is expected to witness 2.3x demand of its current size (FY19) to reach US\$ 160 billion by FY25. The top products under the ESDM sector with the highest CAGR include IT/OA at 54%, followed by industrial electronics at 38% and automotive electronics at 10%.

India's electronics industry is targeting a manufacturing output of Rs. 43,10,000 (US\$ 500 billion) by 2030, which requires a fivefold increase in production. This growth is also expected to create 12 million jobs by 2027.

Source: Ministry of Electronics & Information Technology (MeitY)

India's export of electronic goods rose tremendously to reach US\$ 38.56 billion in FY25 with a growth of 20.4% YoY. Mobile phones, IT hardware (laptops, tablets), consumer electronics (TV and audio), industrial electronics and auto electronics are key exports in this sector.

India is one of the largest consumer electronics markets in the Asia Pacific Region and is home to considerable talent for electronic chip design and embedded software. India has committed to reach US\$ 300 billion worth of electronics manufacturing and exports of US\$ 120 billion by 2025-26.

Major Government initiatives such as 'Digital India', 'Make in India' and supportive policies including a favourable FDI Policy for electronics manufacturing have simplified the process of setting up manufacturing units in India.

India is the second fastest digitizing economy amongst the 17 leading economies of the world. The Government of India aims to make Electronics Goods amongst India's 2-3 top-ranking exports by 2026.

Investments/ Developments

Reliance Industries is set to build the world's largest data center in Jamnagar, Gujarat, marking a major step in its entry into India's artificial intelligence (AI) sector. The company has procured AI semiconductors from Nvidia to power this project following a collaboration announcement at October 2024 Nvidia AI Summit.

Apple is engaged in discussions with Bharat Forge to establish a partnership, potentially designating the company as a supplier for the manufacturing of components such as mechanical parts.

FollowG has introduced an AI-powered application for the Open Network for Digital Commerce (ONDC), designed to assist small and medium-sized electronics retailers by facilitating connections with buyers across the country.

Investment of Rs. 8,803 crore (US\$ 1.06 billion) has been made under the scheme for promotion of manufacturing of electronic components and semiconductors.

The Ministry of Electronics and Information Technology has supported over 3,600 tech startups with a total fund disbursement of Rs. 212 crore (US\$ 25.5 million).

India has made substantial cuts to import duties on mobile phones to enhance exports. In the last financial year, mobile phone exports reached Rs 1.2 lakh crore (US\$ 14.4 billion), and this upward trend is expected to persist.

India emerged as the second-largest manufacturer of mobile phones in the world, with a production value of mobile devices reaching US\$ 49.16 billion in 2024.

Prime Minister Mr. Narendra Modi participated in the event named India's Techade: Chips for Viksit Bharat and laid the foundation stone for three semiconductor projects valued at Rs. 1.25 lakh crore (US\$ 14.97 billion) on 13th March 2024.

Major Government initiatives such as 'Digital India', 'Make in India' and supportive policies including a favorable FDI Policy for electronics manufacturing have simplified the process of setting up manufacturing units in India.

Post-COVID, the Government of India aims to increase India's contribution by around US\$ 400 billion worth of electronics goods including exports worth US\$ 120 billion, which would account for 9-10% of the overall global value chains, from the current supply potential of 1-2%.

Union Budget 2023-24 has allocated Rs. 16,549 crore (US\$ 2 billion) for the Ministry of Electronics and Information Technology, which is nearly 40% higher on year. The budget for FY23 had allocated Rs. 14,300 crore (US\$ 1.73 billion) for the IT ministry.

The Indian startup ecosystem is experiencing a surge over the years, due to rapid technological advancements, increasing internet penetration, growing digital infrastructure, rising startup culture, government initiatives like Digital India, Make in India, and Startup India, as well as a large pool of skilled workforce.

India has witnessed an exceptional surge in the creation and funding of startups as the country has solidified its position as a major global centre for innovation and businesses. However, securing adequate funding remains a significant task for startups, often leading to survival challenges.

In 2023, the funding scenario for tech startups turned bleak amid the global uncertainty, witnessing a 67% YoY plunge in total funding to US\$ 6.0 billion. This decline came after the peak funding levels observed in 2021 (US\$ 24.1 billion) and 2022 (US\$ 18.2 billion), where investors displayed confidence in Indian tech startups. In 2023, the number of deals declined to 824. However, the decline appears to be cyclical than a long-term trend.

STPI Signs MoUs to strengthen tech startup ecosystem: AIC STPINEXT Initiatives (STPINEXT), a special purpose vehicle of Software Technology Parks of India (STPI), an organisation under the Ministry of Electronics and Information Technology (MeitY) has signed two memorandums of understanding (MoUs), one with HDFC Bank, and another with Excelpoint Systems India Pvt. Ltd., a niche technology player for fostering entrepreneurship and nurturing tech startups in the country. These partners would play a critical role in supporting and handholding the startups in the growth journey through technical guidance & assistance, mentoring, pitching to investors, funding support, and market connect & access etc.

Some of the investments/ developments in the Electronics System Design & Manufacturing (ESDM) sector in the recent past are as follows:

- The cumulative FDI equity inflow in the Electronics industry is Rs. 44,594 crore (US\$ 6.28 billion) during the period April 2000- December 2024.
- The Index of Industrial Production of manufacturing was valued at 164.8, in March 2025.
- The total budgetary allocation for the MeitY in the Union Budget FY26 stood at Rs. 26,026 crore (US\$ 3.08 billion), reflecting an 18.64% increase over the budget estimates of FY25.
- The Ministry of Defence has finalized a contract with Bharat Electronics Limited, Bengaluru, for the procurement of Electronic Warfare Suites, aircraft modification kits, and their installation on Mi-17 V5 helicopters for the Indian Air Force, amounting to a total cost of Rs. 2,385 crore (US\$ 282.1 million).
- On the 32nd foundation day of the department of Nuclear Magnetic Resonance (NMR) at AIIMS, New Delhi, the Society for Applied Microwave Electronics Engineering & Research (SAMEER) and AIIMS signed a MoU to foster collaborative research on medical devices. This agreement will facilitate joint efforts to develop high-field and low-field Magnetic Resonance Imaging (MRI) and NMR systems, while also promoting research in radio frequency, microwave systems, and related fields for medical applications.
- Competition Commission of India has approved the acquisition of certain shareholding of Pegatron Technology India Pvt. Ltd. (Pegatron India) by Tata Electronics Pvt. Ltd. (TEPL) and the transfer of TEL Components Pvt. Ltd. (TEL)'s business undertaking to Pegatron India.
- As of November 2023, applications of 27 IT hardware mobile phones manufacturers have been approved for Production Linked Incentive scheme (PLI).
- In March 2024, the Cabinet approved a massive Rs. 1.26 trillion (US\$ 15.2 billion) investment in three semiconductor plants, signifying India's technological progress.
- India and Taiwan plan a US\$ 7.5 billion chip plant deal, potentially boosting India's semiconductor manufacturing with anticipated tariff reductions on components.
- Production-linked scheme (PLI) for large-scale electronics manufacturing (including mobiles) has seen investments worth Rs. 6,887 crore (US\$ 833 million) (till June 2023), already surpassing the target for FY24 which was Rs. 5,488 crore (US\$ 664.4 million).
- In July 2023, electronics maker Elista announced that it would invest Rs. 100 crore (US\$ 12.1 million) in Andhra Pradesh to set up a manufacturing unit for Smart LED TVs, smartwatches, audio speakers, and large appliances.
- US CHIP design major Advanced Micro Devices (AMD) will invest up to US\$ 400 million in India over the next five years and will set up its biggest design facility in the country.
- India's electronics sector is set to harness US\$ 7 billion untapped revenue by 2035 via circular business model and policy pathways, industry stakeholders said. Current commitments and targets set the projected market size for these circular models at US\$ 13 billion in 2035.
- India has overtaken China as the second-largest manufacturer of mobile devices in the world, according to a report released by the international research firm Counterpoint in August. The 'Make in India' initiative's mobile phone shipments from India exceeded 2 billion cumulative units and an annual growth rate of 23% was recorded.
- According to a report 'India Monthly Wearable Device Tracker' by International Data Corporation (IDC), "hundreds" of smartwatch model launches in the first half of the calendar year 2023 contributed to India's wearable market's growth of 53.3% year-over-year (YoY). The companies shipped 57.8 million units of wearables like smartwatches, earwear, and eyeglasses to the market in the first half of CY23.
- The Ministry of Electronics and IT (MeitY) announced the exchange of signing of a Memorandum of Understanding (MoU) between the Centre for Nano Science and Engineering (CeNSE) at the Indian Institute of Science (IISc), Bengaluru and Lam Research India at the SemiconIndia in Gandhinagar.
- In November 2023, Mr. Ashwini Vaishnaw, Union Minister of Communications & IT said that 99% of mobiles used in India are made in India.
- Industrial robot accessories company Robot System Products (RSP) has announced plans to set up a subsidiary in India. The Indian entity Scandinavian Robot Systems India Private Limited has been registered in Chennai and will supply a range of industrial robot accessories to Indian customers.
- India Semiconductor Mission organized a three-day SemiconIndia 2023 Conference in July 2023 with the theme 'Catalysing India's Semiconductor Ecosystem' in Gandhinagar, Gujarat. SemiconIndia 2023 witnessed the

participation of industry leaders from major global companies such as Micron Technology, Applied Materials, Foxconn, Cadence and AMD, and the industry association, SEMI.

- India and Japan on July 20, 2023, signed an agreement for semiconductor design, manufacturing, equipment research, and talent development and to bring resilience to the semiconductor supply chain.
- In FY23, the exports of electronic goods were recorded at US\$ 23.57 billion as compared to US\$ 15.66 billion during FY22, registering a growth of 50.52%.
- A nine-member task force was constituted by the Ministry of Electronics and Information Technology (MeitY) in March 2023 with the primary goal of making India a 'product developer and manufacturing nation', as per a report. The members of the task force are some of the veterans from the Indian electronic industry, including HCL Founder Mr. Ajay Chowdhary, Lava International Chairman Mr. Hari Om Rai, and Boat Lifestyle Co-Founder Mr. Aman Gupta, among others.
- In March 2023, the Government approved the setting up of the Electronics Manufacturing Cluster (EMC) at Hubli-Dharwad in Karnataka, worth US\$ 22 million (Rs. 180 crore) and is expected to create about 18,000 jobs.
- As global companies are leveraging the well-developed manufacturing system in the State, Tamil Nadu has emerged as one of the major electronics hardware manufacturing and exporting States in the country. The state is well positioned to achieve a US\$ 100 billion ESDM industry in the next five years.
- The India Cellular and Electronics Association in February 2023 signed a memorandum of understanding with the Uttar Pradesh government to facilitate investments as the electronics manufacturing and skill hub to cater to domestic demand and exports. The government has set a target to achieve US\$ 300 billion of electronics manufacturing by 2025-26, out of which US\$ 75-100 billion of electronics manufacturing is expected from UP.
- Mitsubishi Electric India would invest Rs. 1,891 crore (US\$ 230.9 million) to build an air conditioner and compressor factory in Tamil Nadu. This facility will generate over 2,000 jobs, 60% of which will be held by women.
- Vedanta Group signed memorandums of understanding (MoUs) with 20 Korean companies from the display glass industry for the development of an electronics manufacturing hub in India. The MoUs were signed at the 'Korea Biz-Trade Show 2023' event organised by KOTRA, in collaboration with Korea's Ministry of Trade, Industry, and Energy.
- In November 2022, Voltas entered into a technology license agreement with Denmark's Vestfrost Solutions to develop, manufacture, sell and service medical refrigeration and vaccine storage equipment including ice-lined refrigerators, vaccine freezers and ultra-low temperature freezers to the Indian market.
- Voltas announced plans of Rs. 400 crore (US\$ 50.10 million) capex under the PLI scheme to manufacture components for white goods in May 2022.
- In March 2022, Reliance announced that it would invest US\$ 220 million in a joint venture with Sanmina Corp, a US-listed company for making electronic products in Asian countries.

Government Initiatives

The Government of India has adopted a few initiatives for the ESDM sector in the recent past, some of these are as follows:

- The Indian government has disbursed Rs. 1,596 crore (US\$ 184.33 million) under the Production-Linked Incentive (PLI) schemes for six sectors, including electronics and pharma, during the H1 of the FY25 (April-September 2024).
- In March 2024, Prime Minister Mr. Narendra Modi laid the foundation stone for three semiconductor plants, with a total investment exceeding Rs. 1.25 lakh crore (US\$ 15.02 billion), positioning India to become a global semiconductor hub.
- The inaugural Future Skills Summit was organized by the Ministry of Electronics and Information Technology (MeitY) in collaboration with the National Institute of Electronics and IT (NIELIT) in Guwahati on February 15, 2024.
- The Government attaches high priority to electronics hardware manufacturing, and it is one of the important pillars of both the "Make in India" and "Digital India" programs of the Government of India.
- The National Policy on Electronics (NPE) 2019 envisions to position India as a global hub for ESDM by encouraging and driving capabilities in the Country for developing core components, including chipsets and by creating an enabling environment for the industry to compete globally.
- By 2030, ADIF, a think tank for IT start-ups, aims to put India among the top three start-up ecosystems in the world, with an emphasis on expanding the knowledge base, encouraging collaboration and outlining the best policies.
- Ministry of Electronics & Information Technology (MeitY) has announced a "Scheme for Promotion of Semiconductor Eco-System" in India with a massive outlay of Rs. 76,000 crore (US\$ 9.48 billion) in 2022.
- Under the production-linked incentive (PLI) scheme for IT Hardware Products, the Ministry of Electronics and Information Technology has approved 14 qualified applicants. To manufacture these products in India, the

government will offer incentives of US\$ 983.76 million over the next four years. In this duration, production worth US\$ 21.62 billion and exports of US\$ 8.06 billion are expected.

- In September 2022, MeitY Startup Hub (MSH), an initiative of the Ministry of Electronics & Information Technology (MeitY), and Meta announced the launch of an accelerator programme to support and accelerate XR technology startups across India.
- Ministry of Electronics & Information Technology (MeitY) has announced a “Scheme for Promotion of Semiconductor Eco-System” in India with a massive outlay of Rs. 76,000 crore (US\$ 9.48 billion) in 2022.
- About 80% of the Production-Linked Incentive scheme (PLI) to encourage manufacturing in the country, which covers 14 industries and has a total investment of Rs. 3 lakh crore (US\$ 38.99 billion) is concentrated in only three sectors: electronics, automobiles, and solar panel production.
- The PLI scheme for large-scale electronics manufacturing launched by the Ministry of Electronics and Information Technology (MeitY) in April 2020 has been extended from the existing five years band (FY21-FY25) to six years (FY21-FY26).
- To accelerate quantum computing-led research & development and enable new scientific discoveries, the Ministry of Electronics and Information Technology (MeitY), in collaboration with Amazon Web Services (AWS), will establish a quantum computing applications lab in the country.
- A fund of Rs. 3.2 crore (US\$ 433.46 thousand) for three years has been approved by the Department of Electronics, IT, BT, Science & Technology.
- Under the PLI scheme for IT Hardware, the approved enterprises are estimated to manufacture equipment worth >US\$ 21.62 billion over the next four years. Of the total production, foreign companies have suggested production worth US\$ 11.38 billion, whereas domestic enterprises have planned a production of US\$ 10.20 billion.

Road Ahead

Local electronics design and production are being positively influenced by ongoing domestic consumption, changing dynamics in the global supply chain, and a plethora of policy initiatives to assist indigenous manufacturing in the current period is most advantageous. The smooth implementation of new initiatives and the reversal of restrictive laws will go a long way toward boosting international business confidence in India's business environment and attracting manufacturing investments.

In India, Sony, Samsung, LG Electronics, Panasonic, and other companies are the market leaders in the ESDM sector. Government efforts are concentrated on bridging the digital gap. Projects like "Digital India," "Smart Cities," "ePanchayats," "National Optical Fiber Network," etc. enhanced consumer demand for electronic goods around the nation. India's middle class is rapidly expanding, which has improved the affordability of electronics products. The demand for electronic goods has increased as consumers' preferences for products and devices with smart technology (like smart LED TVs) and inventive designs have changed and disposable incomes have increased. Continuous rise in personal disposable income in India increased to reach 2,410 in FY23, which is directly correlated with consumers' desire to spend money on electronics.

Fueled by strong policy support, huge investments by public and private stakeholders and a spike in demand for electronic products, the ESDM sector in India has bright prospects ahead of it and is predicted to reach US\$ 220 billion by 2025, expanding at 16.1% CAGR between 2019-2025.

OVERVIEW

Our Company was originally incorporated as a Private Limited Company in the name of “**Skytech Infinite Platform Private Limited**” on May 28, 2009 under the provisions of the Companies Act, 1956 bearing Corporate Identification Number U51506KA2009PTC049970 issued by the Registrar of Companies - Bangalore. Subsequently, our company was converted into Public Limited Company under the provisions of the Companies Act, 2013 and the name of our Company was changed to “**Skytech Infinite Platform Limited**” vide a fresh Certificate of Incorporation consequent upon conversion from Private Company to Public Company dated July 09, 2024 bearing Corporate Identification Number U51506KA2009PLC049970 issued by the Registrar of Companies – Central Processing Centre.

Skytech Infinite Platform Limited specializes in providing comprehensive turnkey automation solutions, encompassing Design, Engineering, Supply, Installation & Commissioning (I&C), and Maintenance of various types of Control Panels—from conceptualization to completion.

Our company is engaged in the manufacturing of Automation Control Panels, with a focus on integrating Programmable Logic Controllers (PLCs), drive systems, switchgear, and sensors to streamline industrial automation processes and optimizing commissioning solutions for enhanced performance. These panels are meticulously designed and assembled to include components such as PLCs, drives, switchgears, sensors, and actuators. Each element is precisely wired to ensure seamless operation, efficient troubleshooting, and optimized commissioning of automated systems.

Functioning as a centralized hub, these panels manage and monitor industrial machinery, enhancing both performance and reliability. Our expertise lies in developing robust control solutions that serve a wide spectrum of industries, including Power, Water, Energy, Machine Tools, Infrastructure, Motor Management, Food & Beverages, HVAC, Chemicals & Pharmaceuticals, Automotive, and Process Industries. We are committed to ensuring operational efficiency, improved productivity, and long-term system sustainability.

Skytech Infinite Platform Limited is an ISO-certified company with a robust operating history of over 15 years. We are a technology-driven organization with a strong emphasis on quality, design, and product development, enabling us to deliver customized solutions tailored to our clients' needs. Operating from a 10,000 sq. ft. in-house manufacturing facility, we are equipped to design, manufacture, and distribute a wide range of high-quality electrical panels and control systems. Our diverse product portfolio includes PCC Panels, MCC Panels, VFD Panels, APFC Panels, PLC Panels, and Control Desk Panels. We serve multiple industrial sectors, both in India and internationally, with a global footprint extending to countries such as Bhutan, Thailand, China, Singapore, and the USA.

At Skytech Infinite Platform Limited, we take pride in offering quality workmanship backed by a skilled and experienced team dedicated to engineering products that meet the highest industry standards. Our dedicated team of engineers are experts in designing and developing advanced solutions, which enable us to manufacture Techno Modular Design panels—a distinctive approach that sets us apart from traditional welded panel manufacturers, with a strong focus on quality, flexibility, and durability.

Our infrastructure is thoughtfully designed to foster productivity and collaboration. We are equipped with state-of-the-art conference rooms and dedicated training facilities that support continuous learning and strategic planning. The office is structured into clearly defined departments—including Marketing, Projects, Design, Accounts, and more—working cohesively to ensure seamless operations, effective communication, and timely project execution.

PRODUCT/SERVICES PORTFOLIO

Our Product portfolio includes PCC Panels for power control, APFC Panels for automatic power factor correction, MCC Panels for motor control, VFD Panels for variable frequency drives, PLC Panels for programmable logic control and Control Desk Panel for efficient operation monitoring and management.

1. PCC Panel (Power Control Center Panel)

A **Power Control Center (PCC) Panel** is a crucial component in electrical distribution systems, designed to regulate and distribute power efficiently across industrial and commercial facilities. It ensures reliable operation with high fault-level protection, circuit breakers, and protective relays to prevent overloads and electrical faults. PCC panels are customizable, supporting modular designs and integration with automation systems like SCADA for remote monitoring and control. Built to industry safety standards, they are widely used in manufacturing plants, power stations, commercial buildings, and other high-power applications to enhance operational efficiency and electrical safety.

Key Features:

- Centralized power control for efficient distribution
- High short-circuit withstand capacity, Circuit protection with breakers and relays
- Monitoring & metering capabilities
- Customizable compartments for various applications

Applications:

- Industrial plants
- Commercial complexes
- Manufacturing facilities
- Power distribution systems

2. MCC Panel (Motor Control Center Panel)

A **Motor Control Center (MCC) Panel** is a centralized system used for controlling and protecting multiple electric motors in industrial and commercial applications. It houses motor starters, circuit breakers, overload relays, and other control devices to ensure efficient motor operation, protection, and monitoring. MCC panels can be customized with manual or automatic controls, including PLC and VFD integration for enhanced performance. Designed for reliability and safety, they are widely used in manufacturing plants, power stations, water treatment facilities, and other industries requiring efficient motor management and operation.

Key Features:

- Individual motor control modules
- Short-circuit and overload protection
- Easy maintenance and fault detection
- Expandable modular design
- Option for manual or automatic control

Applications:

- Pumping stations
- Conveyor systems
- HVAC systems
- Process industries

3. APFC Panel (Automatic Power Factor Control Panel)

An **Automatic Power Factor Correction (APFC) Panel** is an electrical panel designed to improve power factor by automatically regulating the reactive power in a system. It consists of capacitor banks, contactors, relays, and a microcontroller-based relay that monitors and adjusts the power factor as needed. By reducing reactive power losses, APFC panels enhance energy efficiency, lower electricity bills, and prevent penalties imposed by utility companies for low power factor. Commonly used in industries, commercial buildings, and power stations, these panels ensure stable voltage levels, reduce load on transformers, and improve overall system performance.

Key Features:

- Automatic switching of capacitor banks
- Maintains power factor near unity
- Reduces penalties on electricity bills
- Microcontroller or relay-based control
- Over-voltage and harmonic protection

Applications:

- Industries with heavy inductive loads
- Commercial buildings
- Electrical substations
- Factories with varying load patterns

4. PLC Panel (Programmable Logic Controller Panel)

A **Programmable Logic Controller (PLC) Panel** is an automated control system designed to manage industrial processes with precision and efficiency. It consists of a PLC unit, input/output modules, relays, circuit breakers, and communication interfaces, enabling seamless monitoring and control of machinery such as the movement of automated equipment and manufacturing processes. PLC panels are highly customizable, allowing integration with SCADA, HMI, and other automation systems for real-time data processing and remote operation. Widely used in manufacturing, power plants, water treatment, and process industries, they enhance productivity, reduce manual intervention, and improve operational reliability through automated decision-making and process optimization.

Key Features:

- Real-time process automation
- User-programmable logic
- Easy integration with sensors and actuators
- Remote monitoring and diagnostics
- Scalable and reprogrammable for future changes

Applications:

- Industrial automation
- Packaging and manufacturing
- Water treatment plants
- Conveyor and material handling systems

5. Control Desk Panel

A **Control Desk Panel** is a centralized control system designed for monitoring and managing industrial operations efficiently. It features a user-friendly interface with switches, push buttons, indicators, and touchscreen displays for real-time process control. Often integrated with PLCs, SCADA, and other automation systems, it enables seamless communication between operators and machinery. Control Desk Panels are widely used in manufacturing plants, power stations, and process industries to enhance operational efficiency, ensure safety, and provide centralized supervision of multiple systems from a single location.

Key Features:

- User-friendly layout with switches and displays
- Real-time control and feedback
- Custom design for process-specific control
- Integration with SCADA or PLC systems
- Sturdy and ergonomic design

Applications:

- Control rooms
- Power plants
- Process industries
- Manufacturing and packaging units

6. VFD Panel (Variable Frequency Drive Panel)

A **VFD Panel (Variable Frequency Drive Panel)** is an electrical control panel that houses a Variable Frequency Drive, which is used to control the speed and torque of electric motors by varying the frequency and voltage supplied to the motor as each motor has specific frequency and voltage requirements. These panels integrate motor control devices and circuit protection devices into a single enclosure, allowing for efficient monitoring and control of the motor.

Additionally, VFD panels offer protection to these components from environmental factors such as dust, moisture, corrosion, and other potential damaging influences, ensuring the longevity and reliability of the system. It is commonly used in industrial and commercial applications to improve energy efficiency and motor performance.

Key Features:

- Motor Speed Control: Allows precise regulation of motor speed based on process requirements.
- Energy Saving: Reduces power consumption, especially in variable load applications.
- Soft Start/Stop: Minimizes mechanical stress on motors and equipment during startup and shutdown.
- Protection: Includes overload, short-circuit, and phase-failure protections for motor safety.
- Integration: Can be integrated with PLCs, sensors, and automation systems.

Applications:

- HVAC systems
- Water pumps
- Conveyors
- Fans and blowers
- Industrial machinery

7. FLP Panel (Flameproof Panel)

Flameproof (FLP) Panels are specially designed electrical enclosures used in hazardous areas where flammable gases, vapors, or dust may be present. These panels are built to withstand and contain any internal explosion, preventing the escape of flames or hot gases and thereby eliminating the risk of igniting the surrounding atmosphere. FLP panels ensure safety in explosive environments by providing secure housing for electrical components, making them essential in industries such as oil & gas, petrochemicals, and mining. FLP panels also support uninterrupted process control by housing essential electrical and automation components in a secure enclosure. Their design allows for integration with other control systems like MCC, PLC, or SCADA, offering both safety and functionality without compromising on efficiency or performance.

Key Features:

- Explosion-proof enclosures as per ATEX/IEC standards
- Prevents ignition in hazardous environments
- Made from heavy-duty flameproof materials (aluminum, cast iron, etc.)
- Suitable for Zone 1 and Zone 2 areas
- Custom-built for specific control and power functions

Applications:

- Oil & gas industry
- Petrochemical plants
- Chemical processing units
- Mining operations
- Hazardous industrial zones

8. PDB Panel (Power Distribution Board Panel)

Power Distribution Boards (PDB Panels) are essential for the safe and efficient distribution of electrical power from a single source to multiple circuits, machines, or sub-panels. Widely used in residential, commercial, and industrial setups, they act as the central hub between the incoming power supply and various end-user applications. Designed with protective devices like MCBs, MCCBs, ELCBs, and surge protectors, PDB panels safeguard electrical systems from faults such as overloads and short circuits. They ensure effective load management and maintain circuit protection across diverse installations. Their modular and scalable design allows for easy maintenance and future expansion, making them ideal for dynamic environments where reliability and operational flexibility are critical.

Key Features:

- Centralized power distribution
- Incorporates MCBs, MCCBs, ELCBs, and fuses
- Overload and short-circuit protection
- Compact and space-saving design
- Available in wall-mounted and floor-standing versions

Applications:

- Residential and commercial buildings
- Industrial workshops
- Shopping malls and office complexes
- IT and data centers

INTEGRATED PROJECT EXECUTION & BUSINESS PROCESS FLOW

1. Marketing & Sales

- Receive enquiries (verbal/written) from new or existing customers.
- Register and review enquiries for feasibility.
- Prepare and send quotations/tenders.
- Finalize rates and receive purchase orders.
- Acknowledge order and record in the order register.

2. Project Initiation

- Engage with customer for scope definition.
- Assign project manager and initiate planning.

3. Design & Engineering

- Collect design inputs and prepare Bill of Materials (BOM).
- Send BOM to customer for approval and follow up if needed.
- Develop design & development plan; perform reviews and updates.
- Prepare detailed shop drawings; incorporate customer feedback and revisions.
- Finalize approved design for production and document in issue register.

4. Procurement (Purchase Department)

- Raise Purchase Requisition (PR) based on BOM.
- Carry out cost analysis, vendor selection, and PO issuance.
- Ensure timely delivery with vendor follow-up.

5. Stores & Material Handling

- Receive and inspect incoming materials (with DC/invoice).
- Store materials in designated protected areas.
- Maintain stock records and issue materials for production or dispatch.
- Monthly inventory checks and biannual usability verification.

6. Production & Manufacturing Facilities

- Issue approved BOM and drawings to technicians.
- Carry out panel assembly and wiring as per design.
- Conduct in-process inspections and daily production reviews.
- Handle non-conformances, reworks, and quality assurance.
- Perform QA checks, Final Assembly Testing (FAT), and prepare for shipment.

7. Engineering Support

- Provide technical support and ensure global best practices are incorporated during project execution.
- Continuously engage with regional and front-end teams for aligned compliance and trends.

8. Control Systems & Execution

- Develop logic and screen layouts based on control philosophy.
- Submit to customer for pre-inspection approval.

9. Quality Check & Calibration

- Calibrate equipment/tools using certified agencies.
- Perform internal stage-wise and final inspection.
- Record and trace calibration and inspection results.

10. Customer Inspection

- Arrange for client inspection and approval for final acceptance.

11. Final Dispatch

- Dispatch products after customer clearance and as per agreed payment terms.
- Include packing list, invoice, and delivery challan.

12. After-Sales Support

- Installation, commissioning, and site acceptance testing (SAT).
- Long-term maintenance and customer service.

ANNUAL MAINTENANCE CONTRACTS (AMCs)

Annual Maintenance Contracts (AMCs) constitute a recurring and stable source of revenue for our Company. We undertake both comprehensive and non-comprehensive AMCs for a wide range of automation and control systems, including PLC, SCADA, MCC, HMI, and other integrated instrumentation systems across various industries. These service contracts are typically signed for systems supplied by leading OEMs and others, and involve routine inspection, troubleshooting, software support, hardware replacements (where applicable), and overall system upkeep.

Our AMC portfolio covers a diverse client base spread across sectors like water treatment, power plants, SEZs, manufacturing units, and industrial campuses. Many of our contracts are location-specific and tailored to client needs—ranging from plant-level system maintenance to deputation of skilled engineers on-site for extended durations. This segment not only ensures continuity in client engagement post-project execution but also enhances long-term service relationships while contributing to the sustainability and predictability of our operational revenues.

We are authorized by several companies such as Mitsubishi Electric India Private Limited, Endress + Hauser (India) Private Limited, Exor India Pvt Ltd and Euroteck Environmental (P) Limited:

Mitsubishi Electric India Private Limited: Our Company is the authorised channel partner of Mitsubishi Electric India Private Limited, for purchase of Mitsubishi Electric India's Factory Automation (FA) and Low Voltage Switchgear (LVS) products. We provide turnkey solutions including system design & engineering, supply, commissioning and support of Mitsubishi Electric product range.

Endress + Hauser (India) Private Limited: Skytech Infinite Platform Limited is the authorised distributor of Endress+Hauser (India) Private Limited products and services. This authorisation grants Skytech Infinite Platform Limited the rights to distribute, market, support services and promote Endress+Hauser (India) Private Limited products within the agreed scope to specified territories & customers in accordance with Company's policies & quality standards.

Exor India Pvt Ltd: Our Company is the Authorized System Integrator to sell complete range of Exor products in South Region. Our Company is having technical team for providing after sales support of Exor HMI's and commissioning support engineer trained by Exor India Pvt. Ltd.

Exor India Pvt. Ltd shall be offering warranties on all Exor products supplied through Skytech Infinite Platform Limited as per standard terms and conditions of the sale.

Euroteck Environmental Private Limited: Our Company is Authorized Solution Provider for Euroteck Sprintex Air Blower product. This authorization is granted by Euroteck Environmental Private Limited exclusively for the purpose of representing, promoting, and providing solutions related to Euroteck Sprintex Air Blower products in Bangalore, Karnataka, India Only.

OUR COMPETITIVE STRENGTH

1. *Diversified Automation Solution Portfolio*

Our company offers a comprehensive and diversified range of automation solutions tailored to meet the operational demands of modern industries. From essential control systems like PCC, MCC, VFD, and PLC panels to integrated turnkey automation services, our offerings are designed to support clients throughout the entire project lifecycle. This wide-ranging portfolio enables us to cater to various sectors including manufacturing, utilities, infrastructure, and process industries with efficiency and precision. Our strength lies in the ability to deliver both standardized and highly customized solutions, depending on the application and client requirement. This flexibility allows us to respond quickly to specific challenges, ensuring optimal system performance and customer satisfaction across multiple industry segments.

2. *End-to-End Quality and Reliability in Turnkey Automation Solutions*

The company stands out for its holistic approach to turnkey automation, offering comprehensive solutions that span design, engineering, supply, installation, commissioning, and maintenance of a wide range of control panels. With a strong emphasis on process integrity and operational excellence, every project is executed under stringent quality control measures to ensure high performance, safety, and long-term reliability. The company's ISO 9001:2015 certification for its systems and processes further reinforces its commitment to maintaining global standards, delivering consistent value, and exceeding client expectations across industrial applications.

3. *Experienced Leadership and Technically Skilled Management Team*

Our company is driven by a team of seasoned promoters and a professional management group with deep-rooted expertise in the industrial automation sector. Our promoters have been associated with the company since its inception and continue to play a vital role in strategic decision-making across corporate affairs, business development, financial planning, and operational oversight. Backed by extensive industry knowledge, our management team possesses strong execution capabilities and a results-driven approach. We have also built a technically sound workforce, comprising qualified engineers and support staff who are adept in key operational areas, ensuring seamless project delivery and client satisfaction. The stability, experience, and industry reputation of our leadership and team have been instrumental in driving our growth and will continue to empower us to capitalize on emerging opportunities and expand into new sectors and geographies.

4. *Proven Track Record with Legacy of Trust*

With a legacy spanning over 15 years, we have successfully delivered turnkey automation solutions to a wide spectrum of industries, earning a reputation for dependability and technical excellence. Our long-standing presence in the market is a testament to the trust we have built through consistent project delivery, attention to detail, and client satisfaction. Many of our clients have been working with us for years, a reflection of the credibility and value we bring to every engagement. This track record not only demonstrates our operational maturity but also reinforces our ability to handle complex projects under tight timelines and budgets. Our name is synonymous with professionalism, reliability, and long-term commitment.

5. *Strategic Authorizations and Channel Partnerships*

The company holds multiple valid authorizations as a trusted system integrator, distributor, and solution provider for recognized automation and instrumentation product lines. These strategic associations empower us to offer a comprehensive range of advanced technologies and solutions across key regions, ensuring timely access to high-quality products and enhanced service capabilities. Such partnerships not only strengthen our technical offerings but also reinforce our position as a reliable and value-driven automation solutions provider in the industry.

6. *Expanding Market Reach Through Customer-Centric Strategies*

We are consistently working to strengthen our market presence by expanding our customer base through targeted and effective marketing efforts. Our ability to tailor solutions to meet the specific requirements of different industries enables us to tap into diverse customer segments and broaden our operational scope. A deep understanding of customer needs, a commitment to sustainable practices, and an unwavering focus on quality form the foundation of our customer retention and customer loyalty. Our marketing efforts are further supported by technically skilled engineers who actively analyze market demand and provide insights to refine and adapt our solution offerings accordingly.

7. *Strategic Location Advantage Enhancing Client Experience*

One of our key competitive strengths lies in the strategic location of our assembling and testing facility, situated in the heart of the city. As a turnkey solution provider, Factory Acceptance Tests (FAT) form a critical part of our delivery process, often requiring clients, consultants, or end users to visit our facility for extended periods ranging from 2 to 20 days. Our central location offers clients easy access to transportation, quality accommodation, diverse food options, and other urban conveniences—making their visit not only productive but also comfortable. This logistical advantage enhances the overall client experience, reduces travel fatigue, and fosters a positive perception of our services. Consistent client feedback highlights this comfort as a differentiating factor, strengthening our reputation as a client-friendly and professionally accessible solution partner.

OUR BUSINESS STRATEGIES

1. *Customer-First, Problem-Solving Approach*

At the core of our business philosophy lies a strong commitment to understanding and addressing the unique challenges faced by our clients. Rather than offering one-size-fits-all systems, we take an application-specific and problem-solving approach to every project, ensuring that the solution is aligned with the client's operational goals, constraints, and long-term vision. Our engagement begins at the conceptual stage and continues through post-commissioning support, allowing us to evolve alongside our clients' needs. By focusing on optimizing efficiency, reducing downtime, and enabling smoother operations, we build lasting relationships based on trust and performance. This client-centric model has resulted in high customer retention and repeat business across multiple industry domains.

2. *Agility in Project Execution and Resource Mobilization*

We have developed a well-coordinated operational structure that allows us to respond swiftly to client requirements, regardless of scale or complexity. Our internal teams are trained to plan, prepare, and mobilize resources efficiently—ensuring quick turnaround times for design, engineering, and field deployment activities. With strong vendor coordination, flexible scheduling, and a technically skilled workforce, we are capable of executing assignments across different regions without compromising on quality or timelines. This agility ensures we meet tight deadlines, adapt to scope changes, and mitigate risks without compromising quality, making us a reliable partner in delivering timely and cost-effective automation solutions.

3. Robust After-Sales Support and Lifecycle Services

We recognize that post-commissioning support is just as critical as the project delivery itself. Our dedicated service team offers comprehensive after-sales support, including regular maintenance, technical troubleshooting, and upgrades. This ongoing support helps clients maximize uptime, extend the lifespan of their systems, and stay aligned with the latest technological standards.

4. Expertise in Multi-OEM Integration

We possess deep domain knowledge and hands-on experience in integrating products and technologies from multiple OEMs. This multi-vendor integration expertise allows us to design systems that are not only functional and efficient but also vendor-agnostic—ensuring greater flexibility, maintainability, and long-term performance. Our engineering team is trained to manage compatibility, communication protocols, and interoperability between devices, which adds significant value in today's increasingly complex automation environments.

5. Driving Growth Through Domestic Penetration and Global Outreach

We are actively focused on expanding our footprint by strengthening our presence across key regions in India while simultaneously exploring opportunities in select international markets. Our proven track record, coupled with a strong network of partners and technology providers, positions us well to cater to the growing demand for automation solutions beyond our existing base. Domestically, we aim to deepen our reach in industrial hubs and high-growth sectors through targeted marketing and strategic alliances. Internationally, we are leveraging our experience in turnkey execution and multi-OEM integration to offer reliable, cost-effective solutions. This focused expansion is also aimed at enhancing our operational scale and positioning us as a preferred automation partner in both existing and new geographies.

6. Enhancing Operational Excellence Through Execution, Efficiency, and Workforce Development

We are committed to consistently improving our delivery standards by focusing on quality execution, cost optimization, and continuous skill development of our workforce. By streamlining internal processes and leveraging best practices, we aim to enhance efficiency without compromising on the reliability or technical integrity of our solutions. Our focus on cost-conscious execution enables us to deliver competitive and value-driven automation services to our clients. At the same time, we invest in regular training and upskilling of our engineering and support teams to ensure they stay updated with the latest technologies and industry standards. This holistic approach not only strengthens client satisfaction but also reinforces our position as a dependable, high-performance automation partner.

SWOT ANALYSIS

STRENGTH 1. Diversified Product Portfolio 2. Experienced Promoters & Execution Team. 3. Strong Domestic Presence. 4. Strong relationship with clients and suppliers.	WEAKNESS 1. Dependency on Third-Party Manufacturers and OEMs 2. Limited Geographical Footprint 3. Talent Retention in Niche Skill Areas 4. Capital-Intensive Project Execution
OPPORTUNITY 1. Growing Demand for Industrial Automation 2. Expansion into Untapped Markets 3. Strategic Alliances with OEMs and Technology Providers 4. Increasing Focus on Sustainable Solutions	THREATS 1. Competition from Large-Scale EPC 2. Dependency on Fluctuating Raw Material and Prices 3. Rapid Technological Changes 4. Project Execution Risks Due to Client Payment Delays

RAW MATERIAL PROCUREMENT

Our operations primarily involve the design, engineering, supply, installation, and commissioning of industrial automation and control systems. In the course of providing these services, we procure various components and assemblies from third-party manufacturers and vendors. The key raw materials and components used in our business include:

- Control Panels and Enclosures – including fabricated panel boards, distribution boxes, and desk-type enclosures
- Cables and Wiring Materials – such as multi-core cables, signal cables, and power cables used for internal and field wiring
- PLC Systems and Modules – programmable logic controllers, I/O modules, and associated control hardware
- Switchgears and Protection Devices – including MCBs, MCCBs, contactors, relays, fuses, and overload protection devices
- Drives and Starters – Variable Frequency Drives (VFDs), soft starters, and motor control components
- Terminal Blocks, Connectors, and DIN Rails – used for structured wiring and system integration
- Power Supplies and SMPS Units – switch mode power supply units for powering control systems
- Meters, Indicators, and HMI Panels – including energy meters, digital displays, and Human-Machine Interface devices
- Cable Trays, Glands, and Lugs – accessories for cable routing, termination, and protection
- Networking and Communication Equipment – such as Ethernet switches, routers, and industrial communication modules
- Mounting and Fastening Hardware – screws, bolts, clamps, and support brackets
- Cooling and Ventilation Accessories – including panel fans, louvers, and air filters
- Earthing and Grounding Materials – for ensuring safety and compliance in electrical systems
- Labeling and Panel Accessories – nameplates, tags, stickers, and other identification tools

MARKETING

At Skytech Infinite, our marketing approach is rooted in the strong client relationships and industry goodwill established over nearly three decades of operations. Our business development efforts are primarily driven by a reference-based model, wherein satisfied clients and successful project execution act as key channels for generating repeat and referral business. The senior leadership and technical teams actively engage with industrial clients, consultants, and OEM partners to identify emerging automation needs and propose tailored turnkey solutions. Our marketing engineers, who possess both technical and market understanding, play a critical role in identifying project opportunities, preparing proposals, and offering value-based technical inputs during the client decision-making process.

While we do not rely on large-scale promotional campaigns, our consistent focus on timely execution, engineering precision, and customer support has helped us maintain a strong reputation in the private sector—particularly in manufacturing, utilities, and infrastructure domains. Our strategy emphasizes quality of engagement over volume, targeting clients who value reliability, customization, and expert integration. As a result, we continue to maintain a healthy order pipeline through trust-based relationships, sustained client engagement, and solution-oriented delivery.

INSTALLED CAPACITY & CAPACITY UTILIZATION

At Skytech Infinite, our operational model is centered around the design, engineering, assembly, and integration of automation systems, rather than large-scale manufacturing activities. As a service-oriented business, our operational capacity is not measured in terms of fixed plant output or MTPA (Metric Tons Per Annum), but rather by the number of panels or turnkey automation solutions completed and delivered. Each project we undertake is customer-specific, involving unique designs, configurations, material requirements, and execution timelines. Consequently, production schedules and output volumes vary significantly based on the technical complexity and individual requirements of each engagement.

Our operational model relies more on the expertise, scalability, and coordination of our engineering and project teams than on large-scale manufacturing facilities. In this context, conventional metrics of capacity and utilization—commonly applied in traditional manufacturing industries—are not directly relevant. Instead, our performance is driven by human capital, engineering capabilities, and the ability to mobilize resources effectively.

Further, the successful completion and delivery of each project are also dependent on external factors such as the client's site readiness, timely approvals, and integration timelines. Given these variables, our production and delivery capacities remain inherently flexible, shaped by market demand, project complexity, and execution windows. As such, we focus on optimizing manpower, workflow efficiency, and project management systems to ensure timely and high-quality delivery of solutions, rather than adhering to rigid quantitative capacity benchmarks.

UTILITIES

Infrastructure: Our registered office is well-equipped with the necessary infrastructure to support our business operations efficiently. It includes modern computer systems, reliable internet connectivity, dedicated servers with adequate backup system. In addition, the premises are supported by robust security and surveillance systems, ensuring a secure and technology-enabled working environment.

Power: Our registered office, located in Bangalore, operates with the advantage of a stable and uninterrupted power supply, facilitating smooth and efficient day-to-day operations. The facility is powered by Bangalore Electricity Supply Company Limited (BESCOM) and has a sanctioned load of 14 KW, which adequately meets our energy needs. This ensures uninterrupted performance of administrative, managerial, and support functions, contributing to overall operational efficiency.

At our various on-site project locations, power and electricity requirements are arranged and managed by the respective clients. This arrangement allows for uninterrupted project execution and ensures that our service delivery remains efficient and on schedule.

Water: Water is an essential and indispensable resource for our operations. Our Company has ensured adequate arrangements to meet its requirements at our registered office and assembling unit. The water supply at our premises is sourced through the Bangalore Water Supply and Sewerage Board (BWSSB), which sufficiently meets our day-to-day operational needs.

For our on-site projects, the responsibility for providing water at the respective project sites rests with the clients. This ensures that all necessary utilities and resources are in place to facilitate smooth and uninterrupted execution of on-site activities.

HUMAN RESOURCE

Human resource is an asset to any industry. We believe that our employees are the key to the success of our business and hence we have a structured organization plan to take care of the growth and motivation aspects of our team. Our manpower is a prudent mix of experienced and young personnel which gives us the dual advantage of stability and growth. Our work processes and skilled resources together with our strong management team have enabled us to successfully implement our growth plans.

The total strength of manpower as on August 31, 2025 is 78 employees including our Directors. Category wise details are as under:

PLANT AND MACHINERY

Our Company does not operate large-scale manufacturing facilities and, as such, does not own heavy or capital-intensive machinery. However, to support our panel assembly and integration activities, we maintain a set of essential hand-operated and bench-mounted equipment suitable for precision work. The equipment includes hand drilling machines (BOSCH – 13 DIA), bench drilling machines (GSMT – 15 DIA), cut-off machines (BOSCH and MAKITA – 12 DIA), and grinding machines (BOSCH – 4 INCH). These tools are used for basic fabrication, cutting, drilling, and finishing tasks associated with control panel assembly and system integration. The equipment is adequate for the scale and nature of our operations, which primarily involve engineering, assembly, and testing rather than large-scale manufacturing. Regular maintenance ensures that all tools remain in optimal working condition to support smooth and efficient operational workflows.

APPLICABLE LAWS AND REGULATIONS

LAWS RELATING TO INDUSTRY

Industries (Development and Regulation) Act, 1951, as amended (“IDR Act”)

The IDR Act has been liberalized under the New Industrial Policy dated July 24, 1991 and all industrial undertakings are exempt from licensing except for certain industries, including, among others, all types of electronic aerospace, defence equipment, ships and other vessels drawn by power. The IDR Act is administered by the Ministry of Commerce and Industry, Government of India, through the Department for Promotion of Industry and Internal Trade (DPIIT). The main objectives of the IDR Act are to empower the Government to take necessary steps for the development of industries, to regulate the pattern and direction of industrial development, and to control the activities, performance and results of industrial undertakings in the public interest. The DPIIT is responsible for formulation and implementation of promotional and developmental measures for growth of the industrial sector.

The Micro, Small and Medium Enterprises Development Act, 2006

In order to promote and enhance the competitiveness of Micro, Small and Medium Enterprise (“MSME”) the Micro, Small and Medium Enterprises Development Act, 2006 is enacted. A National Board shall be appointed and established by the Central Government for MSME enterprise with its head office at Delhi in the case of the enterprises engaged in the manufacture or production of goods pertaining to any industry mentioned in first schedule to Industries (Development and Regulation) Act, 1951. The Government, in the Ministry of Micro, Small and Medium Enterprises has issued a notification dated June 1, 2020 revising definition and criterion and the same came into effect from July 1, 2020. The notification revised the definitions as “Micro enterprise”, where the investment in plant and machinery or equipment does not exceed one crore rupees and turnover does not exceed five crore rupees; “Small enterprise”, where the investment in plant and machinery or equipment does not exceed ten crore rupees and turnover does not exceed fifty crore rupees; “Medium

enterprise”, where the investment in plant and machinery or equipment does not exceed fifty crore and turnover does not exceed two hundred and fifty crore rupee.

The Information Technology Act, 2000 and the rules made thereunder

The Information Technology Act, 2000 (“the IT Act”) seeks to: (i) provide legal recognition to transactions carried out by various means of electronic data interchange involving alternatives to paper-based methods of communication and storage of information; (ii) facilitate electronic filing of documents; and (iii) create a mechanism for the authentication of electronic documentation through digital signatures. The IT Act provides for extraterritorial jurisdiction over any offence or contravention under the IT Act committed outside India by any person, irrespective of their nationality, if the act or conduct constituting the offence or contravention involves a computer, computer system or computer network located in India. Additionally, the IT Act empowers the GoI to direct any of its agencies to intercept, monitor or decrypt any information in the interest of sovereignty, integrity, defence and security of India, among other things. The Information Technology (Procedure and Safeguards for Blocking for Access of Information by Public) Rules, 2009 specifically permit the Government of India to block access of any information generated, transmitted, received, stored or hosted in any computer resource by the public, the reasons for which are required to be recorded by it in writing.

The IT Act facilitates electronic commerce by recognizing contracts concluded through electronic means, protects intermediaries in respect of third-party information liability and creates liability in the form of payment of damages by way of compensation on a body corporate for failure to protect sensitive personal data. The IT Act also prescribes civil and criminal liability including fines and imprisonment for computer related offences including those relating to unauthorized access to computer systems, tampering with or unauthorised manipulation of any computer, computer system or computer network and damaging computer systems, and creates liability for negligence in dealing with or handling any sensitive personal data or information in a computer resource and in maintaining reasonable security practices and procedures in relation thereto, among others.

The IT Act empowers the GoI to formulate rules with respect to reasonable security practices and procedures and sensitive personal data. In exercise of this power, the Department of Information Technology, (“DoIT”) Ministry of Electronics and Information Technology, Government of India, in April 2011, notified the Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011 (“IT Security Rules”) which prescribe directions for the collection, disclosure, transfer and protection of sensitive personal data by a body corporate or any person acting on behalf of a body corporate.

The IT Security Rules require every such body corporate to provide a privacy policy for handling and dealing with personal information, including sensitive personal data, ensuring security of all personal data collected by us and publishing such policy on its website. The IT Security Rules further require that all such personal data be used solely for the purposes for which it was collected, and any third-party disclosure of such data is made with the prior consent of the information provider, unless contractually agreed upon between them or where such disclosure is mandated by law.

The DoIT also notified the Information Technology (Intermediaries Guidelines and Digital Media Ethics Code) Rules, 2021 (“IT Intermediary Rules”) requiring intermediaries and publishers receiving, storing, transmitting, or providing any service with respect to electronic messages or any other information to not knowingly host, publish, transmit, select or modify any information prohibited under the IT Intermediary Rules, to disable hosting, publishing, transmission, selection or modification of such information once they become aware of it, as well as specifying the due diligence to be observed by intermediaries. The IT Intermediary Rules further requires the intermediaries to provide for a grievance redressal mechanism and appoint a nodal officer and a resident grievance officer.

The Digital Personal Data Protection Act, 2023 (“DPDP Act”) and the Digital Personal Data Protection Rules, 2025 (“Draft Rules”)

The DPDP Act received the assent of the President of India on August 11, 2023, and the provisions of the DPDP Act shall come into effect on such date as the Central Government may notify in the official gazette. The DPDP Act provides for collection and processing of digital personal data by persons, including companies. Further, companies collecting and dealing in high volumes of personal data are defined as significant data fiduciaries. These significant data fiduciaries will be required to fulfil certain additional obligations under the DPDP Act including appointment of a data protection officer who will be the point of contact between such fiduciaries and individuals for grievance redressal. Further such significant data fiduciaries will also be required to appoint an independent data auditor who will evaluate their compliance with the DPDP Act. The Central Government will also establish the Data Protection Board of India (the “DPB”), whose key functions include: (i) monitoring compliance and imposing penalties, (ii) directing data fiduciaries to take necessary measures in the event of a data breach, and (iii) hearing grievances made by data principals.

The Ministry of Electronics and Information Technology has published the Draft Rules for public consultation on January 3, 2025. The Draft Rules facilitate the implementation of the DPDP Act. It aims to strengthen the legal framework for the protection of digital personal data by providing necessary details and an actionable framework. The Draft Rules lay down various implementation aspects such as the notice by the data fiduciary to the individuals, registration and obligations of consent manager, processing of personal data for issuance of subsidy, benefit, services by State, applicability of reasonable security safeguards, intimation of personal data breach, providing details about availing of the rights by the individuals, processing of personal data of child or of person with disability, setting up the DPB, appointment and service conditions of the chairperson and other members of the DPB, functioning of DPB as digital office, procedure to appeal to appellate tribunal among others. The Draft Rules are yet to be approved and notified.

Consumer Protection Act, 2019 (“COPRA, 2019”)

The CPA came into effect on December 24, 1986. It aims to reinforce the interests and rights of consumers by laying down a mechanism for speedy consumer grievance redressal. A consumer, his legal heir or representative, as defined under the CPA including a person who avails of any services for a consideration which has been paid in full or part or promised to be paid, any voluntary consumer association registered under any applicable law or numerous consumers having the same interest, or the Central or State Government may lodge a complaint before the district forum or any other appropriate forum under CPA, inter alia, for: (i) Defective or spurious goods or services; (ii) Unfair or restrictive trade practices; (iii) Deficiency in services hired or availed; (iv) Manufacture or provision of hazardous goods/services; and (v) Misleading or false warranties or guarantee or representations by the manufacturer/service provider. In addition to awarding compensations and/or corrective orders, the forums and commissions under CPA are empowered to impose imprisonment of not less than a month, but not exceeding three years, or a fine of not less than two thousand rupees, but not more than ten thousand rupees, or both.

The Factories Act, 1948 (“Factories Act”)

The Factories Act, a central legislation, extends to the whole of India. It is the principal legislation that governs the health, safety and welfare of factory workers. Under the Factories Act each state is empowered to issue its own rules for licensing and administering factories situated in such states (“Factories Rules”). Under the Factories Rules, prior to commencing any manufacturing process, a person needs to obtain a license to register such factory. Separate license needs to be obtained in respect of each premise where a factory is set up or proposed to be set up. The Factories Act defines a factory to cover any premises which employs 10 (ten) or more workers and in which manufacturing process is carried on with the aid of power and any premises where there are at least 20 (twenty) workers without the aid of power. The Factories Act provides that the person who has ultimate control over the affairs of the factory and in case of a company, any one of the directors, must ensure the health, safety and welfare of all workers. There is prohibition on employing children below the age of 14 (fourteen) years in a factory.

The Sale of Goods Act, 1930

The Sale of Goods Act, 1930 governs contracts relating to sale of goods in India. The contracts for sale of goods are subject to the general principles of the law relating to contracts. A contract of sale may be an absolute one or based on certain conditions. The Sale of Goods Act contains provisions in relation to the essential aspects of such contracts, including the transfer of ownership of the goods, delivery of goods, rights and duties of the buyers and sellers, remedies for breach of contract and the conditions and warranties implied under a contract for sale of goods.

The Registration Act, 1908

The Registration Act, 1908 (“Registration Act”) was enacted with the object of providing public notice of execution of documents affecting a transfer of interest in property. The Registration Act identifies documents for which registration is compulsory and includes among other things, any non-testamentary instrument which purports or operates to create, declare, assign, limit or extinguish, whether in present or in future, any right, title or interest, whether vested or contingent, in immovable property and a lease of immovable property for any term exceeding one year or reserving a yearly rent. It also provides for non-compulsory registration of documents as enumerated in the provisions.

The Indian Contract Act, 1872

The Contract Act is the legislation which lays down the general principles relating to formation, performance and enforceability of contracts. The rights and duties of parties and the specific terms of agreement are decided by the contracting parties themselves, under the general principles set forth in the Contract Act. The Contract Act also provides for circumstances under which contracts will be considered as ‘void’ or ‘voidable’. The Contract Act contains provisions governing certain special contracts, including indemnity, guarantee, bailment, pledge, and agency.

The Specific Relief Act, 1963

The Specific Relief Act is complimentary to the provisions of the Contract Act and the Transfer of Property Act, as the Act applies both to movable property and immovable property. The Act applies in cases where the Court can order specific performance of a contract. Specific relief can be granted only for purpose of enforcing individual civil rights and not for the mere purpose of enforcing a civil law. Specific performance means Court will order the party to perform his part of agreement, instead of imposing on him any monetary liability to pay damages to other party.

Negotiable Instruments Act, 1881

In India, cheques are governed by the Negotiable Instruments Act, 1881, which is largely a codification of the English Law on the subject. To ensure prompt remedy against defaulters and to ensure credibility of the holders of the negotiable instrument a criminal remedy of penalty was inserted in Negotiable Instruments Act, 1881 in form of the Banking, Public Financial Institutions and Negotiable Instruments Laws (Amendment), 1988 which were further modified by the Negotiable Instruments (Amendment and Miscellaneous Provisions) Act, 2002. The Act provides effective legal provision to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheque not being honoured by their bankers and returned unpaid. Section 138 of the Act, creates statutory offence in the matter of dishonour of cheques on the ground of insufficiency of funds in the account maintained by a person with the banker which is punishable with imprisonment for a term which may extend to two years, or with fine which may extend to twice the amount of the cheque, or with both.

Stamp Act in various states

The purpose of Stamp Act was to streamline and simplify transactions of immovable properties and securities by the State Government. The Stamp Act provides for the imposition of stamp duty at the specified rates on instruments listed in Schedule IA of the Stamp Act. Stamp duty is payable on all instruments / documents evidencing a transfer or creation or extinguishment of any right, title or interest in immoveable property. However, under the Constitution of India, the states are also empowered to prescribe or alter the stamp duty payable on such documents executed within the states. Therefore, the State Government of Andhra Pradesh and Telangana are empowered to prescribe or alter the stamp duty as per their need.

LABOUR AND EMPLOYMENT RELATED LAWS

The Code on Wages, 2019 (the “Code”)

The Code received the assent of the President of India on August 8, 2019. The provisions of the Code shall come into effect from the date notified in the Official Gazette by the Central Government. The Code will replace the four existing ancient laws namely (i) the Payment of Wages Act, 1936, (ii) the Minimum Wages Act, 1948, (iii) the Payment of Bonus Act, 1965, and (iv) the Equal Remuneration Act, 1976. The Code will apply to all employees’ and allows the Central Government to set a minimum statutory wage.

The four existing laws are as follows:

- **Payment of Wages Act, 1936**

The Payment of Wages Act, 1936 as amended (the Payment of Wages Act) has been enacted to regulate the payment of wages in a particular form at regular intervals without unauthorized deductions and to ensure a speedy and effective remedy to employees against illegal deductions and / or unjustified delay caused in paying wages. It applies to the persons employed in a civil, industrial or other establishment, whether directly or indirectly, through a sub-contractor and provides for the imposition of fines and deductions and lays down wage periods. The Payment of Wages Act is applicable to factories and industrial or other establishments where the monthly wages payable are less than Rs. 6,500 per month.

- **Payment of Bonus Act, 1965**

The Payment of Bonus Act, 1965 is applicable to every establishment employing 20 or more employees. The said Act provides for payment of the minimum bonus specified under the Act to the employees. It further requires the maintenance of certain books and registers such as the register showing computation of the allocable surplus; the register showing the set on & set off of the allocable surplus and register showing the details of the amount of Bonus due to the employees. Further it also requires for the submission of Annual Return in the prescribed form (FORM D) to be submitted by the employer within 30 days of payment of the bonus to the Inspector appointed under the Act.

- **Minimum Wages Act, 1948**

The Minimum Wages Act, 1948 came into force with an objective to provide for the fixation of a minimum wage payable by the employer to the employee. Every employer is mandated to pay the minimum wages to all employees engaged to do any work skilled, unskilled, and manual or clerical (including out-workers) in any employment listed in the schedule to this Act, in respect of which minimum rates of wages have been fixed or revised under the Act.

- **Equal Remuneration Act, 1976**

The Equal Remuneration Act, 1976, as amended (ER Act) provides for the payment of equal remuneration to men and women workers for same or similar nature of work and prevention of discrimination, on the ground of sex, against women in the matter of employment and for matters connected therewith or incidental thereto. Under the ER Act, no discrimination is permissible in recruitment and service conditions, except where employment of women is prohibited or restricted by law. It also provides that every employer should maintain such registers and other documents in relation to the workers employed by him/ her in the prescribed manner.

Industrial Relations Code, 2020

The Government of India enacted 'The Industrial Relations Code, 2020' which received the assent of the President of India on September 28, 2020. The provisions of this code will be brought into force on a date to be notified by the Central Government. It proposes to subsume three separate legislations, namely, the Industrial Disputes Act, 1947, the Trade Unions Act, 1926 and the Industrial Employment (Standing Orders) Act, 1946. Currently the laws are as follows:

- **Industrial Disputes Act, 1947**

The Industrial Disputes Act, 1947 provides the procedure for investigation and settlement of industrial disputes. When a dispute exists or is apprehended, the appropriate Government may refer the dispute to a lab or court, tribunal, or arbitrator, to prevent the occurrence or continuance of the dispute, or a strike or lock-out while proceeding is pending. The labour courts and tribunals may grant appropriate relief including ordering modification of contracts of employment or reinstatement of workers. The ID Act further provides for direct access for the workers to labour courts or tribunals in case of individual disputes and provided for the constitution of grievance settlement machineries in any establishment having twenty or more workers.

- **Trade Unions Act, 1926**

Provisions of the Trade Union Act, 1926 provides that any dispute between employers and workmen or between workmen and workmen, or between employers and employers which is connected with the employment, or nonemployment, or the terms of employment or the conditions of labour, of any person shall be treated as trade dispute. For every trade dispute a trade union has to be formed. For the purpose of Trade Union Act, 1926, Trade Union means combination, whether temporary or permanent, formed primarily for the purpose of regulating the

relations between workmen and employers or between workmen and workmen, or between employers and employers, or for imposing restrictive condition on the conduct of any trade or business etc.

- **Industrial Employment (Standing Orders) Act, 1946 (the “Standing Orders”)**

The Standing Orders were passed by the Central Government to bring uniformity in the terms of employment in industrial establishments so as to minimize industrial conflicts. The Standing Orders play a key role in defining the terms and conditions of employment within an industrial employment. The highlights of the Standing Orders such as classification of workmen, manner of intimation to workers about work and wage related details. Attendance and conditions for leaves, conditions of termination of employment and means of redressed for workmen in different.

Code on Social Security, 2020

The Government of India enacted ‘The Code on Social Security, 2020 which received the assent of the President of India on September 28, 2020. It proposes to subsume several separate legislations including the Employee’s Compensation Act, 1923, the Employees’ State Insurance Act, 1948, the Employees’ Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961 and the Payment of Gratuity Act, 1972. The laws that the code shall subsume, are currently as follows

- **Employee’s Compensation Act, 1923**

The Employees’ Compensation Act, 1923 provides for payment of compensation to injured employees or workmen by certain classes of employers for personal injuries caused due to an accident arising out of and during the course of employment. Under the Employees’ Act, the amount of compensation to be paid depends on the nature and severity of the injury. The Employees’ Act also lays down the duties/obligations of an employer and penalties in cases of non-fulfilment of such obligations thereof. There are separate methods of calculation or estimation of compensation for injury sustained by the employee. The employer is required to submit to the Commissioner for Employees’ Compensation a report regarding any fatal or serious bodily injury suffered by an employee within seven days of death/serious bodily injury.

- **Employee’s State Insurance Act, 1948**

It is an Act to provide for certain benefits to employees in case of sickness, maternity and ‘employment injury’ and to make provision for certain other matters in relation thereto. It shall apply to all factories (including factories belonging to the Government) other than seasonal factories. The ESI Act requires all the employees of the establishments to which this Act applies to be insured in the manner provided there under. Employer and employees both are required to make contribution to the fund. The return of the contribution made is required to be filed with the Employee State Insurance department.

- **Employee’s Provident Fund and Miscellaneous Provisions Act, 1952**

The EPF Act is applicable to an establishment employing more than 20 employees and as notified by the government from time to time. All the establishments under the EPF Act are required to be registered with the appropriate Provident Fund Commissioner. Also, in accordance with the provisions of the EPF Act, the employers are required to contribute to the employees’ provident fund the prescribed percentage of the basic wages, dearness allowances and remaining allowance (if any) payable to the employees. The employee shall also be required to make the equal contribution to the fund. The Central Government under Section 5 of the EPF Act (as mentioned above) frames Employees Provident Scheme, 1952.

- **Maternity Benefit Act, 1961**

The Act provides for leave and right to payment of maternity benefits to women employees in case of confinement or miscarriage etc. The Act is applicable to every establishment which is a factory, mine or plantation including any such establishment belonging to government and to every establishment of equestrian, acrobatic and other performances, to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a state, in which ten or more persons are employed, or were employed, on any day of the preceding twelve months; provided that the state government may, with the approval of the Central Government, after giving at least two months’ notice shall apply any of the provisions of this Act to establishments or class of establishments, industrial, commercial, agricultural or otherwise.

- **Payment of Gratuity Act, 1972**

The Act shall apply to every factory, mine plantation, port and railway company; to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a State, in which ten or more persons are employed, or were employed, on any day of the preceding twelve months; such other establishments or class of establishments, in which ten or more employees are employed, on any day of the preceding twelve months, as the Central Government, may by notification, specify in this behalf. A shop or establishment to which this Act has become applicable shall be continued to be governed by this Act irrespective of the number of persons falling below ten at any day. The gratuity shall be payable to an employee on termination of his employment after he has rendered continuous service of not less than five years on superannuation or his retirement or resignation or death or disablement due to accident or disease. The five-year period shall be relaxed in case of termination of service due to death or disablement.

Child Labour (Prohibition and Regulation) Act, 1986

This statute prohibits employment of children below 14 years of age in certain occupations and processes and provides for regulation of employment of children in all other occupations and processes. Provisions of the Trade Union Act, 1926 provides that any dispute between employers and workmen or between workmen and workmen, or between employers and employers which is connected with the employment, or non-employment, or the terms of employment or the conditions of labour, of any person shall be treated as trade dispute. For every trade dispute a trade union has to be formed. For the purpose of Trade Union Act, 1926, Trade Union means combination, whether temporary or permanent, formed primarily for the purpose of regulating the relations between workmen and employers or between workmen and workmen, or between employers and employers, or for imposing restrictive condition on the conduct of any trade or business etc.

TAXATION RELATED LAWS

The Goods and Services Tax ("GST") is levied on supply of goods or services or both jointly by the Central Government and State Governments. GST provides for imposition of tax on the supply of goods or services and will be levied by the Central Government and by the State Government including union territories on intra-state supply of goods or services. Further, Central Government levies GST on the inter-state supply of goods or services. The GST is enforced through various acts viz. Central Goods and Services Act, 2017 ("CGST"), relevant state's Goods and Services Act, 2017 ("SGST"), Union Territory Goods and Services Act, 2017 ("UTGST"), Integrated Goods and Services Act, 2017 ("IGST"), Goods and Services (Compensation to States) Act, 2017 and various rules made thereunder.

Further, the Income-tax Act, 1961 (the "Income Tax Act") is applicable to every company, whether domestic or foreign whose income is taxable under the provisions of the Income Tax Act or rules made there under depending upon its "Residential Status" and "Type of Income" involved. The Income Tax Act provides for the taxation of persons resident in India on global income and persons not resident in India on income received, accruing or arising in India or deemed to have been received, accrued or arising in India. Every company assessable to income tax under the Income Tax Act is required to comply with the provisions thereof, including those relating to tax deduction at source, advance tax, minimum alternative tax, etc. In 2019, the Government has also passed an amendment act pursuant to which concessional rates of tax are offered to a few domestic companies and new manufacturing companies.

Under the Customs Act, 1962, the Central Government has the power to prohibit either absolutely or subject to such conditions, the import or export of goods of any specified description. Further, the Central Government may specify goods of such class or description, if it is satisfied that it is necessary to take special measures for the purpose of checking the illegal import, circulation or disposal of such goods.

ENVIRONMENTAL LAWS

The Environment Protection Act, 1986 (the “Environment Protection Act”) and The Environment (Protection) Rules, 1986 (the “Environment Protection Rules”)

The Environment Protection Act was enacted to act as an “umbrella” legislation designed to provide a framework for coordination of the activities of various central and state authorities established under previous laws. The Environment Protection Act authorises the Central Government to protect and improve environment quality, control, and reduce pollution.

The Environment Protection Rules framed under the Environment Protection Act lay down specific provisions regarding standards for emission or discharge of environmental pollutants, prohibition of carrying out industrial activities in certain geographical locations, procedures for function of environmental laboratories and submission of samples. The draft Environment (Protection) Amendment Rules, 2020 provide for regulations on use of membrane based water purification system which, if passed, shall be applicable to all filtration based purification or wastewater treatment system, where polymer based membrane is used and discarded at the end of its life.

Public Liability Insurance Act, 1991 (“PLI Act”)

The PLI Act imposes liability on the owner or controller of hazardous substances for any damage arising out of an accident involving such hazardous substances. The government by way of a notification has enumerated a list of hazardous substances. The owner or handler is also required to obtain an insurance policy insuring against liability under the legislation. The rules made under the PLI Act mandate that the owner shall contribute towards the environmental relief fund a sum equal to the premium paid on the insurance policies. The amount is payable to the insurer.

Water (Prevention and Control of Pollution) Act, 1974

The Water Act prohibits the use of any stream or well for the disposal of polluting matter, in violation of the standards set out by the concerned state PCB. The Water Act also provides that the consent of the concerned state PCB must be obtained prior to establishing any industry, operations or any treatment and disposal system, which is likely to discharge sewage or effluent into a water body.

Water (Prevention and Control of Pollution) Cess Act, 1977

The Water Cess Act has been enacted to provide for the levy and collection of a cess on water consumed by persons carrying on certain industries by local authorities constituted under the Water Act, with a view to augment the resources of the central and state PCBs for the prevention and control of water pollution. The Water Cess Rules have been notified under Section 17 of the Water Cess Act and provide, inter alia, standards for meters and places where they are to be affixed and the furnishing of returns by consumers.

The Plastic Waste Management Rules, 2016

The Plastic Waste Management Rules of 2016 provide us with the sharpest measures taken against plastic use in India. The most significant feature of these rules is that the plastic manufacturers and retail establishments that use plastic as their main component are legally bound to follow the system of collecting back the plastic waste.

Hazardous Wastes (Management, Handling and Trans boundary Movement) Rules, 2016 (“Hazardous Waste Rules”)

The Hazardous Waste Rules regulate the management, treatment, storage and disposal of hazardous waste by imposing an obligation on every occupier and operator of a facility generating hazardous waste to dispose of such waste without harming the environment. Every occupier and operator of a facility generating hazardous waste must obtain approval from the relevant state pollution control board. The occupier is liable for damages caused to the environment resulting from the improper handling and disposal of hazardous waste and must pay any financial penalty that may be levied by the respective state pollution control board.

IMPORT-EXPORT REGULATIONS**Foreign Direct Investment Policy, 2020**

The Foreign Direct Investment (FDI) Policy aims to attract and promote foreign investment to supplement domestic resources for accelerated economic growth. FDI is subject to compliance with relevant sectoral laws, regulations, security conditions, and state/local laws. The Consolidated FDI Policy 2020, issued by the Department for Promotion of Industry and Internal Trade (DPIIT), establishes guidelines for FDI inflows into India. It is updated annually to align with regulatory changes.

Foreign Trade (Development and Regulation) Act, 1992

Foreign Trade Act empowers the Government of India to, among other things, (a) make provisions for development and regulation of foreign trade; (b) prohibit, restrict or otherwise regulate exports and imports; (c) formulate an EXIM policy; and (d) appoint a Director General of Foreign Trade for the purpose of administering foreign trade and advising the Central Government in formulating EXIM policy and implementing the same. Every importer and exporter is required to obtain an 'Importer Exporter Code' from the Director General of Foreign Trade or from any other duly authorized officer.

Foreign Trade Policy

The Foreign Trade Policy provides that no export or import can be made by a person without an IEC unless such person is specifically exempted. The policy provides for all exports and imports made shall be governed by the Foreign Trade Policy, unless otherwise specified. FTP provides for handbook of procedures laying down the procedure to be followed by an exporter or importer or by any Licensing/Regional Authority or by any other authority for purposes of implementing provisions of FT (D&R) Act, the Rules and the Orders made there under and provisions of FTP.

Foreign Exchange Management Act, 1999 ("FEMA") and Regulations Framed Thereunder

Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Promotion of Industry and Internal Trade. As laid down by the FEMA Regulations no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the 'automatic route' within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 ("FEMA Regulations"), as amended from time to time to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India and Foreign Exchange Management (Export of Goods and Services) Regulations, 2000 for regulation on exports of goods and services.

INTELLECTUAL PROPERTY RELATED LAW**Copyright Act, 1957**

Copyright is a right given by the law to creators of literary, dramatic, musical and artistic works and producers of cinematograph films and sound recordings. Trade Marks Act, 1999

The Trade Marks Act governs the statutory protection of trademarks and prevention of the use of fraudulent marks in India. It provides for the application and registration of trademarks in India. It also provides for exclusive rights to marks such as brand, label, and heading and to obtain relief in case of infringement for commercial purposes as a trade description. Under the provisions of the Trade Marks Act, an application for trade mark registration may be made with the Controller General of Patents, Designs and Trademarks by any person or persons claiming to be the proprietor of a trade mark, whether individually or as joint applicants, and can be made on the basis of either actual use or intention to use a trade mark in the future.

Once granted, a trade mark registration is valid for 10 years unless cancelled, subsequent to which, it can be renewed. If not renewed, the mark lapses and the registration is required to be restored to gain protection under the provisions of the Trade Marks Act. The Trade Marks Act prohibits registration of deceptively similar trademarks and provides penalties for

infringement, falsifying or falsely applying for trademarks. Further, pursuant to the notification of the Trade Marks (Amendment) Act, 2010, simultaneous protection of trade mark in India and other countries has been made available to owners of Indian and foreign trade marks. It also seeks to simplify the law relating to the transfer of ownership of trade marks by assignment or transmission and to bring the law in line with international practices.

The Design Act, 2000

The Design Act, which came into force in May 2001, along with the rules made thereunder consolidate and amend the law relating to protection of designs. The Companies Act deals with incorporation of companies and the procedure for incorporation and post incorporation. The conversion of private company into public company and vice versa is also laid down under the Companies Act, 2013. The procedure related to appointment of Directors. The procedure relating to winding up, voluntary winding up, appointment of liquidator also forms part of the Act. Further, Schedule V (read with sections 196 and 197), Part I lays down the conditions to be fulfilled for the appointment of a managing or whole-time director or manager. It provides the list of Acts under which if a person is prosecuted, he cannot be appointed as the director or Managing Director or Manager of a Company. The provisions relating to remuneration of the director’s payable by the companies is under Part II of the said schedule.

Competition Act, 2002

The Competition Act, 2002 prohibits anti-competitive agreements, abuse of dominant positions by enterprises and regulates combinations in India. The Competition Act also established the Competition Commission of India (the —CCI) as the authority mandated to implement the Competition Act. The provisions of the Competition Act relating to combinations were notified recently on March 4, 2011 and came into effect on June 1, 2011. Combinations which are Likely to cause an appreciable adverse effect on competition in a relevant market in India are void under the Competition Act. A combination is defined under Section 5 of the Competition Act as an acquisition, merger or amalgamation of enterprise(s) that meets certain asset or turnover thresholds. There are also different thresholds for those categorized as Individuals and Group. The CCI may enquire into all combinations, even if taking place outside India, or between parties outside India, if such combination is Likely to have an appreciable adverse effect on competition in India. Effective June 1, 2011, all combinations have to be notified to the CCI within 30 days of the execution of any agreement or other document for any acquisition of assets, shares, voting rights or control of an enterprise under Section 5(a) and (b) of the Competition Act (including any binding document conveying an agreement or decision to acquire control, shares, voting rights or assets of an enterprise); or the board of directors of a company (or an equivalent authority in case of other entities approving a proposal for a merger or amalgamation under Section 5(c) of the Competition Act. The obligation to notify a combination to the CCI falls upon the acquirer in case of an acquisition, and on all parties to the combination jointly in case of a merger or amalgamation.

Arbitration and Conciliation Act, 1996.

The Arbitration and Conciliation Act, 1996 is an act to consolidate and amend the law relating to domestic arbitration, international commercial arbitration and enforcement of foreign arbitral awards as also to define the law relating to conciliation and for matters connected therewith or incidental thereto. It aims at streamlining the process of arbitration and facilitating conciliation in business matters. The Act recognizes the autonomy of parties in the conduct of arbitral proceedings by the arbitral tribunal and abolishes the scope of judicial review of the award and minimizes the supervisory role of Courts. A significant feature of the Act is the appointment of arbitrators by the Chief Justice of India or Chief Justice of High Court. The Chief Justice may either appoint the arbitrator himself or nominate a person or Institution to nominate the arbitrator. The autonomy of the arbitral tribunal has further been strengthened by empowering them to decide on jurisdiction and to consider objections regarding the existence or validity of the arbitration agreement

Bhartiya Nyaya Sanhita, 2023

This act supersedes the Indian Penal Code, 1860, this comprehensive legal framework addresses various facets of criminal law, including offenses, penalties, defences, and procedural guidelines. The Bhartiya Nyaya Sanhita Act largely retains provisions from the Indian Penal Code, 1860, but also introduced new offences including but not limited to cybercrimes, environmental violations, and removed invalidated offences that were earlier there, and enhances penalties for certain offences. Notably, community service replaced the sedition as a form of punishment and terrorism is also explicitly recognizes as an offence. The Bhartiya Nyaya Sanhita Act streamlines legal procedures, ensuring faster trials and emphasizes on witness protection and evidence collection.

Bhartiya Nagrik Suraksha Sanhita Act, 2023

This act superseded the Code of Criminal Procedure, 1973, and became the main legislation on procedure for administration of substantive criminal law in India, this act received assent from the president of India on December 25, 2023 and came into effect from July 01, 2024. The Bhartiya Nagrik Suraksha Sanhita Act, introduces specific timelines for investigation and trial, ensures timely FIR registration for complaints submitted through electronic communication, mandates forwarding medical examination reports of rape victims within seven days, and empowers courts to conduct trial in absentia against proclaimed offenders. Additionally, the Act emphasizes prompt judgment pronouncement and requires audio-video recording of search and seizure during investigations. Notably, proceeds of crime can be attached by the court and distributed among victims. The Bhartiya Nagrik Suraksha Sanhita Act aims to expedite proceedings and enhance transparency in the criminal justice system.

Bhartiya Sakshya Adhiniyam Act, 2023

This act superseded the Indian Evidence Act, 1872, this act modernizes evidence handling within the Indian legal system, addressing digital evidence and other contemporary issues. This act focuses on procedural aspect of law, governing how rights may be enforced before a court of law. This act introduces changes related to electronic evidence definitions and admissibility procedures. This act received presidential assent on December 25, 2023 and came into effect from July 01, 2024, this act has omitted certain terms which were earlier present in the Indian Evidence Act and the major change was to include electronic evidence as part of the definition of documentary records and also included the possibility of giving oral evidence electronically.

Deferred Tax Assets and Liabilities are classified as non-current assets and liabilities.

3 SIGNIFICANT ACCOUNTING POLICIES

3.01 Property, Plant and Equipment

Tangible Assets are stated at cost net of recoverable taxes, trade discounts and rebates and include amounts added on revaluation, less accumulated depreciation and impairment loss, if any. The cost of tangible assets comprises its purchase price, borrowing cost and any cost directly attributable to bringing the asset to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent expenditures related to an item of Tangible Asset are added to its book value. only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Assets which are not ready for their intended use are disclosed under Capital Work-in- Progress and all the cost relating to such assets are shown under work-in-progress

Depreciation / amortisation

In respect of fixed assets (other than freehold land and capital work-in-progress) acquired during the year, depreciation/amortisation is charged on a straight line basis so as to write-off the cost of the assets over the useful lives.

Type of Assets	Period
Buildings	30 Years
Plant and Equipment	15 Years
Furniture and Fixtures	10 Years
Vehicles	8 Years
Office equipment	5 Years
Computers	4 Years

Impairment

The Management periodically assesses, using external and internal sources, whether there is an indication that an asset may be impaired. An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. The recoverable amount is higher of the asset's net selling price and value in use, which means the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal. An impairment loss for an asset is reversed if, and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognized. The carrying amount of an asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years

3.02 Leases

Assets taken on lease by the Company in its capacity as lessee, where the Company has substantially all the risks and rewards of ownership are classified as finance lease. Such a lease is capitalised at the inception of the lease at lower of the fair value or the present value of the minimum lease payments and a liability is recognised for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor, are recognised as operating leases. Lease rentals under operating leases are recognised in the statement of profit and loss on a straight-line basis.

3.03 Investments

Long-term investments and current maturities of long-term investments are stated at cost, less provision for other than temporary diminution in value. Current investments, except for current maturities of long-term investments, comprising investments in mutual funds, government securities and bonds are stated at the lower of cost and fair value.

Investments which are readily realizable and intended for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long term investments.

3.04 Revenue recognition

Revenue is recognised to the extent that it is probable that, the economic benefits will flow to the Company and the revenue can be reliably estimated and collectability is reasonably assured.

Revenue from sale of goods is recognised when control of the products being sold is transferred to our customer and when there are no longer any unfulfilled obligations. The performance Obligations in our contracts are fulfilled at the time of dispatch, delivery to upon formal customer acceptance depending on customer terms.

Revenue is measured on the basis of sale price, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the Government such as goods and services tax, etc. Accumulated experience is used to estimate the provision for such discounts and rebates. Revenue is only recognised to the extent that it is highly probable a significant reversal will not occur.

Dividend Income

Dividends is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend declaration.

Interest Income

Interest income is recognised on a time proportion basis as and when accrued.

3.05 Taxation

Current income tax expense comprises taxes on income from operations in India and in foreign jurisdictions. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961. Tax expense relating to foreign operations is determined in accordance with tax laws applicable in countries where such operations are domiciled.

Deferred tax expense or benefit is recognised on timing differences being the difference between taxable income and accounting income that originate in one period and is likely to reverse in one or more subsequent periods. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. The Company offsets deferred tax assets and deferred tax liabilities if it has a legally enforceable right and these relate to taxes on income levied by the same governing taxation laws.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction for relevant tax paying units and where the Company is able to and intends to settle the asset and liability on a net basis.

3.06 Foreign currency transactions**Initial recognition:**

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Measurement of foreign currency monetary items at the Balance Sheet date:

Foreign currency monetary items (other than derivative contracts) of the Company outstanding at the Balance Sheet date are restated at the year-end rates.

Treatment of exchange differences:

Exchange differences arising on settlement / restatement of short-term foreign currency monetary assets and liabilities of the Company are recognized as income or expense in the Statement of Profit and Loss.

3.07 Inventories

Raw materials are carried at the lower of cost and net realisable value. Cost is determined on a weighted average basis. Purchased goods-in-transit are carried at cost. Work-in-progress is carried at the lower of cost and net realisable value. Stores and spare parts are carried at lower of cost and net realisable value. Finished goods produced or purchased by the Company are carried at lower of cost and net realisable value. Cost includes direct material and labour cost and a proportion of manufacturing overheads.

3.08 Provisions, Contingent liabilities and Contingent assets**(a) Provisions**

Provision is recognized when the company has present obligations as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligations and reliable estimate can be made of amount of the obligation. Provisions are not discounted at their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

(b) Contingent Liabilities

Contingent liability is a possible obligation that arises from the past events whose existence will be confirmed by the occurrence or non- occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

3.09 Employee Benefits

a) Short Term Employee Benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are recorded as expense as the related service is provided. Benefits such as salaries, **Leave Travel Allowance, short term compensated absences etc., and the expected cost of bonus is recognized in the period in which the employee renders the related services.** A liability is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

b) Post-Employment Benefits

The Company participates in various employee benefit plans. Pensions and other post-employment benefits are classified as either defined contribution plans or defined benefit plans. Under a defined contribution plan, the Company's only obligation is to pay a fixed amount with no obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits. The related actuarial and investment risks are borne by the employee. The expenditure for defined contribution plans is recognised as an expense during the period when the employee provides service. Under a defined benefit plan, it is the Company's obligation to provide agreed benefits to the employees. The related actuarial and investment risks are borne by the Company. The present value of the defined benefit obligations is calculated by an independent actuary using the projected unit credit method.

Defined contribution plans

The Company has defined contribution plans (where Company pays pre-defined amounts and does not have any legal or informal obligation to pay additional sums) for post-employment benefits and the company's contributions thereto are charged to Profit and Loss statement every year. The company's contributions to State plans (viz., Employees Provident Fund and Employee Pension Scheme) are also charged to Profit and Loss Statement as expense during the period in which the employees perform the service.

Defined Benefit plans

Gratuity:

The company's contribution to Gratuity is not made to any approved funds. The present value of the obligation for gratuity benefits as determined on independent actuarial valuation, conducted annually using the projected unit credit method, as adjusted for unrecognized past services cost if any and as reduced by the fair value of plan assets, is recognized in the accounts. Actuarial gains and losses are recognized in full as employee benefit expense in the Profit and Loss Statement for the period in which they occur.

3.10 Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amount of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

3.11 Earnings per Share

The Company presents basic and diluted earnings per share data for its equity shares. Basic and diluted earnings per share is calculated by dividing the profit or loss attributable to owners of the equity shares of the Holding Company by the weighted average number of equity shares outstanding during the year.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITIONS AND RESULTS OF OPERATIONS

*You should read the following discussion of our financial condition and results of operations together with our restated financial for the financial year ended on 31st March 2025, 31st March 2024 and 31st March 2023 including the notes and significant accounting policies thereto and the reports thereon, which appear elsewhere in this Draft red herring prospectus. You should also see the section titled “**Risk Factors**” beginning on page 24 of this Draft Red Herring Prospectus, which discusses a number of factors and contingencies that could impact our financial condition and results of operations. The following discussion relates to our Company, unless otherwise stated, is based on restated audited financial statements.*

*These financial statements have been prepared in accordance with Ind GAAP, the Companies Act and the SEBI (ICDR) Regulations and restated as described in the report of our auditor dated February 28, 2025 which is included in this Draft Red Herring Prospectus under the section titled “**Financial Information as Restated**” beginning on page 164 of this Draft red herring prospectus. The restated financial statements have been prepared on a basis that differs in certain material respects from generally accepted accounting principles in other jurisdictions, including US GAAP and IFRS. We do not provide a reconciliation of our restated financial statements to US GAAP or IFRS and we have not otherwise quantified or identified the impact of the differences between Indian GAAP and U.S. GAAP or IFRS as applied to our restated financial statements.*

*This discussion contains forward-looking statements and reflects our current views with respect to future events and financial performance. Actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors such as those described under “**Risk Factors**” and “**Forward Looking Statements**” beginning on pages 24 and 17 respectively, and elsewhere in this draft red herring prospectus*

*Accordingly, the degree to which the financial statements in this Draft Red Herring Prospectus will provide meaningful information depends entirely on such potential investor's level of familiarity with Indian accounting practices. Our F.Y. ends on March 31 of each year; therefore, all references to a particular fiscal are to the twelve-month period ended March 31 of that year. Please also refer to section titled “**Certain Conventions, Use of Financial, Industry and Market Data and Currency Presentation**” beginning on page 15 of this Draft Red Herring Prospectus.*

Our Company was originally incorporated as a Private Limited Company in the name of “**Skytech Infinite Platform Private Limited**” on May 28, 2009 under the provisions of the Companies Act, 1956 bearing Corporate Identification Number U51506KA2009PTC049970 issued by the Registrar of Companies - Bangalore. Subsequently, our company was converted into Public Limited Company under the provisions of the Companies Act, 2013 and the name of our Company was changed to “**Skytech Infinite Platform Limited**” vide a fresh Certificate of Incorporation consequent upon conversion from Private Company to Public Company dated July 09, 2024 bearing Corporate Identification Number U51506KA2009PLC049970 issued by the Registrar of Companies – Central Processing Centre.

Skytech Infinite Platform Limited specializes in providing comprehensive turnkey automation solutions, encompassing Design, Engineering, Supply, Installation & Commissioning (I&C), and Maintenance of various types of Control Panels—from conceptualization to completion.

Our company is engaged in the manufacturing of Automation Control Panels, with a focus on integrating Programmable Logic Controllers (PLCs), drive systems, switchgear, and sensors to streamline industrial automation processes and optimizing commissioning solutions for enhanced performance. These panels are meticulously designed and assembled to include components such as PLCs, drives, switchgears, sensors, and actuators. Each element is precisely wired to ensure seamless operation, efficient troubleshooting, and optimized commissioning of automated systems.

Functioning as a centralized hub, these panels manage and monitor industrial machinery, enhancing both performance and reliability. Our expertise lies in developing robust control solutions that serve a wide spectrum of industries, including Power, Water, Energy, Machine Tools, Infrastructure, Motor Management, Food & Beverages, HVAC, Chemicals & Pharmaceuticals, Automotive, and Process Industries. We are committed to ensuring operational efficiency, improved productivity, and long-term system sustainability.

Skytech Infinite Platform Limited is an ISO-certified company with a robust operating history of over 15 years. We are a technology-driven organization with a strong emphasis on quality, design, and product development, enabling us to deliver customized solutions tailored to our clients' needs. Operating from a 10,000 sq. ft. in-house manufacturing facility, we are equipped to design, manufacture, and distribute a wide range of high-quality electrical panels and control systems. Our

diverse product portfolio includes PCC Panels, MCC Panels, VFD Panels, APFC Panels, PLC Panels, and Control Desk Panels. We serve multiple industrial sectors, both in India and internationally, with a global footprint extending to countries such as Bhutan, Thailand, China, Singapore, and the USA.

At Skytech Infinite Platform Limited, we take pride in offering quality workmanship backed by a skilled and experienced team dedicated to engineering products that meet the highest industry standards. Our dedicated team of engineers are experts in designing and developing advanced solutions, which enable us to manufacture Techno Modular Design panels—a distinctive approach that sets us apart from traditional welded panel manufacturers, with a strong focus on quality, flexibility, and durability.

Our infrastructure is thoughtfully designed to foster productivity and collaboration. We are equipped with state-of-the-art conference rooms and dedicated training facilities that support continuous learning and strategic planning. The office is structured into clearly defined departments—including Marketing, Projects, Design, Accounts, and more—working cohesively to ensure seamless operations, effective communication, and timely project execution.

Note:1 -

The increase in Revenue from Operations during the current fiscal was primarily attributable to higher service revenue as compared to the previous year. In addition, a marginal increase in export sales of services further contributed to the overall growth in revenues.

Note:2 -

The increase in other income is primarily attributable to the increase in interest income during the current fiscal.

Note:3 -

The increase in total income was mainly due to increase in Revenue from Operation during the current year.

Note:4 -

The decline in Cost of Materials Consumed during the current fiscal was primarily due to the lower purchases, utilization of opening stock and improved procurement efficiency from alternate suppliers during the fiscal year.

Note:5 -

This increase was mainly due to increase in overall Salaries paid during the fiscal year.

Note:6 -

The decrease in Other Expenses was mainly due to decrease in bad debts in comparison to previous fiscal.

Note:7 -

This decline in depreciation in the current year was due to the derecognition of assets during the fiscal year.

Note:8 -

This increase was mainly due to increase in interest expenses as per utilizations.

Note:9 -

The increase in Profit Before Tax (PBT) is primarily due to higher revenue and improved margins. Revenue earned from new projects came with a higher gross profit margin %, compared to the company's average margin. In addition, the service-type revenue increased during the current fiscal as compared to the last year which again resulted in higher margins and increased overall profitability. Further, reduced cost of materials consumed and other expenses impacted PBT positively. Furthermore, the shift from using different materials from different suppliers during the year contributed to improved profitability. Collectively, these factors explain the significant increase in PBT compared to the prior year.

Note:10 -

This increase was mainly due to increase in Profit before Tax as mentioned above.

Note:11 -

This increase was mainly due to increase in Profit before Tax as mentioned above.

Note:1 -

This growth is primarily attributable to higher overall new sales, increased procurement from government clients, and the addition of new customers across multiple states during the year.

Note:2 -

The marginal decrease in Other Income is due to the lower interest income in the current fiscal.

Note:3 -

The increase in total income was mainly due to increase in Revenue from Operation during the current fiscal.

Note:4 -

The Cost of Materials Consumed increased due to higher purchases during the year in line with the high revenue during the year.

Note:5 -

This increase was mainly due to increase in overall Salaries paid during the fiscal year.

Note:6 -

The increase in Other Expenses was mainly due to increase in various expenses due to higher operational level during the current fiscal as compared to the last fiscal

Note:7 -

The depreciation expense for the current year is lower than the previous year, primarily because capital expenditure was incurred in the prior financial year, while no additions were made during the current period.

Note:8 -

This increase was mainly due to increase in interest expenses as per utilization.

Note:9 -

While sales revenue has grown significantly, the corresponding expenses have also risen proportionately. Despite the increase in turnover, costs such as materials consumed, employee benefits, and other operating expenses have increased sharply. In the absence of effective cost-control measures, this has resulted in a gradual decline in profitability.

Note:10 -

This increase was mainly due to the impact of deferred tax.

Note:11 -

This increase was mainly due to decrease in Profit before Tax and increase in deferred tax as mentioned above.

AN ANALYSIS OF REASONS FOR THE CHANGES IN SIGNIFICANT ITEMS OF INCOME AND EXPENDITURE IS GIVEN HEREUNDER:

1. *Unusual or infrequent events or transactions*

Except as described in this Draft Red Herring Prospectus, during the periods under review there have been no transactions or events, which in our best judgment, would be considered unusual or infrequent.

2. *Significant economic changes that materially affected or are likely to affect income from continuing operations.*

There are no significant economic changes that may materially affect or likely to affect income from continuing operations. However, Government policies governing the sector in which we operate as well as the overall growth of the Indian economy has a significant bearing on our operations. Major changes in these factors can significantly impact income from continuing operations.

3. *Known trends or uncertainties that have had or are expected to have a material adverse impact on sales, revenue or income from continuing operations.*

Apart from the risks as disclosed under Section “**Risk Factors**” beginning on page 24 in the Draft Red Herring Prospectus, in our opinion there are no other known trends or uncertainties that have had or are expected to have a material adverse impact on revenue or income from continuing operations.

4. *Expected Future changes in relationship between costs and revenues*

Our Company’s future costs and revenues will be determined by demand/supply situation, inflation, Government Policies and Taxation and Currency fluctuations.

5. *Extent to which material increases in net sales or revenue are due to increased sales volume, introduction of new products or increased sales prices*

Changes in revenue in the last financial years are as explained in the part “Comparison of the Financial Performance” of above.

6. *Total turnover of each major industry segment in which our Company operates*

The Company is engaged in the manufacturing of Automation Control Panels, with a focus on integrating Programmable Logic Controllers (PLCs), drive systems, switchgear, and sensors to streamline industrial automation processes and optimizing commissioning solutions for enhanced performance. These panels are meticulously designed and assembled to include components such as PLCs, drives, switchgears, sensors, and actuators. Each element is precisely wired to ensure seamless operation, efficient troubleshooting, and optimized commissioning of automated systems. Therefore, there are no separate reportable segments.

7. *Status of any publicly announced New Products or Business Segment*

Our Company has not announced any new product other than disclosed in this Draft Red Herring Prospectus.

8. *Seasonality of business*

Our business is not seasonal in nature.

9. *Competitive conditions*

Competitive conditions are as described under the Chapters “**Industry Overview**” and “**Our Business**” beginning on page 93 and 106 respectively of the Draft Red Herring Prospectus/ Red Herring Prospectus/ Prospectus.

10. *Details of material developments after the date of last balance sheet i.e. March 31, 2025*

Except as mentioned in this Draft Red Herring Prospectus/ Red Herring Prospectus/ Prospectus, no circumstances have arisen since the date of last financial statement until the date of filing the Prospectus, which materially and adversely affect or are likely to affect the operations or profitability of our Company, or value of its assets, or its ability to pay its liability within next twelve months.

SECTION X: LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENTS

Except as stated in this section, there are no pending (i) criminal proceedings; (ii) actions taken by statutory and/or regulatory authorities; (iii) disciplinary action including penalty imposed by SEBI or Stock Exchanges against the Promoters in the last 5 (five) FYs including outstanding action; (iv) outstanding claims related to direct or indirect taxes; or (v) other pending litigation as determined to be material by our Board as per the materiality policy adopted by our Board ("Materiality Policy") in each case involving our Company, Promoters, Directors and the Group Companies ("Relevant Parties").

For the purpose of material litigation in (v) above, our Board in its meeting held on September 29, 2025 has considered and adopted the following policy on materiality for identification of material outstanding litigation involving the Relevant Parties ("Materiality Policy"). In accordance with the Materiality Policy, all outstanding litigation, including any litigation involving the Relevant Parties, other than (i), (ii), (iii) and (iv) mentioned above, will be considered material if the aggregate amount involved exceeds (a), (b), (c) mentioned above as per the latest Restated Financial Statements.

The threshold limit as per SEBI ICDR amendments dated March 03, 2025:

(a) two percent of turnover, as per the latest annual restated standalone financial statements of the issuer i.e.: Rs. 90.28 lakh or;

(b) two percent of net worth, as per the latest annual restated standalone financial statements of the issuer, i.e. Rs. 29.63 lakh or;

(c) five percent of the average of absolute value of profit or loss after tax, as per the last three annual restated financial statements of the issuer i.e. Rs. 11.36 lakh.

The lower of all threshold limit as per above and materiality policy is Rs. 11.36 Lakhs, and the disclosure made in other pending litigation is in compliance with the above threshold limit.

It is clarified that pre-litigation notices received by the Relevant Parties (excluding those notices issued by statutory/regulatory/tax authorities), unless otherwise decided by the Board, shall not be evaluated for materiality until such time that the Relevant Parties are impleaded as defendants in the litigation proceedings before any judicial forum.

Except as stated in this section, there are no outstanding material dues to creditors of our Company. In accordance with the Materiality Policy, outstanding dues to any creditor of our Company having monetary value exceeding 5% of the total trade payables as on the date of the latest Restated Financial Statements included in this Prospectus, shall be considered as 'material'. Further, for outstanding dues to any party which is a micro, small or medium enterprise ("MSME"), the disclosure will be based on information available with the Company regarding status of the creditor as defined under Section 2 of the Micro, Small and Medium Enterprises Development Act, 2006, as amended.

Unless stated to the contrary, the information provided below is as of the date of this Prospectus.

A. LITIGATION INVOLVING THE COMPANY

(a) Criminal proceedings against the Company

There are no outstanding criminal proceedings filed against the Company.

(b) Criminal proceedings filed by the Company

- a) Skytech Infinite Platform Private Limited Vs. RKP Drives India Private Limited & Theetharamada Nanjappa Uthaiiah: Filed in 2024, Case No.- C.C - Criminal Cases - 28235/2024, Chief Judge, Court of Small Causes, Bengaluru

In the matter before the Additional Chief Metropolitan Magistrate at Mayo Hall, Bengaluru, The Complainant, represented by its authorized signatory Mr. Anki Reddy, files a criminal complaint against The Accused and its director Mr. Theetharamada Nanjappa Uthaiiah, alleging that a cheque dated 29.05.2023 for Rs. 13,64,354/- issued by the accused

- Such other rights, as may be available to a shareholder of a listed public company under the previous Companies Act, 1956 and Companies Act, 2013, as may be applicable, terms of the SEBI Listing Regulations and the Memorandum and Articles of Association of our Company.

For further details on the main provision of our Company’s Articles of Association dealing with voting rights, dividend, forfeiture and lien, transfer and transmission and/or consolidation/splitting, etc., please refer to Section titled, **“Description of Equity Shares and Terms of the Articles of Association”**, beginning on page 276 of this Draft Red Herring Prospectus.

MINIMUM APPLICATION VALUE, MARKET LOT AND TRADING LOT

In accordance with Regulation 267 (2) of the SEBI ICDR Regulations, our Company shall ensure that the minimum application size shall be two lots which shall be above Rs. 2,00,000/- (Rupees Two Lakhs Only) per application. The issuer shall invite applications in multiples of the lot size.

In terms of Section 29 of the Companies Act, 2013, the Equity Shares shall be allotted only in dematerialised form. As per the existing SEBI (ICDR) Regulations, the trading of the Equity Shares shall only be in dematerialised form for all investors. In this context, two agreements have been signed among our Company, the respective Depositories and the Registrar to the Issuer:

1. Tripartite agreement dated May 09, 2024 between our Company, NSDL and the Registrar to the Issue.
2. Tripartite agreement dated April 22, 2024 between our Company, CDSL and the Registrar to the Issue.

As per the provisions of the Depositories Act, 1996 & regulations made there under and Section 29 (1) of the Companies Act, 2013, the equity shares of an issuer shall be in dematerialized form i.e. not in the form of physical certificates, but be fungible and be represented by the statement issued through electronic mode. The trading of the Equity Shares will happen in the minimum contract size of [●] Equity Shares and the same may be modified by the NSE from time to time by giving prior notice to investors at large.

Allocation and allotment of Equity Shares through this Draft Red Herring Prospectus will be done in multiples of [●] Equity Shares subject to a minimum allotment of [●] Equity Shares to the successful Bidders in terms of the SEBI Circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

MINIMUM NUMBER OF ALLOTTEES

In accordance with the Regulation 268 of SEBI ICDR Regulations, the minimum number of allottees in this Issue shall be 200 shareholders. In case the minimum number of prospective allottees is less than 200, no allotment will be made pursuant to this Issue and the monies blocked by the SCSBs shall be unblocked within two (2) working days of closure of issue.

JOINT HOLDERS

Where two (2) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint holders with benefits of survivorship.

NOMINATION FACILITY TO INVESTOR

In accordance with Section 72 of the Companies Act, 2013, the sole or first Bidder, along with other joint Bidder, may nominate any one person in whom, in the event of the death of sole Bidder or in case of joint Bidder, death of all the Bidders, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013, be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Share Transfer Agent of our Company.

In accordance with Section 72 of the Companies Act, 2013, any Person who becomes a nominee by virtue of this section shall upon the production of such evidence as may be required by the Board, elect either:

1. To register himself or herself as the holder of the Equity Shares; or
2. To make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety (90) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in the Issue will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with the respective depository participant of the Bidder would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the BRLM, reserve the right to not to proceed with the Issue after the Issue Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Issue advertisements were published, within two (2) days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Book Running Lead Manager, through the Registrar to the Issue, shall notify the SCSBs to unblock the bank accounts of the ASBA Bidders within one (1) Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchange on which Equity Shares are proposed to be listed.

Notwithstanding the foregoing, this Issue is also subject to obtaining the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment. If our Company withdraws the Issue after the Issue Closing Date and thereafter determines that it will proceed with an issue/issue for sale of the Equity Shares, our Company shall file a fresh Draft Red Herring Prospectus with the Stock Exchange.

Notes:

- Our Company in consultation with the Book Running Lead Manager, may consider participation by Anchor Investors in accordance with the SEBI ICDR Regulations. The Anchor Investor Bid/Offer Period shall be one Working Day prior to the Bid/Offer Opening Date in accordance with the SEBI ICDR Regulations.
- In terms of regulation 265 of SEBI (ICDR) Regulation, 2018, the issue shall be opened after at least three working days from the date of filing the prospectus with the Registrar of Companies.
- In terms of regulation 266(1) of SEBI (ICDR) Regulation, 2018, Except as otherwise provided in these regulations, the public issue shall be kept open for at least three (3) working days and not more than ten (10) working days.
- In terms of regulation 266(2) of SEBI (ICDR) Regulation, 2018, In case of a revision in the price band, the issuer shall extend the bidding (issue) period disclosed in the Red Herring Prospectus, for a minimum period of three (3) working days, subject to the provisions of sub-regulation (1).
- In terms of regulation 266(3) of SEBI (ICDR) Regulation, 2018, In case of force majeure, banking strike or similar unforeseen circumstances, our company may, for reasons to be recorded in writing, extend the issue period disclosed in the Red Herring Prospectus, for a minimum period of one (1) working day, subject to the provisions of sub-regulation 266(1) of SEBI (ICDR) Regulation, 2018.

The above time table is indicative and does not constitute any obligation on our Company and the BRLM. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within three (3) Working Days of the Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/Issue Period by our Company in consultation with the BRLM, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. Further, the SEBI is in the process of streamlining and reducing the post Issue timeline for initial public offerings. Any circulars or notifications from the SEBI after the date of the Draft Red Herring Prospectus may result in changes to the abovementioned timelines. Further, the Issue procedure is subject to change to any revised circulars issued by the SEBI to this effect. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

** In case of (i) any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) for cancelled/ withdrawn/ deleted ASBA Forms, the Bidder shall be compensated at a uniform rate of ₹ 100 per day or 15% per annum of the Bid Amount, whichever is higher from the date on which the request for cancellation/ withdrawal/ deletion is placed in the Stock Exchange bidding platform until the date on which the amounts are unblocked (ii) any blocking of multiple amounts for the same ASBA Form (for amounts blocked through the UPI Mechanism), the Bidder shall be compensated at a uniform rate ₹ 100 per day or 15% per annum of the total cumulative blocked amount except the original application amount, whichever is higher from the date on which such multiple amounts were blocked till the date of actual unblock; (iii) any blocking of amounts more than the Bid Amount, the Bidder shall be compensated at a uniform rate of ₹ 100 per day or 15% per annum of the difference in amount, whichever is higher from the date on which such excess amounts were blocked till the date of actual unblock; (iv) any delay in unblocking of non-allotted/ partially allotted Bids, exceeding two Working Days from the Bid/Offer Closing Date, the Bidder shall be compensated at a uniform rate of ₹ 100 per day or 15% per annum of the Bid. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. For the avoidance of doubt, the provisions of the SEBI circular dated March 16, 2021, as amended pursuant to SEBI circular dated June 2, 2021 shall be deemed to be incorporated in the agreements to be entered into by and between the Company and the relevant intermediaries, to the extent applicable.

SEBI vide circular SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 has reduced the post issue timeline for IPOs. The revised timeline of T+3 days has been made applicable in two phases, i.e., voluntary for all public issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Accordingly, the Issue has been made under UPI Phase III, subject to the timing of the Offer and any circulars, clarification or notification issued by the SEBI from time to time, including with respect to SEBI ICDR Master Circular.

The SEBI is in the process of streamlining and reducing the post Issue timeline for initial public offerings. Any circulars or notifications from the SEBI after the date of the Draft Red Herring Prospectus may result in changes to the abovementioned timelines. Further, the Issue procedure is subject to change to any revised circulars issued by the SEBI to this effect.

The BRLM will be required to submit reports of compliance with listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

In terms of the UPI Circulars, in relation to the Offer, the BRLM will submit report of compliance with T+3 listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI ICDR Master Circular.

Submission of Bids

Application Forms and any revisions to the same will be accepted only between 10.00 a.m. to 5.00 p.m. (IST) during the Issue Period (except for the Issue Closing Date). On the Issue Closing Date, the Application Forms will be accepted only between 10.00 a.m. to 3.00 p.m. (IST) for QIBs and Non-Institutional Bidders. The time for applying for Individual Applicants on Issue Closing Date maybe extended in consultation with the BRLM, RTA and EMERGE Platform of NSE taking into account the total number of applications received up to the closure of timings.

Standardization of cut-off time for uploading of bids on the Bid/Issue closing date:

- i. A standard cut-off time of 3.00 PM for acceptance of applications.
- ii. A standard cut-off time of 4.00 PM for uploading of applications received from other than individual applicants who applies for minimum application size.
- iii. A standard cut-off time of 5.00 PM for uploading of applications received from only individual applicants who applies for minimum application size, which may be extended up to such time as deemed fit by NSE after taking into account the total number of applications received upto the closure of timings and reported by BRLM to NSE within half an hour of such closure.

The Registrar to the Issue shall submit the details of cancelled/ withdrawn/ deleted applications to the SCSBs on a daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/ Issue Closing Date by obtaining the same from the Stock Exchange. The SCSBs shall unblock such applications by the closing hours of the Working Day and submit the confirmation to the BRLM and the RTA on a daily basis.

To avoid duplication, the facility of re-initiation provided to Syndicate Members, if any shall preferably be allowed only once per Bid/batch and as deemed fit by the Stock Exchange, after closure of the time for uploading Bids.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to the limitation of time available for uploading the Application Forms on the Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Issue Closing Date and, in any case, not later than 3.00 p.m. (IST) on the Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Application Forms are received on the Issue Closing Date, as is typically experienced in public issues, some Application Forms may not get uploaded due to the lack of sufficient time. Such Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Application Forms due to faults in any software/hardware system or otherwise.

In case of any discrepancy in the data entered in the electronic book vis-a-vis data contained in the physical Bid Form, for a particular Bidder, the details of the Bid file received from the Stock Exchange may be taken. Our Company in consultation with the BRLM, reserve the right to revise the Price Band during the Bid/Issue Period, provided that (i) the Cap Price will be less than or equal to 120% of the Floor Price, (ii) the Cap Price will be at least 105% of the Floor Price, and (iii) the Floor Price will not be less than the face value of the Equity Shares. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly. The Floor Price shall not be less than the face value of the Equity Shares.

In case of any revision to the Price Band, the Bid/Issue Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid/Issue Period not exceeding a total of 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the BRLM, for reasons to be recorded in writing, extend the Bid/Issue Period for a minimum of three Working Days, subject to the Bid/ Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/Issue Period, if applicable, will be widely disseminated by notification to the Stock Exchange, by issuing a public notice, and also by indicating the change on the respective websites of the BRLM and the terminals of the Syndicate Members, if any and by intimation to SCSBs, other Designated Intermediaries and the Sponsor Bank, as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Bidders are not allowed to withdraw or lower the size of their application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Individual Applicants can revise or withdraw their Bid Cum Application Forms prior to the Bid/ Issue Closing Date. Allocation to Individual Applicants, in this Issue will be on a proportionate basis.

MINIMUM SUBSCRIPTION

In accordance with Regulation 260(1) of SEBI (ICDR) Regulations, this Issue is 100% underwritten, so this issue is not restricted to any minimum subscription level.

As per section 39 of the new Companies Act, if the “stated minimum amount” has not been subscribed and the sum payable on application is not received within a period of thirty (30) days from the date of issue of Draft Red Herring Prospectus, the application money has to be returned within such period as may be prescribed.

If our Company does not receive the subscription of 100% of the Issue through this Issue Document including devolvement of Underwriters, our Company shall forthwith unblock the entire subscription amount received. If there is a delay beyond eight (8) days after our Company becomes liable to pay the amount, our Company shall pay interest prescribed under section 73 of the Companies Act, 2013 and applicable laws and regulations.

In terms of Regulation 272(2) of SEBI ICDR Regulations, in case the issuer fails to obtain listing or trading permission from the stock exchange where the specified securities were to be listed, it shall refund through verifiable means the entire monies received within four (4) days of receipt of intimation from stock exchange rejecting the application for listing of specified securities, and if any such money is not repaid within four (4) days after the issuer becomes liable to repay it the issuer and every director of the company who is an officer in default shall, on and from the expiry of the fourth day, be jointly and severally liable to repay that money with interest at the rate of fifteen per cent. per annum.

In accordance with Regulation 267 of the SEBI ICDR Regulations, 2018, the minimum application size in terms of number of specified securities shall be two lots which shall be above Rupees Two Lakhs per application.

Further, in accordance with Regulation 268 of the SEBI (ICDR) Regulations, our Company shall ensure that the number of prospective allottees to whom the Equity Shares will allotted will not be less than 200 (Two Hundred).

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be Issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

ARRANGEMENTS FOR DISPOSAL OF ODD LOTS

The trading of the Equity Shares will happen in the minimum contract size of [●] equity shares in terms of the SEBI Circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012. However, in terms of Regulation 261(5) of the SEBI ICDR Regulations, the Market Maker shall buy the entire shareholding of a shareholder in one lot, where value of such shareholding is less than the minimum contract size allowed for trading on the Emerge Platform of NSE.

APPLICATION BY ELIGIBLE NRI'S, FPI'S/FII'S REGISTERED WITH SEBI, VCF'S REGISTERED WITH SEBI AND QFIS

It is to be understood that there is no reservation for Eligible NRIs or FPIs/FIIs registered with SEBI or VCFs or QFIs. Such Eligible NRIs, QFIs, FPIs, FIIs, VCFs or AIFs registered with SEBI will be treated on the same basis with other categories for the purpose of Allocation.

NRIs, FPIs/FIIs and foreign venture capital investors registered with SEBI are permitted to purchase shares of an Indian company in a public Issue without the prior approval of the RBI, so long as the price of the equity shares to be issued is not less than the price at which the equity shares are issued to residents. The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the foreign direct investment ("FDI") Policy and the non-resident shareholding is within the sectoral limits under the FDI policy; and (ii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI.

The current provisions of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2000, provides a general permission for the NRIs, FPIs and foreign venture capital investors registered with SEBI to invest in shares of Indian companies by way of subscription in an IPO. However, such investments would be subject to other investment restrictions under the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2000, RBI and/or SEBI regulations as may be applicable to such investors.

The Allotment of the Equity Shares to Non-Residents shall be subject to the conditions, if any, as may be prescribed by the Government of India/RBI while granting such approvals.

AS PER THE EXTANT POLICY OF THE GOVERNMENT OF INDIA, OCBs CANNOT PARTICIPATE IN THIS ISSUE.

As per the existing regulations, OCBs are not eligible to participate in this Issue. The RBI has however clarified in its circular, A.P. (DIR Series) Circular No. 44, dated December 8, 2003 that OCBs which are incorporated and are not under the adverse notice of the RBI are permitted to undertake fresh investments as incorporated non-resident entities in terms of Regulation 5(1) of RBI Notification No.20/2000-RB dated May 3, 2000 under FDI Scheme with the prior approval of Government if the investment is through Government Route and with the prior approval of RBI if the investment is through Automatic Route on case by case basis. OCBs may invest in this Issue provided it obtains a prior approval from the RBI. On submission of such approval along with the Application Form, the OCB shall be eligible to be considered for share allocation.

All ASBA applications in Public Issues shall be processed only after the application money is blocked in the investor's bank accounts. The provisions of the circular shall be for all issues opening from September 01, 2022 onwards.

In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding two Working Days from the Issue Closing Date, the Bidder shall be compensated at a uniform rate of Rs.100 per day for the entire duration of delay exceeding two Working Days from the Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

Our Company and the BRLM do not accept any responsibility for the completeness and accuracy of the information stated in this section and the General Information Document and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in this Draft Red Herring Prospectus. Further, our Company and the BRLM are not liable for any adverse occurrences consequent to the implementation of the UPI Mechanism for application in this Issue.

Phased implementation of Unified Payments Interface (UPI)

SEBI has issued the various UPI Circulars in relation to streamlining the process of public issue of inter alia, equity shares. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by Individual Investors through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever was later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, a Individual Investor had the option to submit the ASBA Form with any of the Designated Intermediary and use his/her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.

Phase II: This phase has become applicable from July 1, 2019. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 had extended the timeline for implementation of UPI Phase II till March 31, 2020. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020 dated March 30, 2020 decided to continue Phase II of UPI with ASBA until further notice. Under this phase, submission of the ASBA Form by Individual Investors through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public issue closure to listing would continue to be six Working Days during this phase.

Phase III: This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 ("T+3 Notification"). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

This Issue is mandatorily being made under Phase III of the UPI Mechanism.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the SCSBs only after such banks provide a written confirmation, in compliance with the SEBI RTA Master Circular in a format as prescribed by SEBI, from time to time, and such payment of processing fees to the SCSBs shall be made in compliance with circulars prescribed by SEBI and applicable law.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using UPI. Our Company will be required to appoint one of the SCSBs as the Sponsor Bank(s) to act as a conduit between the Stock Exchange and NPCI in order to facilitate collection of requests and / or payment instructions of the UPI Bidders.

Individual investors bidding under the Non-Institutional Portion bidding for more than ₹ 200,000 and up to ₹ 500,000, using the UPI Mechanism, shall provide their UPI ID in the Bid-cum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

Pursuant to the SEBI ICDR Master Circular, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the SEBI ICDR Master Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one Working Day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Further, in terms of the UPI Circulars, the payment of processing fees to the SCSBs shall be undertaken pursuant to an application made by the SCSBs to the Book Running Lead Manager, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB.

For further details, refer to the General Information Document available on the websites of the Stock Exchange and the Book Running Lead Manager. Additionally, if there is any delay in the redressal of investors' complaints, the relevant SCSB as well as the Book Running Lead Manager will be required to compensate the concerned investor.

BOOK BUILDING PROCEDURE

This Offer is being made in terms of Rule 19(2)(b) of the SCRR, through the Book Building Process in accordance with Regulation 253 of the SEBI ICDR Regulations wherein not more than 50% of the Offer shall be allocated on a proportionate basis to QIBs, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations. Further, 5% of the QIB Portion shall be available for allocation on a proportionate basis only to Mutual Funds, and spill-over from the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIBs, including Mutual Funds, subject to valid Bids being received at or above the Offer Price. The Equity Shares have not been and will not be registered under the U.S. Securities Act, 1933 (the “U.S. Securities Act”) or the securities laws of any state of the United States and may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold only outside the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers, and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The information below is given for the benefit of the Bidders. Our Company, and the BRLM do not accept responsibility for the completeness and accuracy of the information stated. Our Company, and the BRLM is not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of the Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for does not exceed the limits prescribed under laws or regulations.

MAXIMUM AND MINIMUM APPLICATION SIZE

1. For Individual Bidders:

The Application must be for a minimum of 2 lots of [●] Equity Shares each and in multiples of [●] Equity Shares thereafter, so as to ensure that the Application Price payable by the Bidder exceeds Rs 2,00,000. In case of revision of Applications, the Individual Bidders have to ensure that the Application Price exceeds Rs 2,00,000. As the application price payable by the Individual Bidders shall exceed Rs. 2,00,000, **they can make Application only up to [●] Equity Shares.**

2. For Other than Individual Bidders (Non-Institutional Bidder and QIBs):

The Application must be for more than 2 lots and in multiples of [●] Equity Shares thereafter. An application cannot be submitted for more than the Net Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Bidder cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application.

In case of revision in Applications, the Non-Institutional Bidders, who are individuals, have to ensure that the Application size shall be more than two lots and application amount is greater than Rs 2,00,000 for being considered for allocation in the Non-Institutional Portion.

3. Minimum Bid Lot: [●] Equity Shares

The above information is given for the benefit of the Bidders.

The Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company, in consultation with the BRLM will decide the Price Band and the minimum Bid lot size for the Issue and the same shall be advertised in all editions of the English national newspaper [●], all editions of Hindi national newspaper [●] and Kannada Edition of Regional newspaper [●], where the registered office of the company is situated, each with wide circulation at least two Working Days prior to the Bid / Issue Opening Date. The BRLM and the SCSBs shall accept Bids from the Bidders during the Bid / Issue Period.

- a) The Bid / Issue Period shall be for a minimum of three (3) Working Days and shall not exceed ten (10) Working Days. The Bid/ Issue Period maybe extended, if required, by an additional three (3) Working Days, subject to the total Bid/ Issue Period not exceeding ten (10) Working Days. Any revision in the Price Band and the revised Bid / Issue Period, if applicable, will be published in all editions of [●], English national newspaper, all editions of [●], Hindi national newspaper and Kannada edition of [●], Regional newspaper of Karnataka, place where the registered office of the

company is situated, each with wide circulation and also by indicating the change on the websites of the BRLM and at the terminals of the members of the Syndicate and by intimation to Designated Intermediaries and the Sponsor Bank, as applicable.

- b) Each Bid Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder at or above the Issue Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.
- c) The Bidder / Bidder cannot Bid through another Bid Form after Bids through one Bid Form have been submitted to a BRLM or the SCSBs. Submission of a second Bid Form to either the same or to another BRLM or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.
- d) The BRLM/the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid Form.
- e) Upon receipt of the Bid Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid Form, prior to uploading such Bids with the Stock Exchange.
- f) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.
- g) If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.
- h) The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Bid Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

- a) Our Company in consultation with the BRLM, and without the prior approval of, or intimation, to the Bidders, reserves the right to revise the Price Band during the Bid/ Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on the either side i.e. the floor price can move up or down to the extent of 20% of the floor price disclosed. If the revised price band decided, falls within two different price bands than the minimum application lot size shall be decided based on the price band in which the higher price falls into.
- b) Our Company in consultation with the BRLM, will finalize the Issue Price within the Price Band, without the prior approval of, or intimation, to the Bidders.
- c) The Bidders can Bid at any price within the Price Band. The Bidder has to Bid for the desired number of Equity Shares at a specific price. Individual Bidders may Bid at the Cut-off Price. However, bidding at the Cut-off Price is prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders shall be rejected.
- d) Individual Bidders, who Bid at Cut-off Price agree that they shall purchase the Equity Shares at any price within the Price Band. Individual Bidders shall submit the Bid Form along with a cheque/demand draft for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders shall instruct the SCSBs to block an amount based on the Cap Price.

- c) The price of the specified securities offered to an anchor investor shall not be lower than the price offered to other Bidders.

The BRLM, Market Maker and the Underwriter, if any shall not be entitled to subscribe to this Issue in any manner except towards fulfilling their underwriting and market making obligations. However, associates/affiliates of the BRLM and Syndicate Members, if any may subscribe for Equity Shares in the Issue, either in the QIB Category or in the Non-Institutional Category as may be applicable to the Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients.

Neither the BRLM nor any persons related to the BRLM (other than Mutual Funds sponsored by entities related to the BRLM), Promoters and Promoter Group can apply in the Issue under the Anchor Investor Portion.

BID BY MUTUAL FUNDS

As per the current regulations, the following restrictions are applicable for investments by Mutual fund:

No mutual fund scheme shall invest more than 10% of its net asset value in the Equity Shares or equity related instruments of any Company provided that the limit of 10% shall not be applicable for investments in index funds or sector or industry specific funds. No mutual fund under all its schemes should own more than 10% of any Company's paid-up share capital carrying voting rights.

With respect to Applications by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged with the Application Form. Failing this, our Company reserves the right to accept or reject any Application in whole or in part, in either case, without assigning any reason thereof.

In case of a Mutual Fund, a separate Application can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Applications in respect of more than one scheme of the Mutual Fund will not be treated as multiple Applications provided that the Applications clearly indicate the scheme concerned for which the Application has been made.

The Bid/Application made by Asset Management Companies or custodians of Mutual Funds shall specifically state the names of the concerned schemes for which the Applications are made.

BIDS BY ELIGIBLE NRI'S

Only Bids/Applications accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRIs intending to make payment through freely convertible foreign exchange and Applying on a repatriation basis could make payments through the ASBA process only by blocking the funds for the amount payable on application in their NRE Account or FCNR Accounts, maintained with banks authorised by the RBI to deal in foreign exchange.

Eligible NRIs applying on a repatriation basis are advised to use the Bid Form meant for Non-Residents, accompanied by a bank certificate confirming that the payment has been made by blocking the relevant funds in their NRE or FCNR account, as the case may be. Payment for Application by non-resident Bidders applying on a repatriation basis will not be accepted out of NRO accounts for the full Application amount, at the time of submission of the Application Form.

Eligible NRIs applying on non-repatriation basis are advised to use the Bid Form for residents (white in colour). Eligible NRIs applying on a repatriation basis are advised to use the Bid Form meant for Non-Residents (blue in colour).

BIDS BY HUFs

Application by Hindu Undivided Families or HUFs should be in the individual name of the Karta. The Bidder should specify that the Application is being made in the name of the HUF in the Application Form as follows: "Name of sole or first Bidder: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta". Application by HUFs will be considered at par with Applications by individuals.

BIDS BY FPI'S

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) is not permitted to exceed 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased upto the sectoral cap by way of a resolution passed by the Board of Directors followed by a special resolution passed by the Shareholders of our Company and subject to prior intimation to the RBI.

In case the total holding of an FPI increases beyond 10% of the total paid-up Equity Share capital of our Company, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants issued that may be issued by our Company, the total investment made by the FPI will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may issue or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it that are listed or proposed to be listed on any recognized stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and (ii) such offshore derivative instruments are issued after compliance with 'know your client' norms. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority. In case of Applications made by FPIs, a verified true copy of the certificate of registration issued by the designated depository participant under the FPI Regulations is required to be attached along with the Application form, failing which our Company reserves the right to reject the Application without assigning any reasons thereof.

BIDS BY BANKING COMPANIES

In case of Bids/Applications made by banking companies registered with the RBI, certified copies of: (i) the certificate of registration issued by the RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Application Form, failing which our Company reserves the right to reject any Application by a banking company without assigning any reason therefor.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended (the "Banking Regulation Act"), and the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, is 10% of the paid-up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10% of the bank's own paid-up share capital and reserves, whichever is lower. However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid-up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banks in terms of Section 6(1) of the Banking Regulation Act, or (ii) the additional acquisition is through restructuring of debt/corporate debt restructuring/strategic debt restructuring, or to protect the bank's interest on loans/investments made to a company. The bank is required to submit a timebound action plan for disposal of such shares within a specified period to the RBI. A banking company would require a prior approval of the RBI to make (i) investment in a subsidiary and a financial services company that is not a subsidiary (with certain exceptions prescribed), and (ii) investment in a non-financial services company in excess of 10% of such investee company's paid-up share capital as stated in 5(a)(v)(c)(i) of the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016.

BIDS BY SCSBS

SCSBs participating in the Issue are required to comply with the terms of the SEBI ICDR Master Circular. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for ASBA applications.

BIDS BY SEBI REGISTERED VENTURE CAPITAL FUNDS, ALTERNATIVE INVESTMENT FUNDS AND FOREIGN VENTURE CAPITAL INVESTORS

The SEBI VCF Regulations and the SEBI FVCI Regulations, as amended, inter alia prescribe the investment restrictions on VCFs and FVCIs, respectively, registered with SEBI. Further, the SEBI AIF Regulations prescribe, amongst others, the investment restrictions on AIFs.

Accordingly, the holding in any company by any individual VCF or FVCI registered with SEBI should not exceed 25% of the corpus of the VCF or FVCI. Further, VCFs and FVCIs can invest only upto 33.33% of the investible funds in various prescribed instruments, including in public offerings.

The category I and II AIFs cannot invest more than 25% of the corpus in one investee company. A category III AIF cannot invest more than 10% of the corpus in one investee company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulations.

All Non-Resident Bidders including Eligible NRIs, FIIs and FVCIs should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and / or commission. There is no reservation for Eligible NRIs, FIIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

Further, according to the SEBI Regulations, the shareholding of VCFs, category I or II AIFs and FVCIs held in a company prior to making an initial public offering would be exempt from lock-in requirements only if the shares have been held by them for at least one year prior to the time of filing the Draft Red Herring Prospectus with SEBI. However, such equity shares shall be locked in for a period of at least one year from the date of purchase by the VCF, category I or II AIF or FVCI, as the case may.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Applications made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Application Form. - b) The Registrar to the Offer shall give instruction to the SCSB for unblocking the ASBA Account on the Designated Date. QIBs and NIIs can neither withdraw nor lower the size of their Bids at any stage.

Price Discovery and Allocation

- a) Based on the demand generated at various price levels, our Company in consultation with the BRLM, shall finalize the Offer Price.
- b) The SEBI ICDR Regulations, 2018 specify the allocation or Allotment that may be made to various categories of Bidders in an Offer depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Offer size available for allocation to each category is disclosed overleaf of the Bid Form and in the RHP. For details in relation to allocation, the Bidder may refer to the RHP.
- c) Under-subscription in any category (except QIB Category) is allowed to be met with spillover from any other category or combination of categories at the discretion of the Issuer, in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB Category is not available for subscription to other categories.
- d) In case of under subscription in the Offer, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Offer. For allocation in the event of an undersubscription applicable to the Issuer, Bidders may refer to the RHP.
- e) In case if the Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Offer; it also excludes Bidding by Anchor Investors. Bidders can bid

at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Offer size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below.

The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

BID QUANTITY	BID AMOUNT (₹)	CUMULATIVE QUANTITY	SUBSCRIPTION
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Offer the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalise the Offer Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Offer Price and cutoff Bids are valid Bids and are considered for allocation in the respective categories.

Anchor Investors are not allowed to withdraw their Bids after Anchor Investors bidding date.

BASIS OF ALLOTMENT

FLOW OF EVENTS FROM THE CLOSURE OF BIDDING PERIOD (T DAY) TILL ALLOTMENT:

- On T Day, RTA to validate the electronic bid details with the depository records and also reconcile the final certificates received from the Sponsor Bank for UPI process and the SCSBs for ASBA and Syndicate ASBA process with the electronic bid details.
- RTA identifies cases with mismatch of account number as per bid file/Final Certificate and as per applicant's bank account linked to depository demat account and seek clarification from SCSB to identify the applications with third party account for rejection.
- Third party confirmation of applications to be completed by SCSBs on T+1 day.
- RTA prepares the list of final rejections and circulate the rejections list with BRLM(s)/Company for their review/comments.
- Post rejection, the RTA submits the basis of allotment with the Designated Stock Exchange (DSE).
- The Designated Stock Exchange (DSE), post verification approves the basis and generates drawal of lots wherever applicable, through a random number generation software.
- The RTA uploads the drawl numbers in their system and generates the final list of allottees as per process mentioned below:

Process for generating list of allottees: -

- Instruction is given by RTA in their Software System to reverse category wise all the application numbers in the ascending order and generate the bucket/batch as per the allotment ratio. For example, if the application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawal of lots provided by Designated Stock Exchange (DSE) is 3 and 5 then the system will pick every 3rd and 5th application in each of the lot of the category and these applications will be allotted the shares in that category.
- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the over subscription times.
- In categories where there is undersubscription, the Registrar will do full allotment for all valid applications.
- On the basis of the above, the RTA will work out the allottees, partial allottees and non-allottees, prepare the fund transfer letters and advice the SCSBs to debit or unblock the respective accounts.

Allotment will be made in consultation with the NSE. In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

RESTRICTIONS OF FOREIGN OWNERSHIP OF INDIAN SECURITIES

There are two routes through which foreign investors may invest in India. One is the “automatic route”, where no government approval is required under Indian foreign exchange laws to make an investment as long as it is within prescribed thresholds for the relevant sector. The other route is the “government route”, where an approval is required under foreign exchange laws from the relevant industry regulator, prior to the investment.

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991, of the Government of India and FEMA. While the Industrial Policy, 1991, of the Government of India, prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. The Union Cabinet, as provided in the Cabinet Press Release dated May 24, 2017, has given its approval for phasing out the FIPB. Under the Industrial Policy, 1991, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Accordingly, the process for foreign direct investment (“FDI”) and approval from the Government of India will now be handled by the concerned ministries or departments, in consultation with the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (formerly known as the Department of Industrial Policy and Promotion) (“DPIIT”), Ministry of Finance, Department of Economic Affairs, FIPB section, through a memorandum dated June 5, 2017, has notified the specific ministries handling relevant sectors.

The Government has, from time to time, made policy pronouncements on FDI through press notes and press releases. The DPIIT issued the Consolidated FDI Policy Circular of 2020 (“FDI Policy”) by way of circular bearing number DPIIT file number 5(2)/2020-FDI Policy dated October 15, 2020, which with effect from October 15, 2020, consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect as on October 15, 2020. The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases which are notified by RBI as amendments to FEMA. In case of any conflict between FEMA and such policy pronouncements, FEMA prevails.

RBI has also issued Master Direction- Foreign Investment in India dated January 4, 2018. In terms of the Master Direction, an Indian company may issue fresh shares to persons resident outside India (who are eligible to make investments in India, for which eligibility criteria are as prescribed). Such fresh issue of shares shall be subject to inter-alia, the pricing guidelines prescribed under the Master Directions.

The RBI, in exercise of its power under the FEMA, has also notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2017 to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “U.S. Securities Act”), or the securities laws of any state of the United States and may not be offered or sold within the United States, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold only outside the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers, and sale occur. The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Bidders. Our Company and the BRLM are not liable for any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to consult their legal counsel, to make their independent investigations and ensure that Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and regulations.

**1 Altered vide resolution passed at the Extra Ordinary General Meeting dated 26th March, 2024.*

- (ii) Every certificate shall be under the seal and shall specify the shares to which it relates and the amount paid-up thereon.
 - (iii) In respect of any share or shares held jointly by several persons, the company shall not be bound to issue more than one certificate, and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such holders.
3. (i) If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer, then upon production and surrender thereof to the company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the company and on the execution of such indemnity as the company deem adequate, a new certificate in lieu thereof shall be given. Every certificate under this Article shall be issued on payment of twenty rupees for each certificate.
- (ii) The provisions of Articles (2) and (3) shall *mutatis mutandis* apply to debentures of the company.
4. Except as required by law, no person shall be recognised by the company as holding any share upon any trust, and the company shall not be bound by, or be compelled in any way to recognise (even when having notice thereof) any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these regulations or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.
5. (i) The company may exercise the powers of paying commissions conferred by sub-section (6) of section 40, provided that the rate per cent. or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by that section and rules made thereunder.
- (ii) The rate or amount of the commission shall not exceed the rate or amount prescribed in rules made under sub-section (6) of section 40.
- (iii) The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in one way and partly in the other.
6. (i) If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of section 48, and whether or not the company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class.
- (ii) To every such separate meeting, the provisions of these regulations relating to general meetings shall *mutatis mutandis* apply, but so that the necessary quorum shall be at least two persons holding at least one-third of the issued shares of the class in question.
7. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking *pari passu* therewith.
8. Subject to the provisions of section 55, any preference shares may, with the sanction of an ordinary resolution, be issued on the terms that they are to be redeemed on such terms and in such manner as the company before the issue of the shares may, by special resolution, determine.
9. Where at any time Company having Share Capital proposes to increase its subscribed capital by the issue of further Shares, such shares shall be offered in compliance with the relevant provisions of the Companies Act, 2013 and any other applicable law.

10. **Dematerialisation of Shares**

- I. Notwithstanding anything contained in these Articles, the Company shall be entitled to dematerialise its shares, debentures and other securities and to offer any shares, debentures or other securities proposed to be issued by it for subscription in a dematerialized form and on the same being done, the Company shall further be entitled to maintain a Register of Members/ Debenture holders/ other security holders with the details of members/debenture holders/ other securities both in materialized and dematerialized form in any medium as permitted by the Act.
- II. Every person subscribing to or holding securities of the Company shall have the option to receive security certificates or to hold the securities in electronic form with a Depository. If a person opts to hold his security with a Depository, the

Company shall intimate such Depository the details of allotment of the security, and on receipt of the information, the Depository shall enter in its records the name of the allottee as the Beneficial Owner of the Security.

- III. Save as herein otherwise provided, the Company shall be entitled to treat the person whose name appears as the beneficial owner of the shares, debentures and other securities in the records of the Depository as the absolute owner thereof as regards receipt of dividends or bonus on shares, interest/premium on debentures and other securities and repayment thereof or for service of notices and all or any other matters connected with the Company and accordingly the Company shall not (except as ordered by the Court of competent jurisdiction or as by law required and except as aforesaid) be bound to recognise any benami trust or equity or equitable, contingent or other claim to or interest in such shares, debentures or other securities as the case may be, on the part of any other person whether or not it shall have express or implied notice thereof.
- IV. In the case of transfer of shares, debentures or other securities where the Company has not issued any certificates and where such shares, debentures or other securities are being held in an electronic and fungible form, the provisions of the Depositories Act, shall apply.

 Provided that in respect of the shares and securities held by the depository on behalf of a beneficial owner, provisions of Section 9 and any other applicable section as amended of the Depositories Act shall apply so far as applicable.
- V. Every Depository shall furnish to the Company, information about the transfer of securities in the name of the Beneficial Owner at such intervals and in such manner as may be specified by the bye-laws of the Depository and the Company on that behalf.
- VI. Except as specifically provided in these Articles, the provisions relating to joint holders of shares, calls, lien on shares, forfeiture of shares and transfer and transmission of shares shall be applicable to shares held in electronic form so far as they apply to shares in physical form subject however to the provisions of the Depositories Act.

Lien

11. (i) The company shall have a first and paramount lien—

- (a) on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and
- (b) on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the company:

Provided that the Board of Directors may at any time declare any share to be wholly or in part exempt from the provisions of this clause.

Every fully paid shares shall be free from all lien and that in the case of partly paid shares the issuer's lien shall be restricted to moneys called or payable at fixed time in respect of such shares.

- (ii) The company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares.

12. The company may sell, in such manner as the Board thinks fit, any shares on which the company has a lien:

Provided that no sale shall be made—

- (a) unless a sum in respect of which the lien exists is presently payable; or
- (b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.

13. (i) To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereof.
 (ii) The purchaser shall be registered as the holder of the shares comprised in any such transfer.
 (iii) The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.
14. (i) The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.

(ii) The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.

Calls on shares

15. (i) The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:

Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.

(ii) Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the company, at the time or times and place so specified, the amount called on his shares.

(iii) A call may be revoked or postponed at the discretion of the Board.

16. A call shall be deemed to have been made at the time when the resolution of the Board authorising the call was passed and may be required to be paid in installments.

17. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.

18. (i) If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent. per annum or at such lower rate, if any, as the Board may determine.

(ii) The Board shall be at liberty to waive payment of any such interest wholly or in part.

19. (i) Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.

(ii) In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.

20. The Board—

(a) may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and

(b) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve per cent. per annum, as may be agreed upon between the Board and the member paying the sum in advance.

Transfer of shares

21. (i) The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.

(ii) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.

22. The Board may, subject to the right of appeal conferred by section 58 decline to register—

(a) the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or

(b) any transfer of shares on which the company has a lien.

(c) Provided however that the Company will not decline to register or acknowledge any transfer of shares on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever.

(d) The common form of transfer shall be used by the Company.

23. The Board may decline to recognise any instrument of transfer unless—
- (a) the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;
 - (b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and
 - (c) the instrument of transfer is in respect of only one class of shares.
24. On giving not less than seven days' previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:

Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

Transmission of shares

25. (i). On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognised by the company as having any title to his interest in the shares.
- (ii). Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.
26. (i) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either—
- (a) to be registered himself as holder of the share; or
 - (b) to make such transfer of the share as the deceased or insolvent member could have made.
- (ii) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.
27. (i) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.
- (ii) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.
- (iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.
28. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company:

Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.

Forfeiture of shares

29. If a member fails to pay any call, or installment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or installment remains unpaid, serve a notice on him requiring payment of so much of the call or installment as is unpaid, together with any interest which may have accrued.

30. The notice aforesaid shall—
- (a) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and
 - (b) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.
31. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.
32. (i) A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.
(ii) At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.
33. (i) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares.
(ii) The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.
34. (i) A duly verified declaration in writing that the Declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share.
(ii) The company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of.
(iii) The transferee shall thereupon be registered as the holder of the share.
(iv) The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.
35. The provisions of these regulations as to forfeiture shall apply in the case of non-payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

Alteration of capital

36. The company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.
37. Subject to the provisions of section 61, the company may, by ordinary resolution,—
- (a) consolidate and divide all or any of its share capital into shares of larger amounts than its existing shares;
 - (b) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;
 - (c) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum;
 - (d) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.
38. Where shares are converted into stock,—
- (a) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:

Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.

(b) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.

(c) such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words “share” and “shareholder” in those regulations shall include “stock” and “stock-holder” respectively.

39. The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorised and consent required by law,—

- (a) its share capital;
- (b) any capital redemption reserve account; or
- (c) any share premium account.

Capitalization of Profit

40. (i) The company in general meeting may, upon the recommendation of the Board, resolve—

(a) that it is desirable to capitalise any part of the amount for the time being standing to the credit of any of the company’s reserve accounts, or to the credit of the profit and loss account, or otherwise available for distribution;

(b) that such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.

(ii) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (iii), either in or towards—

(A) paying up any amounts for the time being unpaid on any shares held by such members respectively;

(B) paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;

(C) partly in the way specified in sub-clause (A) and partly in that specified in sub-clause (B);

(D) A securities premium account and a capital redemption reserve account may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares;

(E) The board shall give effect to the resolution passed by the company in pursuance of this regulation

41. (i) Whenever such a resolution as aforesaid shall have been passed, the Board shall—

(a) make all appropriations and applications of the undivided profits resolved to be capitalized thereby, and all allotments and issues of fully paid shares if any; and

(b) generally do all acts and things required to give effect thereto.

(ii) The Board shall have power—

(a) to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions; and

(b) to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalization, or as the case may require, for the payment by the

company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalized, of the amount or any part of the amounts remaining unpaid on their existing shares;

(iii) Any agreement made under such authority shall be effective and binding on such members.

(iv) Capital paid-up in advance of calls on any share may carry interest but shall not in respect thereof confer a right to dividend or to participate in profits.

Buy-back of shares

42. Notwithstanding anything contained in these articles but subject to the provisions of sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.

General meetings

43. All general meetings other than annual general meeting shall be called extra-ordinary general meeting.

44. (i) The Board may, whenever it thinks fit, call an extraordinary general meeting.

(ii) If at any time directors capable of acting who are sufficient in number to form a quorum are not within India, any director or any two members of the company may call an extraordinary general meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board.

Proceedings at general meetings

45. (i) No business shall be transacted at any general meeting unless a quorum of members is present at the time when the meeting proceeds to business.

(ii) Save as otherwise provided herein, the quorum for the general meetings shall be as provided in section 103.

46. The chairperson, if any, of the Board shall preside as Chairperson at every general meeting of the company.

47. If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting, or is unwilling to act as chairperson of the meeting, the directors present shall elect one of their members to be Chairperson of the meeting.

48. If at any meeting no director is willing to act as Chairperson or if no director is present within fifteen minutes after the time appointed for holding the meeting, the members present shall choose one of their members to be Chairperson of the meeting.

Adjournment of meeting

49. (i) The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place.

(ii) No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

(iii) When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.

(iv) Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

Voting rights

50. Subject to any rights or restrictions for the time being attached to any class or classes of shares,—

(a) on a show of hands, every member present in person shall have one vote; and

(b) on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the company.

51. A member may exercise his vote at a meeting by electronic means in accordance with section 108 and shall vote only once.
52. (i) In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.
- (ii) For this purpose, seniority shall be determined by the order in which the names stand in the register of members.
53. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.
54. Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll.
55. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid.
56. (i) No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.
- (ii) Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

Proxy

57. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarized copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.
58. An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105.
59. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given:

Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

Board of Directors

60. The number of directors and the names of the first directors shall be determined in writing by the subscribers of the memorandum or a majority of them.
The First Directors of the Company are:
1. Deiveekan Paramashivam
 2. Suma Deiveekan
61. (i) The remuneration of the directors shall, in so far as it consists of a monthly payment, be deemed to accrue from day-to-day.
- (ii) In addition to the remuneration payable to them in pursuance of the Act, the directors may be paid all travelling, hotel and other expenses properly incurred by them—
- (a) in attending and returning from meetings of the Board of Directors or any committee thereof or general meetings of the company; or
 - (b) in connection with the business of the company.
62. The Board may pay all expenses incurred in getting up and registering the company.

63. The company may exercise the powers conferred on it by section 88 with regard to the keeping of a foreign register; and the Board may (subject to the provisions of that section) make and vary such regulations as it may think fit respecting the keeping of any such register.
64. All cheques, promissory notes, drafts, *hundis*, bills of exchange and other negotiable instruments, and all receipts for monies paid to the company, shall be signed, drawn, accepted, endorsed, or otherwise executed, as the case may be, by such person and in such manner as the Board shall from time to time by resolution determine.
65. Every director present at any meeting of the Board or of a committee thereof shall sign his name in a book to be kept for that purpose.
66. (i) Subject to the provisions of section 149, the Board shall have power at any time, and from time to time, to appoint a person as an additional director, provided the number of the directors and additional directors together shall not at any time exceed the maximum strength fixed for the Board by the articles.
- (ii) Such person shall hold office only up to the date of the next annual general meeting of the company but shall be eligible for appointment by the company as a director at that meeting subject to the provisions of the Act.

67. MANAGING DIRECTOR(S)/WHOLE TIME DIRECTOR(S)/KEY MANAGERIAL PERSONNEL

The Managing Director or Whole Time Director shall be appointed in compliance with the provisions of Companies Act, 2013 and any other applicable law in force.

68. Powers and duties of Managing Director or whole-time Director

The Managing Director/Whole-time Director shall be subject to the supervision, control and direction of the Board and subject to the provisions of the Act, exercise such powers as are exercisable under these presents by the Board of Directors, as they may think fit and confer such power for such time and to be exercised as they may think expedient and they may confer such power either collaterally with or to the exclusion of any such substitution for all or any of the powers of the Board of Directors in that behalf and may from time to time revoke, withdraw, alter or vary all or any such powers. The Managing Directors/whole-time Directors may exercise all the powers entrusted to them by the Board of Directors in accordance with the Board's direction.

Proceedings of the Board

69. (i) The Board of Directors may meet for the conduct of business, adjourn and otherwise regulate its meetings, as it thinks fit.
- (ii) A director may, and the manager or secretary on the requisition of a director shall, at any time, summon a meeting of the Board.
70. (i) Save as otherwise expressly provided in the Act, questions arising at any meeting of the Board shall be decided by a majority of votes.
- (ii) In case of an equality of votes, the Chairperson of the Board, if any, shall have a second or casting vote.
71. The continuing directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing directors or director may act for the purpose of increasing the number of directors to that fixed for the quorum, or of summoning a general meeting of the company, but for no other purpose.
72. (i) The Board may elect a Chairperson of its meetings and determine the period for which he is to hold office.
- (ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the directors present may choose one of their number to be Chairperson of the meeting.
73. (i) The Board may, subject to the provisions of the Act, delegate any of its powers to committees consisting of such member or members of its body as it thinks fit.
- (ii) Any committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on it by the Board

74. (i) A committee may elect a Chairperson of its meetings.
- (ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the members present may choose one of their members to be Chairperson of the meeting.
75. (i) A committee may meet and adjourn as it thinks fit.
- (ii) Questions arising at any meeting of a committee shall be determined by a majority of votes of the members present, and in case of an equality of votes, the Chairperson shall have a second or casting vote.
76. All acts done in any meeting of the Board or of a committee thereof or by any person acting as a director, shall, notwithstanding that it may be afterwards discovered that there was some defect in the appointment of any one or more of such directors or of any person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such director or such person had been duly appointed and was qualified to be a director.
77. Save as otherwise expressly provided in the Act, a resolution in writing, signed by all the members of the Board or of a committee thereof, for the time being, entitled to receive notice of a meeting of the Board or committee, shall be valid and effective as if it had been passed at a meeting of the Board or committee, duly convened and held.

Chief Executive Officer, Manager, Company Secretary or Chief Financial Officer

78. Subject to the provisions of the Act,—
- a. A chief executive officer, manager, company secretary or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit; and any chief executive officer, manager, company secretary or the chief financial officer so appointed may be removed by means of a resolution of the Board;
- b. A director may be appointed as chief executive officer, manager, company secretary or chief financial officer.
79. A provision of the Act or these regulations requiring or authorising a thing to be done by or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief financial officer.

The Seal

80. (i) The Board shall provide for the safe custody of the seal
- (ii) The seal of the company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a committee of the Board authorised by it in that behalf, and except in the presence of at least two directors and of the secretary or such other person as the Board may appoint for the purpose; and those two directors and the secretary or other person aforesaid shall sign every instrument to which the seal of the company is so affixed in their presence.

Dividends and Reserve

81. The company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.
82. Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.
83. (i) The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalising dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, thinks fit.
- (ii) The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.

84. (i) Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the company, dividends may be declared and paid according to the amounts of the shares.
- (ii) No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.
- (iii) All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.
85. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the company on account of calls or otherwise in relation to the shares of the company.
86. (i) Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.
- (ii) Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.
87. Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.
88. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.
89. No dividend shall bear interest against the company.

Provided however that no amount outstanding as unclaimed dividends shall be forfeited unless the claim becomes barred by law.

Accounts

90. (i) The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the company, or any of them, shall be open to the inspection of members not being directors.
- (ii) No member (not being a director) shall have any right of inspecting any account or book or document of the company except as conferred by law or authorised by the Board or by the company in general meeting.

Winding up

91. Subject to the provisions of Chapter XX of the Act and rules made thereunder—
- If the company shall be wound up, the liquidator may, with the sanction of a special resolution of the company and any other sanction required by the Act, divide amongst the members, in specie or kind, the whole or any part of the assets of the company, whether they shall consist of property of the same kind or not.
 - For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.
 - The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

Indemnity

92. Every officer of the company shall be indemnified out of the assets of the company against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in which relief is granted to him by the court or the Tribunal.
